## WUUK W0001

# WUUK Smart Video Doorbell Camera (Model W0001) Instruction Manual

Your guide to smart home security.

## 1. OVERVIEW

The WUUK Smart Video Doorbell Camera provides advanced home security with its 1080p HD video, two-way audio, and intelligent motion detection. Designed for easy installation and flexible storage options, it integrates seamlessly with Alexa for convenient monitoring of your front door.

- **1080p HD Video & Two-Way Audio:** See, hear, and speak to visitors from your phone.
- **PIR Human Detection & Night Vision:** Receive instant notifications for human motion and monitor your property clearly in low light.
- **No Monthly Fees & Flexible Storage:** Store data locally on an SD card or use free 48-hour cloud storage.
- **Alexa Compatible:** View live feeds on Alexa Echo Show devices with voice commands.
- **Easy Installation:** Choose between adhesive tape or screw-on mounting, with battery or existing doorbell wiring options.

## 2. WHAT'S IN THE BOX

Ensure all components are present before beginning installation:

- WUUK Doorbell Camera
- Chime and Plug
- Wall Mount
- Charging Cable
- Releasing Pin
- 'Protect by WUUK' Stickers
- Locating Pad (for screw-on installation)
- Installation Tools & Screws (Screws [5], Anchors [5], Diode [1], Extension Wires [2], Wire Connectors [2])

Image: All components included in the WUUK Smart Doorbell package.

## 3. SETUP & INSTALLATION

---

### 3.1 Initial Charging

Before first use, fully charge the doorbell camera using the provided charging cable. A green indicator light will typically show when fully charged.

### 3.2 Mounting the Doorbell

The WUUK Smart Video Doorbell offers two installation methods: adhesive tape or screw-on. Choose the method best suited for your door surface.

- **Adhesive Tape:** Peel off the red foil from the 3M VHB tape on the backplate and firmly press it onto your desired location. Allow 24 hours for the adhesive to set before attaching the doorbell.
- **Screw-on:** Use the locating pad to mark drill holes. For masonry surfaces (brick, concrete), use a 6mm drill bit for anchors. Secure the backplate with the provided screws.

## Answer Your Door From Anywhere

1080p HD two-way video call

### 3.3 Wiring (Optional)

If you are using existing doorbell wiring (8-24V AC), connect the wires to the terminals on the back of the doorbell. Ensure power is off before handling wires. If your existing wires are too short, use the provided wire extenders and wire nuts.

Video: Detailed instructions on how to install the WUUK Smart Doorbell using 3M tape, screws, or hardwiring to an existing doorbell system.

### 3.4 App Setup & Pairing

Download the WUUK app from your device's app store. Create an account and follow the on-screen prompts to pair your chime and doorbell.

- **Connect to 2.4GHz WiFi:** Ensure your phone is connected to a 2.4GHz WiFi network, as 5GHz networks are not currently supported.
- **Pair Chime:** Plug the chime into a power outlet. Once it says "System Ready", long-press the 'SET' button for 3 seconds until you hear "Ready to pair".
- **Pair Doorbell:** Power on the doorbell. When prompted, scan the QR code displayed in the app with your doorbell camera.

Video: A step-by-step guide on the initial setup process, including pairing the WUUK Smart Doorbell to your smartphone via the app.

## 4. OPERATING INSTRUCTIONS

### 4.1 Live View and Two-Way Audio

Access the live 1080p HD video feed from your smartphone via the WUUK app. Engage in two-way conversations with visitors at your door, or use quick replies when busy.

Video: An overview of the WUUK Smart Video Doorbell's capabilities, including two-way communication and remote access.

### 4.2 Motion Detection & Night Vision

The doorbell features PIR human detection, sending instant notifications to your phone upon detecting motion. Its night vision capabilities ensure clear monitoring even in low-light conditions.

Video: A demonstration of how the WUUK doorbell captures motion, specifically showing squirrel detection at a user's front door.

### 4.3 Storage Options

The doorbell supports local storage via an SD card (not included) inserted into the chime, or free 48-hour cloud storage for recorded events.

### 4.4 Alexa Compatibility

The WUUK Smart Video Doorbell is fully compatible with Alexa devices. Use voice commands like "Alexa, show me the door" to view a live feed on your Echo Show.

Video: A short demonstration of the doorbell's integration with Alexa, showing a user asking Alexa to display the doorbell feed.

## 5. MAINTENANCE

---

### 5.1 Battery Management

The doorbell is equipped with a 6700 mAh rechargeable battery. Battery life can vary based on usage, motion detection frequency, and live view access. Recharge as needed using the provided charging cable.

### 5.2 Cleaning

Wipe the camera lens and doorbell surface with a soft, damp cloth to remove dust and debris. Avoid using harsh chemicals or abrasive materials.

## 6. TROUBLESHOOTING

---

### 6.1 Connectivity Issues

- Ensure your WiFi network is 2.4GHz.
- Verify the chime is properly plugged in and paired.
- If the doorbell frequently disconnects, try moving the chime closer to the doorbell to improve signal strength.

### 6.2 Motion Detection Problems

- Adjust motion sensitivity settings within the WUUK app.
- Ensure the detection area is configured correctly to avoid false alerts from passing vehicles or distant objects.

### 6.3 Battery Draining Quickly

- Frequent motion alerts and live view access can reduce battery life. Adjust settings to optimize.
- If hardwired, ensure the connection is providing sufficient power to charge the battery.

### 6.4 Video Playback Issues

- If using an SD card, ensure it is not corrupted. Replace if necessary.
- Check your internet connection for stable streaming.

## 7. SPECIFICATIONS

---

<b>Model Name</b>	W0001
<b>Indoor/Outdoor Usage</b>	Outdoor
<b>Power Source</b>	Battery Powered (6700 mAh)
<b>Connectivity Protocol</b>	Wi-Fi (2.4GHz)
<b>Video Capture Resolution</b>	1080p
<b>Viewing Angle</b>	162 Radians
<b>Night Vision Range</b>	16 Feet
<b>International Protection Rating</b>	IP65
<b>Compatible Devices</b>	Alexa, Android

<b>Item Dimensions L x W x H</b>	7.44 x 7.44 x 2.48 inches
<b>Item Weight</b>	1.61 Pounds
