

PENN Reel Grease

PENN Reel Grease and Oil Instruction Manual

Comprehensive guide for the proper use and care of PENN Reel Grease and Oil.

INTRODUCTION

This manual provides essential instructions for the safe and effective use of PENN Reel Grease and Oil. These products are designed to lubricate and protect fishing reels, ensuring smooth operation and extending their lifespan. Proper application is crucial for optimal performance and to prevent damage to your equipment.

IMPORTANT SAFETY INFORMATION

Read all safety warnings before use.

- **CAUTION:** If swallowed or in contact with eyes, call a physician immediately.
- **KEEP OUT OF REACH OF CHILDREN AND PETS.**
- **WARNING:** This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, visit www.P65Warnings.ca.gov.

SETUP AND PREPARATION

1. **Gather Tools:** Ensure you have the necessary tools for disassembling your fishing reel, such as screwdrivers, wrenches, and a clean work surface.
2. **Clean Reel Components:** Before applying new grease or oil, thoroughly clean all parts of your fishing reel using a dedicated reel cleaner, such as PENN Cleaner. Remove all old grease, dirt, and debris. Refer to your reel's owner's manual for specific cleaning instructions.
3. **Inspect Components:** While disassembled, inspect all reel components for wear or damage. Replace any worn parts before reassembly and lubrication.

APPLICATION INSTRUCTIONS

PENN Reel Grease and Oil are designed for specific lubrication needs. Always consult your fishing reel's owner's manual for detailed lubrication points and types of lubricant required.

Applying Reel Grease:

- Apply a thin, even layer of PENN Reel Grease to gears, main shafts, and other moving parts that experience high friction and require a thicker lubricant for protection against wear and corrosion.
- Use a small brush or cotton swab for precise application. Avoid over-greasing, as this can attract dirt and hinder performance.

Applying Reel Oil:

- Apply PENN Reel Oil to bearings, line rollers, and other fast-moving components that require a lighter lubricant for smooth, high-speed operation.
- Use a small drop applicator for precise oiling. A single drop is often sufficient for most bearings.

After applying lubricants, carefully reassemble your fishing reel according to the manufacturer's instructions. Test the reel's operation to ensure all parts move freely and smoothly.

ROUTINE MAINTENANCE

Regular maintenance with PENN Reel Grease and Oil will prolong the life of your fishing reel.

- **Frequency:** The frequency of lubrication depends on usage and environmental conditions. For frequent use or saltwater fishing, lubricate your reel more often (e.g., every few trips or monthly). For occasional freshwater use, lubrication every few months or annually may suffice.
- **Post-Fishing Care:** After each fishing trip, especially in saltwater, rinse your reel with fresh water to remove salt and debris. Allow it to dry completely before storage.
- **Storage:** Store your reels in a clean, dry environment away from extreme temperatures.

TROUBLESHOOTING COMMON ISSUES

Issue	Possible Cause	Solution
Reel feels stiff or gritty	Lack of lubrication, old/dirty grease, corrosion, debris in gears.	Disassemble, clean thoroughly with PENN Cleaner, re-lubricate with PENN Grease and Oil as appropriate.
Excessive noise during retrieve	Worn bearings, insufficient oil, misaligned gears.	Check bearings for smooth rotation and oil if dry. Inspect gears for wear or damage.
Bail arm not closing properly	Dirt or corrosion in the bail mechanism, weak spring.	Clean and lightly oil the bail mechanism. If the spring is weak, it may need replacement.

PRODUCT SPECIFICATIONS

Brand: PENN
Model Name: Reel Grease
Material Type: Oil (refers to the lubricant type, not the container)
Special Feature: Proprietary Technology and Formula
Manufacturer: Pure Fishing
ASIN: B08K4GN6G

WARRANTY AND SUPPORT

Specific warranty information for PENN Reel Grease and Oil is not provided in this manual. For details regarding product warranty or technical support, please refer to the official PENN Fishing website or contact PENN customer service directly. Always retain your proof of purchase.
