Formuler GTV-BT1

FORMULER GTV-BT1 Bluetooth Voice Control Remote Control User Manual

Model: **GTV-BT1** | Brand: **Formuler**

INTRODUCTION

The FORMULER GTV-BT1 is a high-end Bluetooth voice control remote designed for compatibility with a wide range of televisions and Formuler devices. This remote enhances your viewing experience with advanced features such as voice assistance, universal TV control, and programmable hotkeys. Its software-upgradeable design ensures expandable capability and future compatibility.

Please note that the remote requires two AA batteries, which are not included with the product.

SETUP

Battery Installation

Open the battery compartment cover on the back of the remote control. Insert two AA batteries, ensuring correct polarity (+/-). Close the battery compartment cover securely.

Important: Batteries are not included and must be purchased separately.

Bluetooth Pairing

To pair your GTV-BT1 remote control with your device, follow these steps:

1. Navigate to the **Settings** menu on your Formuler device.

2. Select **Add accessory** or **Remote & Accessories**.

3. On the GTV-BT1 remote, press and hold the **OK** button and the **3 Sec** button simultaneously until the white LED on the remote flashes.

4. Your device will detect the remote. Select the **FORMULER GTV BT1** from the list of available devices to complete the pairing process.

Universal TV Control Setup (Formuler Remote App)

To enable universal TV control features, you need to use the Formuler Remote application:

1. Go to the **FORMULER Market** on your device.

2. Search for the **"Formuler Remote"** app.

3. Install the **"Formuler Remote"** app.

4. Open the **Formuler Remote** app.

5. Select **"Setup TV IR Control"**.

6. Confirm and continue through the prompts.

7. Answer **Yes** or **No** to the question "Is this a Samsung TV?".

8. Choose or search for your TV brand.

9. Select your TV brand from the search results.

10. Press **"Test Now"** to begin TV code test.
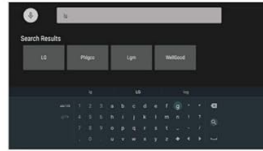

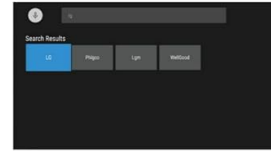

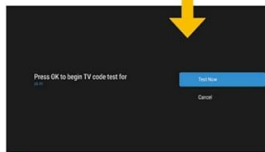

11. Observe if the TV volume changes.
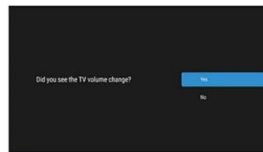

12. Select **Yes** if the TV volume changed.

13. Wait for the update to complete.

Image: Step-by-step visual instructions for setting up universal TV control using the Formuler Remote application.

OPERATING

Toggle TV/STB Mode

To switch between TV and STB (Set-Top Box) control modes:

- Press and hold the **TV/STB** button for 3 seconds.
- The LED color will indicate the current mode:
  - **Red LED:** TV Mode (IR Control)
  - **White LED:** STB Mode (Bluetooth Control)

Programmable Hotkeys

The GTV-BT1 remote allows you to customize certain hotkeys for quick access to your preferred functions:

1. Open the **Formuler Remote** app on your device.
2. Select **"Setup Hotkeys"**.
3. Choose the specific hotkey you wish to program.
4. Select the desired behavior or action for that hotkey.

MAINTENANCE
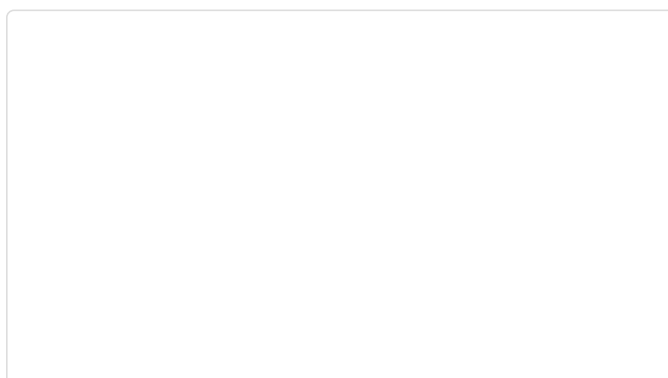

Battery Replacement

When the remote's performance degrades or it stops responding, it's likely time to replace the batteries. Always use two new AA batteries. Ensure the battery compartment springs make proper contact with the battery terminals. If you experience issues with battery contact, gently stretch the springs to ensure a firm connection.

Cleaning

To clean your remote control, use a soft, dry cloth. For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid using harsh chemicals or abrasive materials, as these can damage the remote's surface or internal components.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Remote not responding or pairing.	Low or dead batteries; incorrect battery installation; remote out of range; interference; not properly paired.	Replace batteries with new AA batteries, ensuring correct polarity. Re-attempt Bluetooth pairing as per the "Setup" section. Ensure no obstructions between the remote and device. Move closer to the device.
Voice control not working.	Microphone blocked; app permissions not granted; device not connected to internet; voice assistant not configured.	Ensure the microphone on the remote is not covered. Check app permissions on your device for the Formuler Remote app and Google Assistant. Verify your device has an active internet connection. Ensure Google Assistant is set up on your device.
Specific buttons not working (e.g., OK button, volume).	Incorrect mode (TV/STB); app compatibility issues; remote not fully configured for TV control.	Toggle between TV and STB modes by holding the TV/STB button for 3 seconds. Ensure the Formuler Remote app is installed and TV IR control is properly set up for universal functions. Some buttons may have limited functionality with non-Formuler devices.
Remote loses connection frequently.	Weak battery contact; excessive distance; interference.	Check battery compartment for loose batteries or weak springs; gently stretch springs if needed. Reduce distance between remote and device. Minimize other Bluetooth devices nearby.
Cannot find or install Formuler Remote app.	App only available on Formuler Market; device incompatibility.	Ensure you are accessing the app from the official FORMULER Market on a compatible Formuler device. The app may not be available on other app stores (e.g., Google Play Store) or for non-Formuler devices.

SPECIFICATIONS

Feature	Detail
Model Number	YE YONG SHENG (GTV-BT1)
