LYCHL Q22

LYCHL Q22 Bluetooth Headphones

User Manual

Model: Q22 | Brand: LYCHL

INTRODUCTION

Thank you for choosing the LYCHL Q22 Bluetooth Headphones. These wireless in-ear headphones are designed to provide a superior audio experience with advanced features such as Bluetooth 5.0 connectivity, CVC 8.0 noise cancellation, and IP7 waterproof protection. The included charging case offers extended battery life and convenient portability. This manual will guide you through the setup, operation, and maintenance of your new headphones.

1. PACKAGE CONTENTS

Please check the package to ensure all items are present:

- LYCHL Q22 Bluetooth Headphones (Left and Right Earbuds)
- Portable Charging Case
- USB Charging Cable (Micro USB)
- Silicone Ear Tips (S, M, L sizes)
- User Manual

2. SETUP

2.1 Initial Charging

Before first use, fully charge the headphones and the charging case.

1. Remove the protective film from the charging contacts on both earbuds.
2. Place both earbuds into the charging case. Ensure they are correctly seated and the charging indicators on the case light up.
3. Connect the USB charging cable to the charging port on the case and plug the other end into a USB power adapter (not included) or a computer USB port.
4. The LED display on the charging case will show the battery percentage. Allow the case and earbuds to charge until the display shows 100%.

Image: The LYCHL Q22 earbuds charging in their case, illustrating the 5 hours of earbud playtime and 100 hours of total playtime with the charging case. It also highlights that a 10-minute charge provides 1 hour of listening time.

2.2 Pairing with Your Device (One-Step Pairing)

The LYCHL Q22 headphones feature one-step pairing for quick and easy connection.

1. Open the charging case and take out both earbuds. They will automatically power on and enter pairing mode.

2. On your smartphone or Bluetooth-enabled device, go to the Bluetooth settings and search for available devices.
3. Select "Q22" from the list of devices to connect.
4. Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.
5. After the initial pairing, the earbuds will automatically connect to the last paired device when taken out of the case.

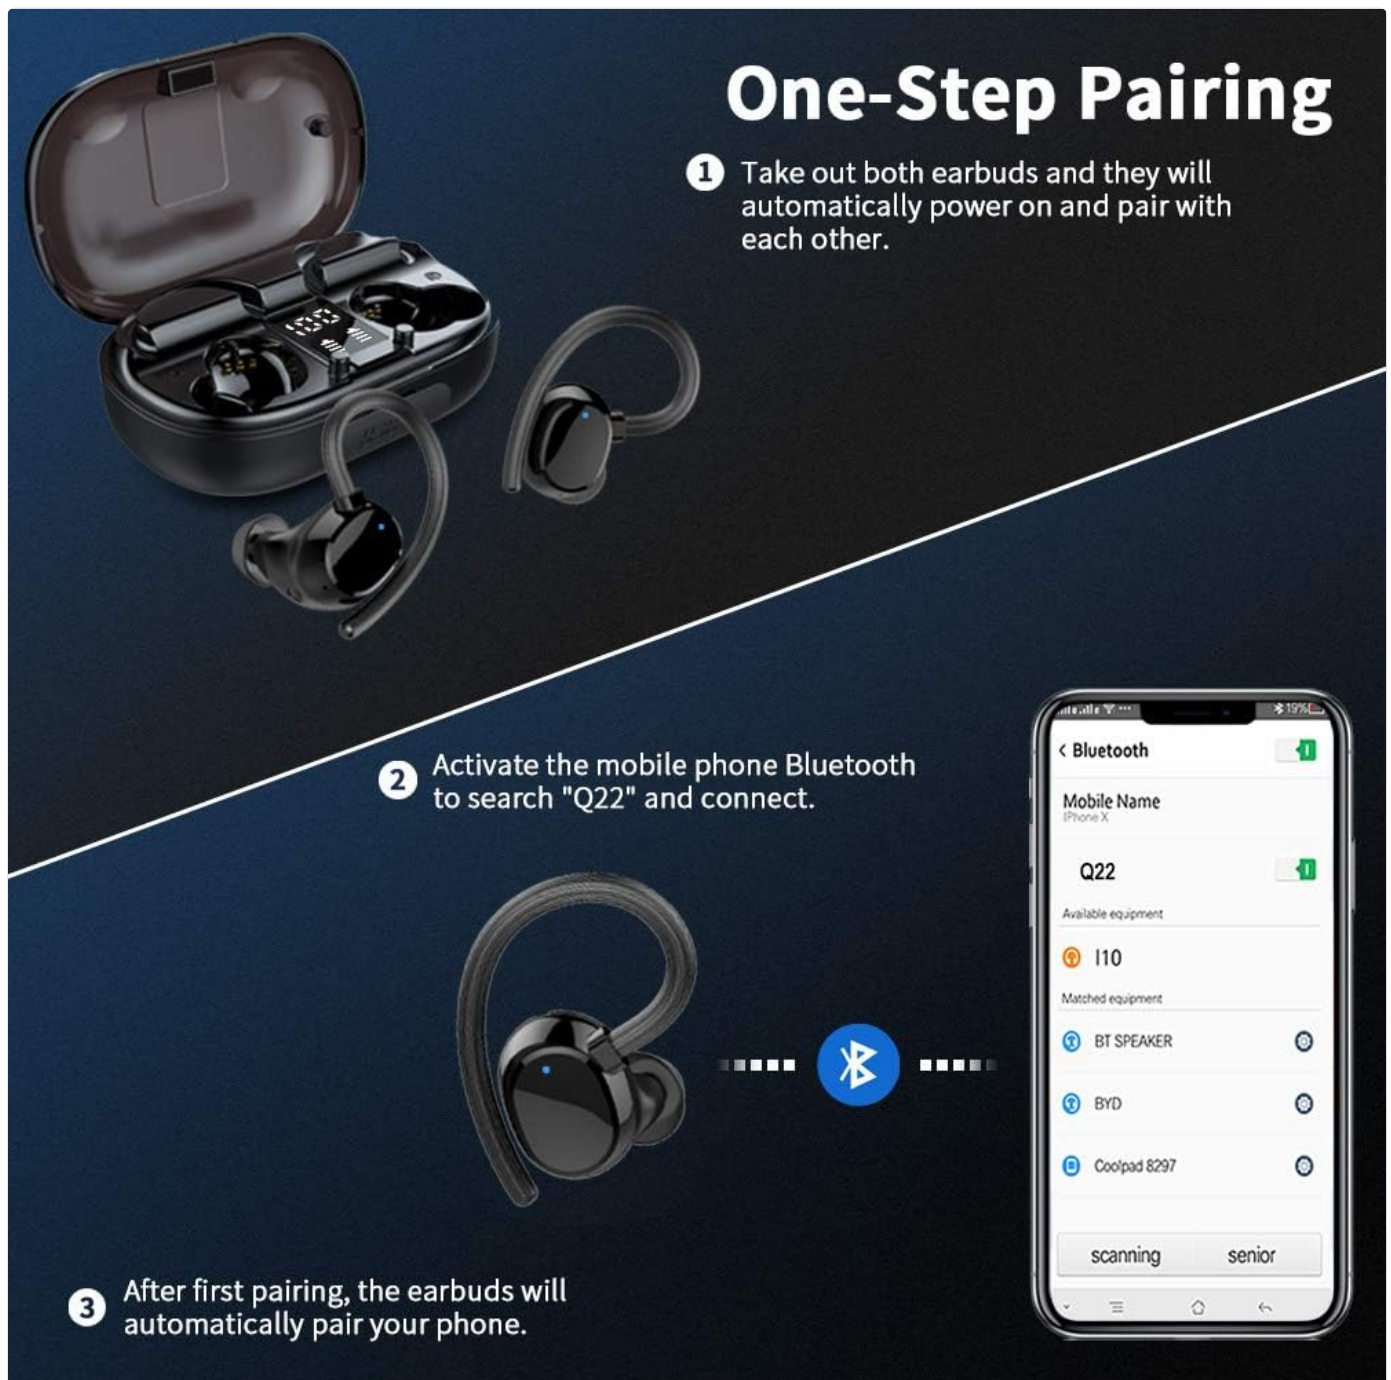

Image: A visual guide demonstrating the one-step pairing process. It shows taking the earbuds out of the case, activating Bluetooth on a mobile phone to search for "Q22", and the automatic re-pairing after the first connection.

2.3 Fitting the Earbuds

For optimal sound quality and comfort, choose the correct ear tip size and ensure a secure fit.

- Try different sizes of silicone ear tips (S, M, L) to find the best fit for your ears. A good seal is crucial for bass response and noise isolation.
- Gently insert the earbud into your ear canal and rotate it slightly until it feels secure and comfortable.
- The flexible ear hooks should rest comfortably over your ears, providing additional stability, especially during

physical activity.

Image: A person wearing the LYCHL Q22 earbuds, highlighting the elastic and soft ear hooks for a secure fit, the ergonomic design, and the various sizes of replacement ear tips (S, M, L) provided for personalized comfort.

3. OPERATING INSTRUCTIONS

3.1 Power On/Off

- **Power On:** The earbuds automatically power on when removed from the charging case.
- **Power Off:** Place the earbuds back into the charging case to automatically power them off and begin charging. Alternatively, long-press the touch control area on either earbud for approximately 5 seconds to manually power off.

3.2 Touch Controls

The LYCHL Q22 headphones feature intuitive touch controls on each earbud.

Function	Action
Play/Pause	Single tap on either earbud.
Volume Up	Long press on the right earbud.
Volume Down	Long press on the left earbud.
Next Track	Double tap on the right earbud.
Previous Track	Double tap on the left earbud.
Answer/End Call	Single tap on either earbud during an incoming call.
Reject Call	Long press on either earbud during an incoming call.
Activate Voice Assistant	Triple tap on either earbud.

3.3 Charging the Earbuds

The earbuds charge automatically when placed inside the charging case, provided the case has power.

- Place the earbuds into their respective slots in the charging case.
- The LED indicators on the earbuds will show charging status, and the case display will show the earbud battery levels.
- A full charge for the earbuds takes approximately 50 minutes.

3.4 Charging the Case and Power Bank Function

The charging case itself needs to be recharged to provide power to the earbuds. It also features a USB-A output port to function as a power bank for other devices.

- Connect the Micro USB cable to the charging port on the case and a USB power source.
- The LED display will show the case's battery percentage during charging.
- To use the power bank function, connect your device's charging cable to the USB-A output port on the charging case. Note that using this feature will deplete the case's battery faster.

4. MAINTENANCE

4.1 Cleaning

- Regularly clean the earbuds, ear tips, and charging contacts with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water if necessary, ensuring they are completely dry before reattaching.
- Do not use abrasive cleaners or solvents.

4.2 Water Resistance (IPX7)

The LYCHL Q22 headphones are IPX7 waterproof, meaning they can withstand submersion in up to 1 meter of water for 30 minutes. This makes them suitable for sports and protection against rain and sweat.

- Do not intentionally submerge the charging case, as it is not waterproof.
- After exposure to water or sweat, ensure the earbuds are completely dry before placing them back into the charging case to prevent damage to the charging contacts.

IPX7 Waterproof

No fear rain and sweat during sports.

4.3 Storage

When not in use, store the headphones in their charging case to protect them and keep them charged.

5. TROUBLESHOOTING

If you encounter any issues with your LYCHL Q22 headphones, please refer to the following common solutions:

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
Earbuds not pairing with device.	• Ensure earbuds are fully charged. • Make sure Bluetooth is enabled on your device. • Forget "Q22" from your device's Bluetooth list and try pairing again. • Place both earbuds back into the case, close it, wait a few seconds, then take them out again to reset.
Only one earbud is working.	• Ensure both earbuds are charged. • Place both earbuds back into the charging case, close the lid, and then take them out together. This should force them to re-sync. • Clean the charging contacts on both earbuds and inside the case.
No sound or low volume.	• Increase the volume on both your device and the earbuds. • Ensure the earbuds are properly seated in your ears for a good seal. • Check if the earbuds are connected to the correct device.
Charging case not charging.	• Try a different USB cable and power adapter. • Ensure the charging cable is securely connected to the case's port.
