KEY FEATURES

- **All-in-One Entertainment Hub:** Pre-installed apps like Prime Video and YouTube for instant streaming.
- **Upgraded 1080P HD Video:** Enhanced LED light source with 50% increased brightness and Full HD support.
- **WiFi 6 Lightning Connect:** Faster speeds for connections and seamless wireless screen mirroring from iOS/Android devices.
- **Two-way Bluetooth 5.2:** Connect to external Bluetooth speakers for immersive audio or use the projector as a Bluetooth speaker.
- **Multi-Device HDMI/USB Ports:** Versatile connectivity for gaming consoles, laptops, Fire Sticks, and other devices.
- **50%-100% Zoom Function:** Adjust screen size without moving the projector.
- **Automatic Sleep Function:** Set a timer for automatic shutdown.

SETUP

1. Unboxing and Initial Inspection

Carefully remove all components from the packaging. Ensure all items listed in the 'What's in the Box' section are present and undamaged.

2. Power Connection

Connect the power cord to the projector's power input and then to a power outlet. The power indicator light will illuminate.

3. Placement

Place the projector on a stable, flat surface. For optimal viewing, position the projector perpendicular to your projection surface (wall or screen). The projector can be placed on a table, shelf, or mounted on a tripod (not included).

4. Focus and Keystone Adjustment

Turn on the projector. Adjust the focus ring on the lens until the projected image is clear and sharp. Use the keystone correction slider to adjust the image shape if it appears trapezoidal, ensuring a rectangular display.

5. Connecting Devices

The projector supports multiple input sources:

- **HDMI:** Connect gaming consoles, laptops, TV sticks, etc., using an HDMI cable.
- **USB:** Insert a USB drive for media playback.
- **TF Card:** Insert a TF (MicroSD) card for media playback.
- **WiFi 6:** Connect to your home network for built-in app access and wireless screen mirroring.
- **Bluetooth 5.2:** Pair with external Bluetooth speakers or use the projector as a Bluetooth speaker.

OPERATING INSTRUCTIONS

1. Power On/Off

Press the power button on the projector or the remote control to turn the device on or off.

2. Navigation

Use the directional buttons and 'OK' button on the projector's control panel or the remote control to navigate through menus and select options.

3. Source Selection

From the home screen, select your desired input source (HDMI, USB, TF, or built-in apps) using the navigation buttons.

4. Using Built-in Apps

Connect the projector to a WiFi 6 network. Navigate to the 'Apps' section on the home screen to access pre-installed applications like Prime Video and YouTube. Ensure a stable internet connection for smooth streaming.

MAINTENANCE

1. Cleaning

Regularly clean the projector lens with the provided cleaning kit or a soft, lint-free cloth. Avoid using abrasive cleaners. Keep the projector's ventilation openings clear of dust and debris to ensure proper cooling.

2. Storage

When not in use, cover the lens with the protective cap. Store the projector in a cool, dry place away from direct sunlight and extreme temperatures.

Multimedia Compatibility
