## 4. SETUP

### 4.1 Initial Charging

Before first use, fully charge the Zigbuds and their charging case. Connect the provided Micro USB cable to the charging port on the case and plug the other end into a USB power source. The LED indicators on the case will show the charging status.

### 4.2 First-Time Pairing

1. Open the charging case. The earbuds will automatically power on and enter pairing mode.
2. On your device (smartphone, tablet, etc.), enable Bluetooth.
3. Search for available Bluetooth devices and select "Boult Audio Zigbuds" from the list.
4. Once connected, you will hear a confirmation prompt, and the LED indicator on the earbuds will change.

## 5. OPERATING INSTRUCTIONS

## 5.1 Auto Pairing

After the initial successful pairing, the Zigbuds will automatically connect to your last paired device as soon as you take them out of the charging case. There is no need to manually pair them each time.

## 5.2 One-Touch Control

The multifunction button on each earbud allows for easy control of music and calls:

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud during an incoming call.
- **Reject Call:** Long press on either earbud during an incoming call.

## 5.3 Voice Assistant

Activate your device's voice assistant (Siri or Google Assistant) by triple tapping on either earbud. This allows for hands-free control and access to various functions.

## 5.4 Monopod Feature

The Zigbuds can be used independently. After successful pairing, you can use a single earbud (left or right) as a monopod to listen to music or take calls, while the other earbud remains in the charging case.

## 6. CHARGING

---

The Zigbuds offer up to 5.5 hours of playback on a single charge. The portable charging case provides an additional 4 charges, extending the total playtime to up to 24 hours. Always ensure the charging case is adequately charged for on-the-go power.

## 7. MAINTENANCE

---

To maintain the longevity and performance of your Boult Audio AirBass Zigbuds:

- Keep the earbuds and charging case clean and dry. Use a soft, dry cloth for cleaning.
- Avoid exposing the device to extreme temperatures or direct sunlight for prolonged periods.
- The earbuds are IPX5 water resistant, meaning they can withstand splashes and sweat. Do not submerge them in water.
- Store the earbuds in their charging case when not in use to protect them and keep them charged.

## 8. TROUBLESHOOTING

---

If you encounter any issues with your Boult Audio AirBass Zigbuds, please refer to the following common solutions:

- **Earbuds not pairing:** Ensure both earbuds are charged. Place them back in the case, close it, then open it again to re-enter pairing mode. Check your device's Bluetooth settings and try reconnecting.
- **Only one earbud working:** Try resetting the earbuds. Ensure both earbuds are out of the case and connected. If the issue persists, try re-pairing them with your device.
- **No sound:** Check the volume levels on both your device and the earbuds. Ensure the earbuds are properly connected to your device.

- **Charging issues:** Verify that the charging cable is securely connected to both the case and the power source. Ensure the charging pins on the earbuds and inside the case are clean.

For more detailed troubleshooting or persistent issues, please contact GOBOULT customer support.
