Gardena 18622-20

Gardena Wall-Mounted Hose Box RollUp M/L (Model 18622-20) - Instruction Manual

Brand: Gardena | Model: 18622-20

1. INTRODUCTION

This manual provides comprehensive instructions for the safe and efficient use of your Gardena Wall-Mounted Hose Box RollUp M/L. Please read these instructions carefully before initial use and keep them for future reference.

Product Overview

The Gardena Wall-Mounted Hose Box RollUp M/L is designed for flexible and convenient watering of medium to large gardens. It features an automatic hose retraction system, a swiveling wall bracket, and includes a 25-meter Gardena quality hose along with all necessary mounting tools.

Figure 1: Gardena Wall-Mounted Hose Box RollUp M/L, white model.

2. SETUP AND INSTALLATION

2.1 Unpacking

Carefully remove all components from the packaging. Ensure all parts listed in the packing contents are present.

2.2 Mounting the Wall Bracket

The hose box is designed for wall mounting. Choose a suitable location on a sturdy wall, ensuring sufficient space for the box to swivel.

1. Position the wall bracket at the desired height and mark the drilling points.
2. Drill holes using an appropriate drill bit for your wall material.
3. Insert the provided wall plugs into the drilled holes.
4. Secure the wall bracket to the wall using the supplied screws. Ensure it is firmly attached.

Compact en flexibel

De houder wordt aan de muur bevestigd met een beugel en kan meer dan 180 graden worden gedraaid.

Figure 2: The hose box securely mounted on a wall, demonstrating its compact and flexible design.

2.3 Connecting the Hose Box to the Water Supply

Connect the short connection hose from the hose box to your garden tap. Ensure all connections are tight to prevent leaks.

Klaar voor gebruik

Inclusief alle noodzakelijke onderdelen voor direct bewa-
teren - mondstuk met twee verschillende sproei-opties.

Figure 4: Detailed view of the hose box, showing the included connectors and spray nozzle for versatile watering.

3. OPERATING INSTRUCTIONS

3.1 Extending the Hose

To extend the hose, simply pull it out to the desired length. The hose will lock into place at short intervals. You will hear a click when it locks.

Moeiteloos gebruik

Eenvoudig uittrekken met korte vergrendelpunten.

Figure 5: A person effortlessly extending the hose from the wall box, highlighting the easy-pull mechanism.

3.2 Retracting the Hose (RollControl Technology)

To retract the hose, pull it gently once more until you hear a click, then release it. The integrated spring mechanism and RollControl technology will automatically and evenly retract the hose into the box without kinking or tangling.

Automatisch opwikkelen, geen wirwar

Veilig en betrouwbaar intrekken dankzij RollControl-technologie en geïntegreerde slanggeleiding.

Figure 6: A person retracting the hose, demonstrating the automatic winding feature that prevents tangles.

3.3 Using the Spray Nozzle

The included spray nozzle offers two different spray options for various watering needs. Adjust the spray pattern by rotating the nozzle head.

3.4 Swiveling Function

The hose box can swivel more than 180 degrees on its wall bracket, allowing for flexible watering in all directions of your garden.

Video 1: This official Gardena video demonstrates the key features and ease of use of the Wall-Mounted Hose Box RollUp, including hose extension, automatic retraction, and the swiveling function.

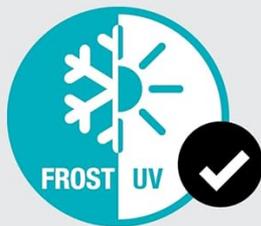

4. MAINTENANCE

4.1 General Care

Clean the hose box and hose regularly with a damp cloth to remove dirt and debris. Avoid using harsh chemicals that could damage the plastic components.

4.2 Frost Protection

Thanks to Gardena's innovative frost protection technology, the Wall-Mounted Hose Box RollUp M/L is designed to be frost-resistant and can remain outdoors all year round. However, for optimal longevity, it is recommended to drain any remaining water from the hose and connections before the first frost.

Uv- en vorstbescherming

Kan het hele jaar door worden gebruikt, dankzij hoogwaardige materialen.

5. TROUBLESHOOTING

If you encounter any issues with your Gardena Wall-Mounted Hose Box, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Hose does not retract smoothly.	Hose is kinked or tangled inside the box. Debris might be obstructing the mechanism.	Pull the hose out completely and then allow it to retract slowly and evenly. Check the hose guide for any obstructions.
Water leaks from connections.	Connections are not tight enough or O-rings are damaged.	Ensure all connections are securely tightened. Check O-rings for wear and replace if necessary.
Hose does not lock when pulled out.	Locking mechanism might be dirty or damaged.	Gently pull and release the hose several times. If the problem persists, contact Gardena customer support.

6. TECHNICAL SPECIFICATIONS

Feature	Detail
Brand	Gardena
Model Number	18622-20
Hose Length	25 meters
Hose Diameter	13 mm
Product Dimensions (L x W x H)	66.5 x 27 x 51 cm
Item Weight	12.3 kg
Material	Plastic
Color	White
Installation Type	Wall-mounted
Operating Mode	Automatic
Country of Origin	Slovenia

10.9 kg / 24.0 lbs
