## 1. PRODUCT OVERVIEW

The JVC Gumy HAFX7AN in-ear earbud headphones are designed to provide a comfortable listening experience with powerful sound. Featuring soft elastomer earbuds for a secure fit and superior sound isolation, these wired headphones are equipped with neodymium drivers for deep bass and clear treble. They come with a 3.3-foot color-matched cord and a standard 3.5mm gold-plated headphone plug, compatible with a wide range of devices.

### Key Features:

- Powerful Sound:** Experience deep bass and clean treble for ultra-clear audio.
- Comfort Fit Ear Tips:** Soft, color-matched elastomer ear tips ensure a comfortable and secure fit. Available in small, medium, and large sizes.
- Long Cord:** A 3.3 ft (approximately 1 meter) color-matched cord provides ample length for connection.
- Standard Connectivity:** Features a 3.5mm audio plug for universal compatibility with various devices.
- Sound Isolation:** Designed to provide superior sound isolation for an immersive listening experience.

## 2. SETUP

### 2.1 Selecting the Correct Ear Tips

For optimal sound quality and comfort, it is crucial to select the correct size ear tips. The JVC Gumy HAFX7AN earbuds come with small (S), medium (M), and large (L) silicone ear tips.

- 1. Experiment with Sizes:** Try each size to determine which provides the most comfortable and secure fit in your ear canal. A good fit will block out ambient noise effectively and deliver the best bass response.
- 2. Replacing Ear Tips:** Gently pull off the pre-installed ear tips. Align the new ear tip with the earbud nozzle and push it firmly until it is securely attached.

## 2.2 Connecting to Your Device

The JVC Gumy HAFX7AN earbuds feature a universal 3.5mm audio jack for wired connection.

- Locate Audio Port:** Identify the 3.5mm audio jack on your smartphone, tablet, computer, or other compatible audio device.
- Insert Plug:** Firmly insert the 3.5mm audio plug of the earbuds into the device's audio jack until it clicks into place.
- Verify Connection:** Play audio on your device to confirm that sound is being transmitted through the earbuds.

These earbuds are compatible with devices such as iPhone, iPod, iPad, and Android smartphones that feature a 3.5mm audio port.

## 3. OPERATING INSTRUCTIONS

### 3.1 Audio Playback

Once connected, audio playback is controlled directly from your connected device.

- Volume Control:** Adjust the volume using the volume controls on your connected device.
- Play/Pause/Skip:** These earbuds do not feature inline media controls. Please use your connected device to play, pause, or skip tracks.

### 3.2 Wearing the Earbuds

Insert the earbuds gently into your ear canals. The left earbud is typically marked with an 'L' and the right with an 'R'. Ensure a snug fit to maximize sound isolation and audio quality.

## 4. MAINTENANCE

Proper care will extend the lifespan of your JVC Gumy earbuds.

- Cleaning Ear Tips:** Regularly remove the silicone ear tips and clean them with a soft, damp cloth. Allow them to dry completely before reattaching.
- Cleaning Earbuds:** Wipe the earbud bodies with a dry, soft cloth. Avoid using harsh chemicals or abrasive materials.
- Cable Care:** Avoid sharply bending or twisting the cable, especially near the connectors, to prevent internal wire damage.
- Storage:** When not in use, store the earbuds in a clean, dry place, away from extreme temperatures and

direct sunlight.

## 5. TROUBLESHOOTING

| Problem                       | Possible Cause   | Solution  |
|-------------------------------|--|---|
| No sound or low volume        | <ul style="list-style-type: none"><li>Earbuds not fully plugged in.</li><li>Device volume is too low or muted.</li><li>Incorrect ear tip size.</li><li>Audio source issue.</li></ul> | <ul style="list-style-type: none"><li>Ensure the 3.5mm plug is fully inserted into the device's audio jack.</li><li>Increase the volume on your connected device.</li><li>Try different sized ear tips for a better seal.</li><li>Test with another audio source or device.</li></ul> |
| Sound distortion or crackling | <ul style="list-style-type: none"><li>Loose connection.</li><li>Damaged cable.</li><li>High volume levels.</li></ul>   | <ul style="list-style-type: none"><li>Check that the plug is securely inserted.</li><li>Inspect the cable for any visible damage.</li><li>Reduce the volume on your device.</li></ul>   |
| Earbuds fall out easily       | <ul style="list-style-type: none"><li>Incorrect ear tip size.</li></ul>  | <ul style="list-style-type: none"><li>Try a larger size ear tip for a more secure fit.</li></ul>  |
