Setup Instructions

The Merkury 3-in-1 Device Stand is designed for easy setup. It requires your existing Apple Lightning cables and Apple Watch charger (not included) to function as a charging station.

1. **Prepare Cables:** Gather your Apple Lightning cables (for iPhone and AirPods) and your Apple Watch magnetic charging cable.
2. **Route iPhone Cable:** Carefully route one Apple Lightning cable through the designated channel for the iPhone stand. Ensure the Lightning connector protrudes from the bottom of the stand's phone slot.
3. **Route AirPods Cable:** Route a second Apple Lightning cable through the channel for the AirPods charging case slot. The Lightning connector should be positioned to connect to the AirPods case.
4. **Install Apple Watch Charger:** Insert your Apple Watch magnetic charging cable into the circular cutout for the Apple Watch. The magnetic charging puck should sit flush within the cutout. Route the cable through the provided channel underneath the stand.
5. **Connect to Power:** Connect the USB ends of all routed cables to a multi-USB power adapter (not included).
6. **Place Devices:** Place your iPhone, AirPods charging case, and Apple Watch onto their respective positions on the stand.

Operating Instructions

Once set up, the Merkury 3-in-1 Device Stand operates by simply placing your compatible devices onto their designated charging points.

- **iPhone Charging:** Place your iPhone vertically into the front slot. The Lightning connector will engage, initiating charging. The stand holds the iPhone upright for easy viewing.

- **AirPods Charging:** Insert your AirPods charging case into the dedicated slot. The Lightning connector will connect, and charging will begin.
- **Apple Watch Charging:** Place your Apple Watch onto the magnetic charging puck. The watch will magnetically align and begin charging. The stand positions the Apple Watch to function as a decorative timepiece.
- **Fast Charging:** The stand supports fast charging, provided your connected USB power adapter and cables also support fast charging.

Maintenance

To ensure the longevity and proper function of your Merkury 3-in-1 Device Stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the stand with a soft, dry, or slightly damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the plastic material.
- **Cable Management:** Periodically check that cables are securely routed within the stand's channels to prevent tangling or damage.
- **Storage:** When not in use for extended periods, store the device stand in a cool, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

If you encounter issues with your Merkury 3-in-1 Device Stand, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device not charging.	• Cable not properly connected. • Faulty charging cable. • Power adapter not connected or faulty. • Device not correctly seated on the connector.	• Ensure all cables are firmly plugged into the power adapter and the device stand. • Test the charging cable with another device or use a different cable. • Verify the power adapter is plugged into a working outlet and functioning correctly. • Remove and re-seat the device on the stand, ensuring the connector aligns properly.
Stand feels unstable.	• Uneven surface. • Cables not routed correctly, causing bulging.	• Place the stand on a flat, stable surface. • Re-route cables to ensure they lie flat within the designated channels.
