

TODALE WL802-HYQ-SBN003

Todale Baby Playpen - 79 x 70 in, Gray

Model: WL802-HYQ-SBN003 | Brand: TODALE

INTRODUCTION

This manual provides essential instructions for the safe and proper assembly, operation, and maintenance of your Todale Baby Playpen. Designed to offer a secure and stimulating environment for babies and toddlers, this playpen features a robust steel frame, durable Oxford fabric, and breathable mesh panels for 360-degree visibility. Its foldable design ensures portability and easy storage.

Key Features:

- **Durable Safety Design:** Robust steel frame and Oxford fabric construction with non-slip stability.
- **Spacious Play Area:** Measures 79" x 70" for ample play space.
- **Easy Visibility and Interaction:** 360-degree mesh panels and external gate zipper.
- **Effortless Portability:** Simple assembly/disassembly with rust-proof alloy pipes and ABS joints, includes a storage bag.
- **Comfort Zone:** Suitable for indoor play, providing a safe and contained area.

SAFETY INFORMATION

WARNING: Failure to follow these instructions could result in serious injury or death.

- Always supervise children when they are in the playpen.
- Ensure all components are correctly and securely assembled before placing a child inside.
- Do not use if any parts are broken, torn, or missing.
- Keep the playpen away from open flames, heaters, and other heat sources.
- Do not place items with strings or cords around the child's neck or within reach, as they can pose a strangulation hazard.
- The maximum weight recommendation for this playpen is 40 pounds.

- Recommended for toddlers and babies aged 6 months to 2 years.
- Regularly inspect the playpen for any signs of wear, damage, or loose parts.

SETUP INSTRUCTIONS

Assembly of the Todale Baby Playpen is designed to be straightforward and can typically be completed in approximately 10 minutes without the need for additional tools.

1. **Prepare the Base:** Spread the main fabric sheet flat on a clean, level surface. Gather all the pole components.
2. **Insert Poles:** Insert the longer poles through the designated pockets along the bottom edge of the fabric sheet (floor) and then through the vertical wall pockets.
3. **Connect Upper Frame:** Attach the upper poles to the corner and T-shaped fasteners. Ensure all connections are firm and secure. The corner connectors are designed to prevent bumps.
4. **Attach Handles:** Securely attach the provided pull handles/rings to the upper walls of the playpen. These handles assist children in standing up.

OPERATING INSTRUCTIONS

Accessing the Playpen:

The Todale Baby Playpen features an external zipper door for convenient access. To open, locate the zipper on one of the mesh panels and carefully unzip it. This allows children to crawl in and out independently or provides easy access for parents. Ensure the zipper is fully closed when you need to keep the child securely inside.

Easy Access with External Zipper Design

Figure 2: External zipper door for easy entry and exit.

Using the Pull Handles:

The included pull handles can be attached to the top rail of the playpen. These handles provide support for babies learning to stand and walk, encouraging their motor skill development within a safe environment.

MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your playpen.

- **Cleaning:** The fabric components of the playpen are designed for easy cleaning. Hand wash with mild

soap and water. Air dry thoroughly before reassembly or storage.

- **Frame Care:** Wipe down the alloy steel frame and ABS plastic joints with a damp cloth as needed. Avoid harsh chemicals that could damage the materials.
- **Storage:** When not in use, disassemble the playpen and store it in the provided carry bag in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

If you encounter any issues with your Todale Baby Playpen, please refer to the following common solutions:

- **Playpen feels unstable:** Ensure all poles are fully inserted into their connectors and that the non-slip suction cups on the bottom corners are firmly pressed onto a smooth, clean surface.
- **Difficulty with assembly:** Double-check that you are using the correct poles for each section (floor, vertical, upper) and that they are oriented correctly before attempting to connect them. Refer to the setup instructions.
- **Zipper not functioning smoothly:** Ensure the fabric around the zipper is not caught. Apply a small amount of zipper lubricant if necessary.
- **Mesh or fabric damage:** Discontinue use immediately if any mesh or fabric is torn or damaged to prevent injury. Contact customer support for replacement parts or guidance.
