Ariete 2757 22V Lithium Cordless Electric Broom User Manual

Model: 00P275700AR0

1. INTRODUCTION

Thank you for choosing the Ariete 2757 22V Lithium Cordless Electric Broom. This versatile 2-in-1 appliance functions as both a powerful stick vacuum and a convenient handheld vacuum, designed for efficient cleaning of various surfaces. Its lightweight and cordless design ensures maximum maneuverability and ease of use throughout your home.

2. SAFETY INSTRUCTIONS

Please read all safety warnings and instructions carefully before using this appliance to prevent electric shock, fire, and/or serious injury.

- Ensure the power supply voltage matches the voltage indicated on the appliance.
- Do not immerse the appliance, battery, or charger in water or other liquids.

- Keep hair, loose clothing, fingers, and all parts of the body away from openings and moving parts.
- Do not pick up flammable or combustible materials, such as gasoline, or use in areas where they may be present.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Turn off the appliance before making any adjustments, changing accessories, or storing.
- Store the appliance indoors in a cool, dry place.

3. PACKAGE CONTENTS

Verify that all items are present and in good condition upon opening the package:

- Ariete 2757 22V Lithium Cordless Electric Broom (main unit)
- Motorized brush with LED lights
- Crevice tool
- Fabric accessory
- Wall-mount support
- Power adapter/charger

4. SETUP

4.1 Assembly

1. Insert the aluminum tube into the main motor unit until it clicks into place.
2. Attach the motorized brush head to the other end of the aluminum tube, ensuring it locks securely.
3. For handheld use, attach desired accessories (crevice tool, fabric accessory) directly to the main motor unit.

4.2 Charging the Battery

Before first use, fully charge the battery. The lithium-ion battery provides up to 45 minutes of autonomy and recharges in approximately 4 hours.

1. Connect the power adapter to the charging port on the main motor unit.
2. Plug the adapter into a wall outlet.
3. The battery indicator lights will illuminate during charging and turn off or change color when fully charged.

5. OPERATING INSTRUCTIONS

5.1 Powering On/Off

Press the power button located on the handle to turn the vacuum on. Press it again to turn off the appliance.

5.2 Using as a Stick Vacuum

For floor cleaning, attach the aluminum tube and motorized brush head. The slim and lightweight design allows for easy maneuverability under furniture and into corners.

Image 5.2: The lightweight design allows for easy cleaning of high-up areas.

5.3 Using as a Handheld Vacuum

To convert to a handheld vacuum, detach the aluminum tube and attach the desired accessory directly to the main motor unit. This mode is ideal for cleaning sofas, shelves, car interiors, and other hard-to-reach areas.

Image 5.3: Using the Ariete 2757 as a handheld vacuum for upholstery.

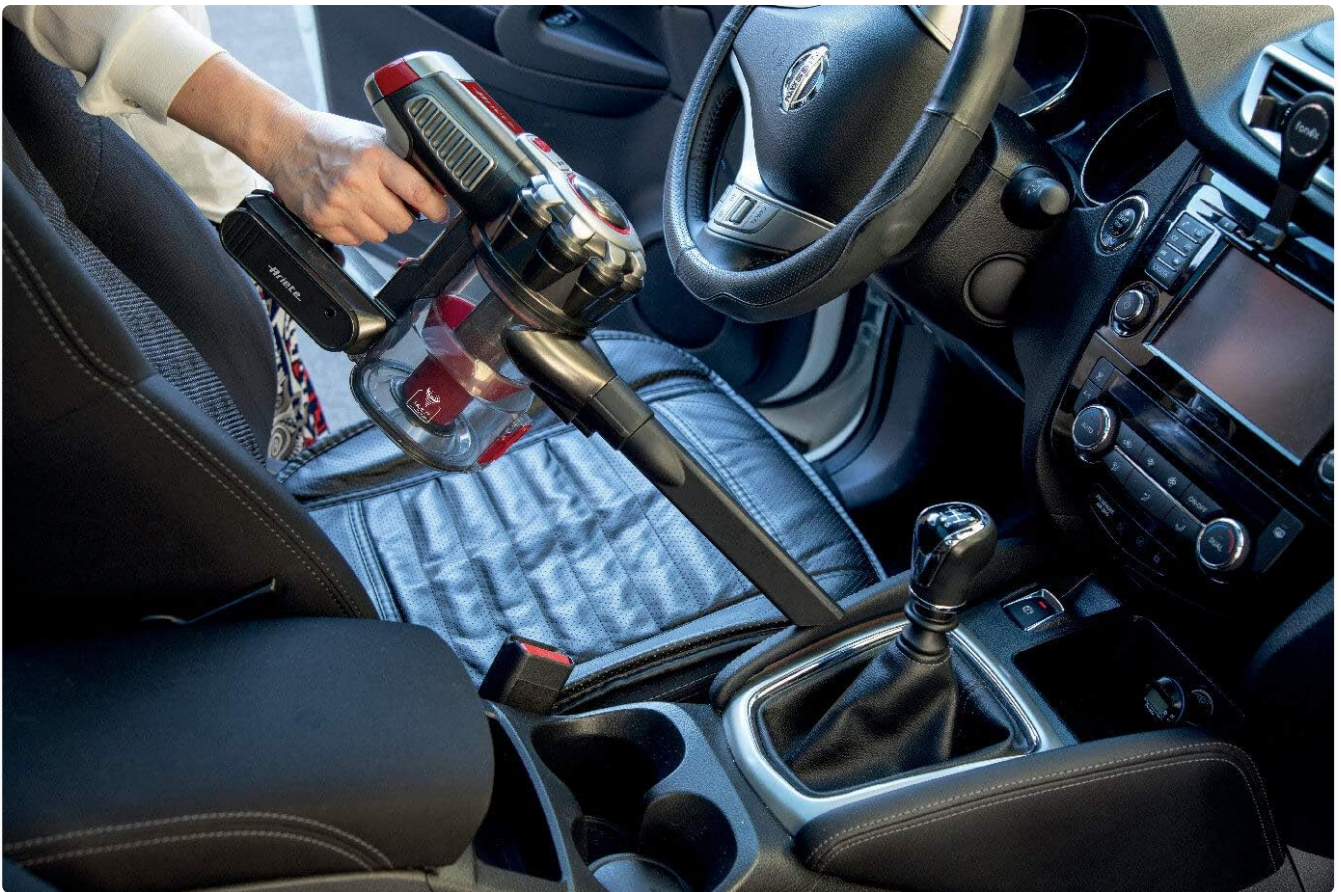

Image 5.4: The handheld mode is perfect for cleaning car interiors.

Image 5.5: The handheld unit can easily clean dust from shelves and tight spaces.

5.4 LED Lights on Motorized Brush

The motorized brush head is equipped with LED lights to illuminate dark areas, helping you spot and clean hidden dirt and dust more effectively.

Image 5.6: The LED lights on the brush head illuminate dirt for thorough cleaning.

5.5 Suction Modes

The vacuum offers multiple suction levels to adapt to different cleaning needs and surfaces. Refer to the power button or control panel for mode selection.

6. MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your Ariete 2757 vacuum cleaner.

6.1 Emptying the Dust Bin

Empty the dust bin regularly, ideally after each use, to maintain strong suction power. The dust bin has a 1-liter capacity.

1. Locate the dust bin release button on the main motor unit.
2. Press the button to detach the dust bin.
3. Open the dust bin lid and empty contents into a waste bin.
4. Close the lid and reattach the dust bin to the main unit until it clicks.

Image 6.1: The dust bin can be easily opened for emptying.

6.2 Cleaning Filters

The Ariete 2757 features a 3-level filtration system: metal filter, fabric filter, and HEPA filter. Clean these filters periodically to prevent clogging and maintain suction.

- **Metal Filter:** Tap to remove dust or rinse with water. Ensure it is completely dry before reinserting.
- **Fabric Filter:** Gently brush off dust or rinse with water. Allow to air dry completely.
- **HEPA Filter:** Tap to remove dust. Do not wash with water unless specified by the manufacturer. Replace if heavily soiled or damaged.

6.3 Cleaning the Motorized Brush

Periodically check the motorized brush for tangled hair or debris. Use scissors to cut away any tangled hair and remove it. Ensure the brush rotates freely.

7. TROUBLESHOOTING

If you encounter issues with your Ariete 2757, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Vacuum does not turn on	Battery is discharged	Charge the battery fully.
Low suction power	Dust bin is full	Empty the dust bin.
Low suction power	Filters are clogged	Clean or replace the filters.
Low suction power	Brush head is blocked	Remove any tangled hair or debris from the motorized brush.
Short battery life	Battery not fully charged	Ensure the battery is fully charged before use.
Short battery life	Using high suction mode continuously	Switch to a lower suction mode for longer battery life when appropriate.
