Eviva TVN313-48BLU-DS

Eviva Artemis 48 Inch Blue Double Sink Bath Vanity User Manual

Model: TVN313-48BLU-DS | Brand: Eviva

Introduction

This manual provides comprehensive instructions for the safe and proper installation, operation, and maintenance of your Eviva Artemis 48 inch Blue Double Sink Bath Vanity. Please read all instructions carefully before beginning installation and retain this manual for future reference.

Safety Information

Important Safety Instructions:

- Always ensure the main water supply is turned off before beginning any plumbing work.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves during installation.
- Handle all components with care to prevent damage or injury. The vanity is heavy; use proper lifting techniques or seek assistance.
- Ensure all connections are secure and leak-free before restoring water supply.
- Do not overtighten fasteners, as this may damage the vanity components.
- Keep children and pets away from the work area during installation.
- Dispose of packaging materials responsibly.

This vanity features a Low V.O.C. Sealed Polyurethane Finish to minimize harmful gas emissions and soft-close hinges to prevent slamming of doors and drawers, enhancing safety and durability.

Package Contents

Verify that all components are present and undamaged before proceeding with installation. If any parts are missing or damaged, contact customer support immediately.

Setup and Installation

The Eviva Artemis vanity comes pre-assembled for easier installation. However, professional installation is recommended for plumbing connections.

1. **Preparation:**
    - Ensure the installation area is clean, level, and has adequate space for the vanity (48" W x 22" D).
    - Turn off the main water supply to the bathroom.
    - Gather necessary tools: adjustable wrench, screwdriver set, level, silicone sealant, measuring tape.
2. **Positioning the Vanity:**
    - Carefully move the pre-assembled vanity into its desired position.
    - Ensure the vanity is level. Adjust the legs if necessary.

3. **Plumbing Connections:**
    - Connect the hot and cold water supply lines to the pre-drilled faucet mounts on the sinks.
    - Install the drain assemblies for both sinks and connect them to the existing P-trap and waste line. The vanity features an easy-access back for plumbing connections.
    - Apply silicone sealant around the sink edges where they meet the countertop to ensure a watertight seal.

Rear view of the vanity cabinet, illustrating the open back design for convenient plumbing installation and access.

4. **Faucet Installation:**
    - Install your chosen 8-inch widespread faucets into the pre-drilled holes on the countertop according to the faucet manufacturer's instructions.
5. **Final Checks:**
    - Once all connections are made, slowly turn on the main water supply and check for any leaks.
    - Test the faucets and drains to ensure proper function.

Operation

The Eviva Artemis vanity is designed for ease of use and durability.

- **Drawers:** The vanity features soft-closing, full-extension dovetail drawers. To open, gently pull the brushed chrome handles. The soft-close mechanism will ensure the drawers close quietly and smoothly, preventing slamming.
- **Doors:** The cabinet doors also feature soft-closing hinges. Open by pulling the handles. The soft-close mechanism will engage as the doors approach the closed position.
- **Sinks:** The undermount porcelain sinks are designed for daily use. Ensure proper drainage and avoid placing excessively hot items directly on the engineered stone countertop.

Top-down view of the vanity with cabinet doors open and drawers extended, demonstrating the ample storage space for bathroom essentials.

Maintenance and Care

Proper care will ensure the longevity and beauty of your Eviva Artemis vanity.

- **Cleaning the Cabinet:** Wipe the wood surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as they can damage the finish. Dry immediately with a clean cloth.
- **Cleaning the Countertop:** For the engineered stone countertop, use a mild, non-abrasive cleaner and a soft cloth. Wipe spills promptly to prevent staining. Avoid highly acidic or alkaline cleaners.
- **Cleaning the Sinks:** Clean porcelain sinks with standard bathroom cleaners. Rinse thoroughly after cleaning.
- **Hardware:** Periodically wipe the brushed chrome knobs and handles with a soft, dry cloth to maintain their luster.
- **Humidity Control:** The solid wooden high legs help keep humidity under control, but it is still important to ensure proper ventilation in the bathroom to prevent moisture buildup.
- **Avoid Excessive Weight:** Do not place excessively heavy items on the countertop or inside the drawers/cabinets beyond their intended capacity.

Troubleshooting

Problem	Possible Cause	Solution
Water Leakage	Loose plumbing connections, improper sealant application.	Check all water supply and drain connections for tightness. Reapply silicone sealant if necessary. Ensure P-trap is correctly installed.

Drawers not closing softly	Soft-close mechanism obstruction or damage.	Check for any objects obstructing the drawer slides. Ensure the soft-close mechanism is clean and free of debris. If damaged, contact customer support.
Doors not closing softly	Soft-close hinge obstruction or damage.	Check for any objects obstructing the door hinges. Ensure the soft-close mechanism is clean. If damaged, contact customer support.
Vanity appears uneven/wobbly	Uneven flooring or improper leg adjustment.	Use a level to check the vanity. Adjust the vanity legs until it is stable and level on all sides.
Stains on countertop	Spills left for too long, use of harsh cleaners.	Clean spills immediately. Use a specialized stone cleaner for stubborn stains, following product instructions. Avoid abrasive pads.

Warranty and Support

The Eviva Artemis 48 inch Blue Double Sink Bath Vanity comes with a**1-Year Limited Warranty** from the date of purchase. This warranty covers manufacturing defects in materials and workmanship under normal use.
The warranty does NOT cover:

- Damage resulting from improper installation, misuse, abuse, neglect, or accident.
