## Product Components

Your Bevel Skin Care Set includes three core products:

**Face & Beard Wash (4 fl oz / 118 mL)**

A gentle cleanser infused with Aloe Vera and Coconut Water, designed to cleanse your face and beard without drying out the skin. It helps revitalize skin and hair.

### 2-in-1 Exfoliating Pads (45 pads / 2.25 in diam)

These pads contain 10% Glycolic Acid, formulated to gently remove dead skin cells without scrubbing. They help reduce the look of dark spots and the occurrence of ingrown hairs.

### Moisturizing Face Gel (4 fl oz / 120 mL)

A lightweight, non-greasy face moisturizer with Vitamin C that instantly hydrates the skin, leaving it feeling soft, supple, and refreshed.

## Operating Instructions: Daily Skincare Routine

For optimal results, follow these steps daily:

### Step 1: Cleanse with Face & Beard Wash

Wet your face and beard with warm water. Gently massage a small amount of the Face & Beard Wash onto your skin and beard. Rinse thoroughly with warm water. This step cleanses and prepares your skin for the next steps.

### Step 2: Exfoliate with 2-in-1 Exfoliating Pads

After cleansing, gently wipe one exfoliating pad across your face, avoiding the eye area. Use once daily, preferably in the evening. These pads help to remove dead skin cells and unclog pores, contributing to a smoother complexion and reducing ingrown hairs.

### Step 3: Moisturize with Moisturizing Face Gel

After exfoliating, apply a small amount of the Moisturizing Face Gel to your face and neck. Gently massage until absorbed. This lightweight moisturizer provides essential hydration without leaving a greasy residue, leaving your skin feeling soft and refreshed.

## Maintenance and Storage

To maintain the efficacy and shelf-life of your Bevel Skin Care Set, store all products in a cool, dry place away from direct sunlight. Ensure caps and lids are tightly closed after each use to prevent contamination and evaporation.
Regular use as directed is key to achieving and maintaining healthy skin. Do not dilute the products or mix them with other non-Bevel skincare items unless specified.

## Troubleshooting Common Concerns

- **Skin Irritation:** If mild tingling occurs with the exfoliating pads, this is normal. If severe irritation, redness, or discomfort persists, discontinue use and consult a dermatologist.
- **Dryness:** Ensure you are consistently using the Moisturizing Face Gel after exfoliation. If dryness persists, consider reducing the frequency of exfoliating pad use to every other day.
- **Breakouts:** Continue consistent use of the Face & Beard Wash and Exfoliating Pads. These products are designed to help clear pores and reduce blemishes over time. Ensure thorough rinsing after cleansing.
- **Ingrown Hairs:** The 2-in-1 Exfoliating Pads are specifically formulated to help prevent and treat ingrown hairs. Consistent use is recommended.

For persistent or severe skin concerns, it is always recommended to consult a healthcare professional or dermatologist.
