SETUP

The JOYIN Pull Back City Cars and Trucks are ready for play right out of the box. No assembly or batteries are required. Simply remove the vehicles from their packaging.

OPERATING INSTRUCTIONS

Pull-Back Mechanism

Each vehicle in this set is equipped with a friction-powered pull-back mechanism for easy operation:

1. Place the vehicle on a flat, smooth surface.
2. Gently pull the vehicle backward along the surface. You will feel a slight resistance as the internal friction motor winds up.
3. Release the vehicle. It will automatically propel forward on its own.

The distance and speed the vehicle travels depend on how far back it is pulled. Experiment with different pull distances for varied

play experiences.

MAINTENANCE

To ensure the longevity of your JOYIN toy vehicles, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the vehicles with a soft, damp cloth to remove dust and dirt. Do not submerge them in water or use harsh cleaning agents.
- **Storage:** Store the vehicles in a dry place away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically check for any loose or damaged parts. Discontinue use if any significant damage is found.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Vehicle does not move after pulling back.	Insufficient pull-back force or uneven surface.	Ensure the vehicle is pulled back firmly on a smooth, flat surface.
Vehicle moves slowly or inconsistently.	Dirt or debris in the wheels/axles.	Clean the wheels and axles to remove any obstructions.
