Spigen ASE02145

Spigen Rugged Armor Back Cover Case with PopSockets PopGrip Basic

FOR SAMSUNG GALAXY M51 (MODEL: ASE02145)

1. Product Overview

This product is a bundle consisting of a Spigen Rugged Armor back cover case and a PopSockets PopGrip Basic, designed specifically for the Samsung Galaxy M51. The case provides protection for your device, while the PopGrip enhances handling and offers stand functionality.

Spigen with P@PSOCKETS

Image 1.1: Spigen Rugged Armor case with PopSocket on Samsung Galaxy M51.

The Spigen Rugged Armor case is constructed from Thermoplastic Polyurethane (TPU) and features a matte finish. It is designed to be shock-absorbent, protecting your phone from drops and impacts. The PopSockets PopGrip Basic is a non-swappable, non-rotating accessory that attaches to the back of the case, providing a secure grip and a convenient stand.

2. Package Contents

The product package includes the following items:

- 1 x Spigen Rugged Armor Back Cover Case (Black)
- 1 x PopSockets PopGrip Basic (Black)

3. Setup Instructions

3.1 Installing the Case

1. Ensure your Samsung Galaxy M51 is clean and free of dust or debris.
2. Align the phone with the case, starting with the top edge.
3. Gently press the phone into the case, ensuring all corners and edges are securely fitted. Verify that all cutouts for ports, buttons, and cameras align correctly.

3.2 Attaching and Using the PopSockets PopGrip Basic

The PopGrip Basic is pre-attached to the Spigen case. To use it:

1. To extend the PopGrip, pull the top disc away from the case until it clicks into place.
2. To collapse the PopGrip, gently push the top disc back towards the case until it lies flat.

4. Operating Instructions

The PopSockets PopGrip Basic offers enhanced functionality for your Samsung Galaxy M51:

- **Improved Grip:** Extend the PopGrip and slide your fingers between the phone and the extended grip for a more secure hold, reducing the risk of accidental drops. This is particularly useful for single-handed operation.
- **Media Stand:** Extend the PopGrip and position your phone horizontally or vertically on a flat surface to use it as a convenient stand for watching videos, making video calls, or browsing.

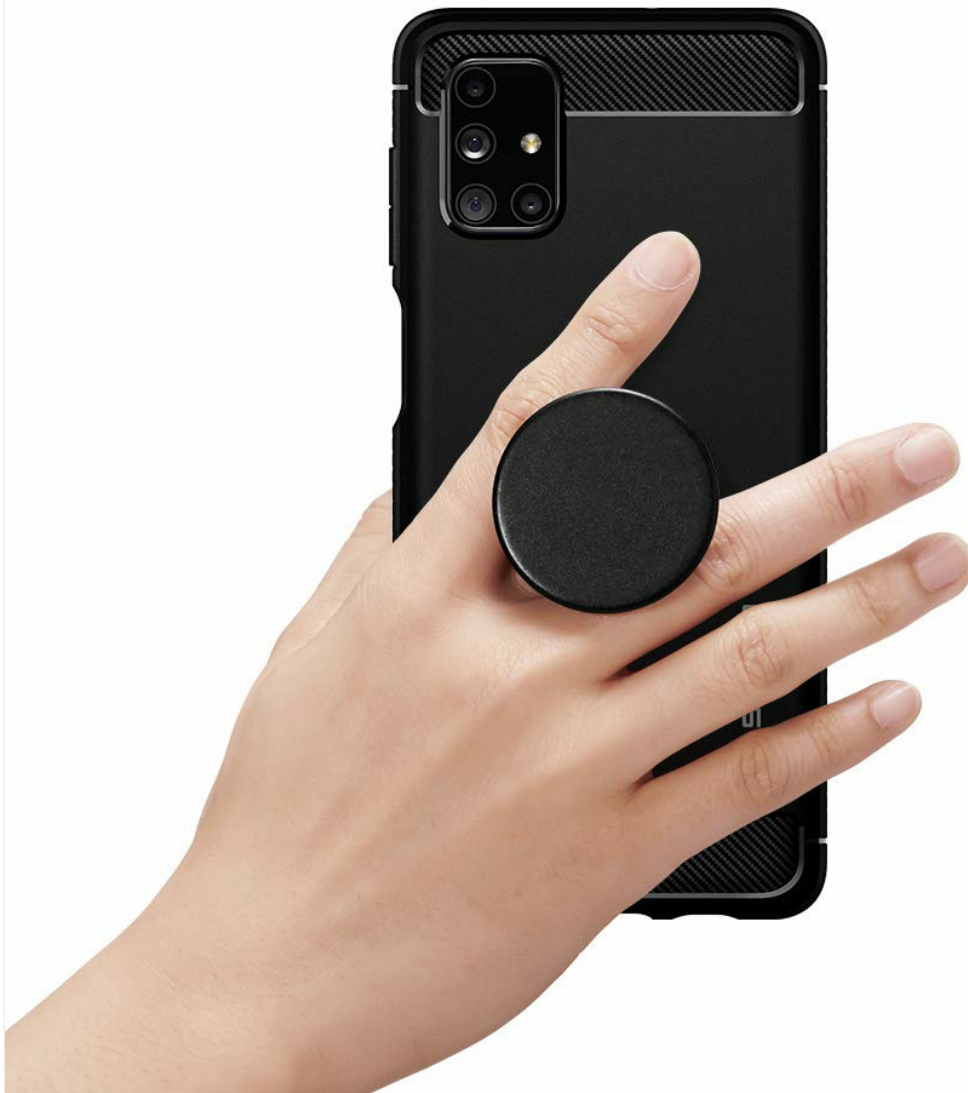

Image 4.1: Demonstrating secure phone grip with PopSocket.

5. Maintenance

To keep your Spigen Rugged Armor case and PopSockets PopGrip Basic in optimal condition:

- **Cleaning:** Wipe the case and PopGrip with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used. Avoid harsh chemicals or abrasive cleaners, as these may damage the material or finish.
- **Storage:** When not in use, store the case and PopGrip in a cool, dry place away from direct sunlight to prevent material degradation.

6. Troubleshooting

- **Case Fit Issues:** If the case does not fit snugly, ensure it is correctly aligned with the phone and all corners are fully seated. Remove and re-install if necessary.
- **PopGrip Functionality:** If the PopGrip does not extend or collapse smoothly, check for any debris or obstructions around the mechanism. Avoid forcing the mechanism.

7. Specifications

Feature	Detail
Brand	Spigen
Model Number	ASE02145
