## MAINTENANCE AND CARE

To ensure the longevity and appearance of your Yaheetech Desk, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the desk surfaces with a damp cloth. For stubborn marks, use a mild soap solution and dry immediately with a clean cloth.
- **Avoid Chemicals:** Do not use harsh abrasive cleaners, solvents, or polishes that may damage the wooden finish.
- **Protection:** Use coasters under drinks and placemats under hot items to prevent stains and heat damage.
- **Fasteners:** Periodically check all screws and connections to ensure they remain tight. Retighten as necessary.

## TROUBLESHOOTING

- **Wobbly Desk:** If the desk feels unstable, check that all cam locks and screws are fully tightened. Ensure the desk is on a level surface.
- **Drawer or Keyboard Tray Sticking:** Verify that the drawer slides are correctly installed and aligned. Ensure there are no obstructions in the tracks. A small amount of silicone lubricant can be applied to the slides if needed.
