Govee H6052

Govee RGBIC Smart Table Lamp H6052 User Manual

Model: H6052

1. Introduction

This manual provides detailed instructions for the setup, operation, and maintenance of your Govee RGBIC Smart Table Lamp (Model H6052). Please read this manual thoroughly before use to ensure proper functionality and safety. This smart lamp offers dynamic RGBIC lighting, music synchronization, and smart control via the Govee Home app and voice assistants.

2. Safety Information

- Ensure the power adapter is connected to a standard electrical outlet.
- This product is designed for indoor use only. Do not expose to water or high humidity.
- Do not disassemble or modify the lamp. This may void the warranty and pose safety risks.
- Keep the lamp away from heat sources and direct sunlight.
- Clean the lamp with a soft, dry cloth. Do not use abrasive cleaners or solvents.

3. Package Contents

- Govee RGBIC Table Lamp
- Power Adapter
- User Manual
- Service Card

4. Setup

4.1 Physical Installation

1. Place the Govee RGBIC Table Lamp on a stable, flat surface.
2. Connect the power adapter to the lamp's power input port.
3. Plug the power adapter into a wall outlet. The lamp will illuminate briefly.

4.2 Govee Home App Installation

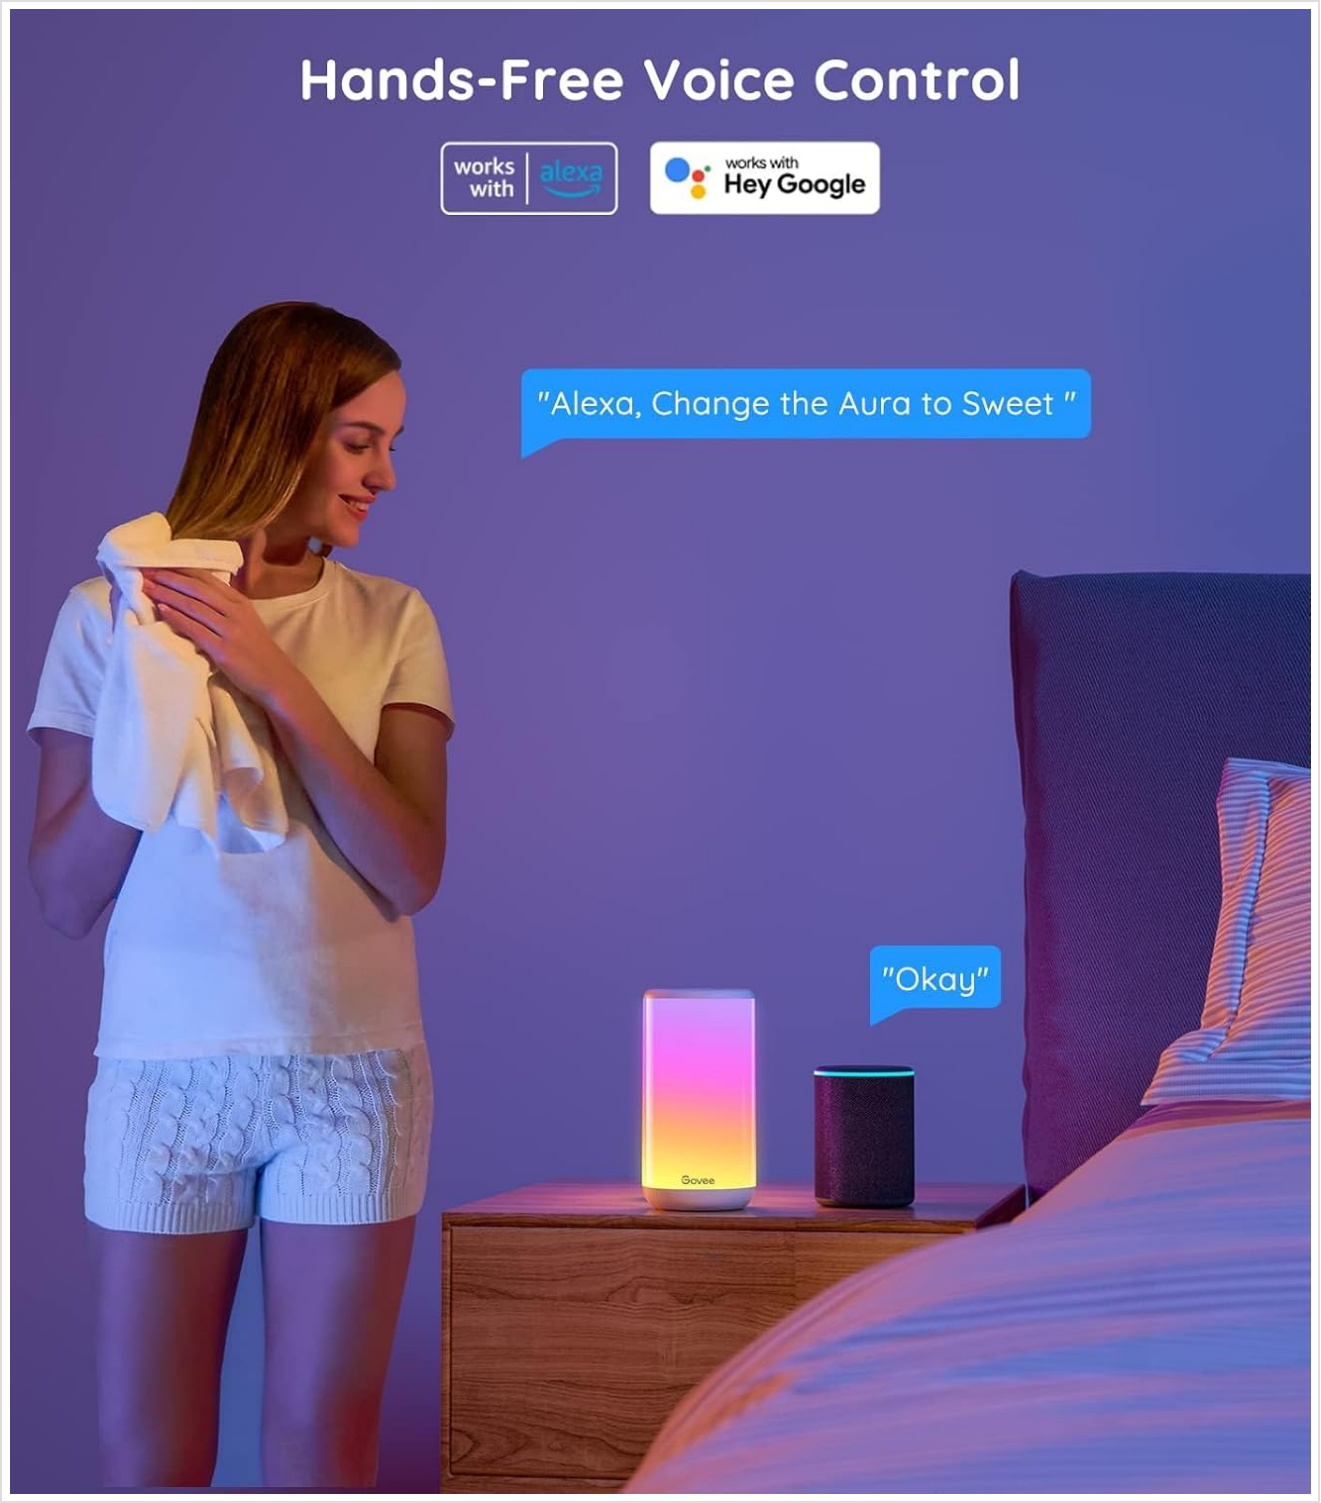

1. Download the Govee Home app from the App Store (iOS devices) or Google Play (Android devices).
2. Open the Govee Home app and create an account or log in.

4.3 Device Pairing

1. Ensure Bluetooth is enabled on your smartphone.
2. In the Govee Home app, tap the "+" icon in the top right corner.
3. Search for "H6052" or select the Govee RGBIC Table Lamp from the device list.
4. Follow the on-screen instructions to complete the pairing process.

4.4 Voice Assistant Integration (Alexa/Google Assistant)

1. Once the lamp is paired with the Govee Home app, navigate to the device settings.
2. Select "Using Guide" or "Third-Party Control" and follow the instructions to link your Govee account with Amazon Alexa or Google Assistant.

The Govee RGBIC Table Lamp supports hands-free voice control with Alexa and Google Assistant.

5. Operating Instructions

5.1 Basic Controls

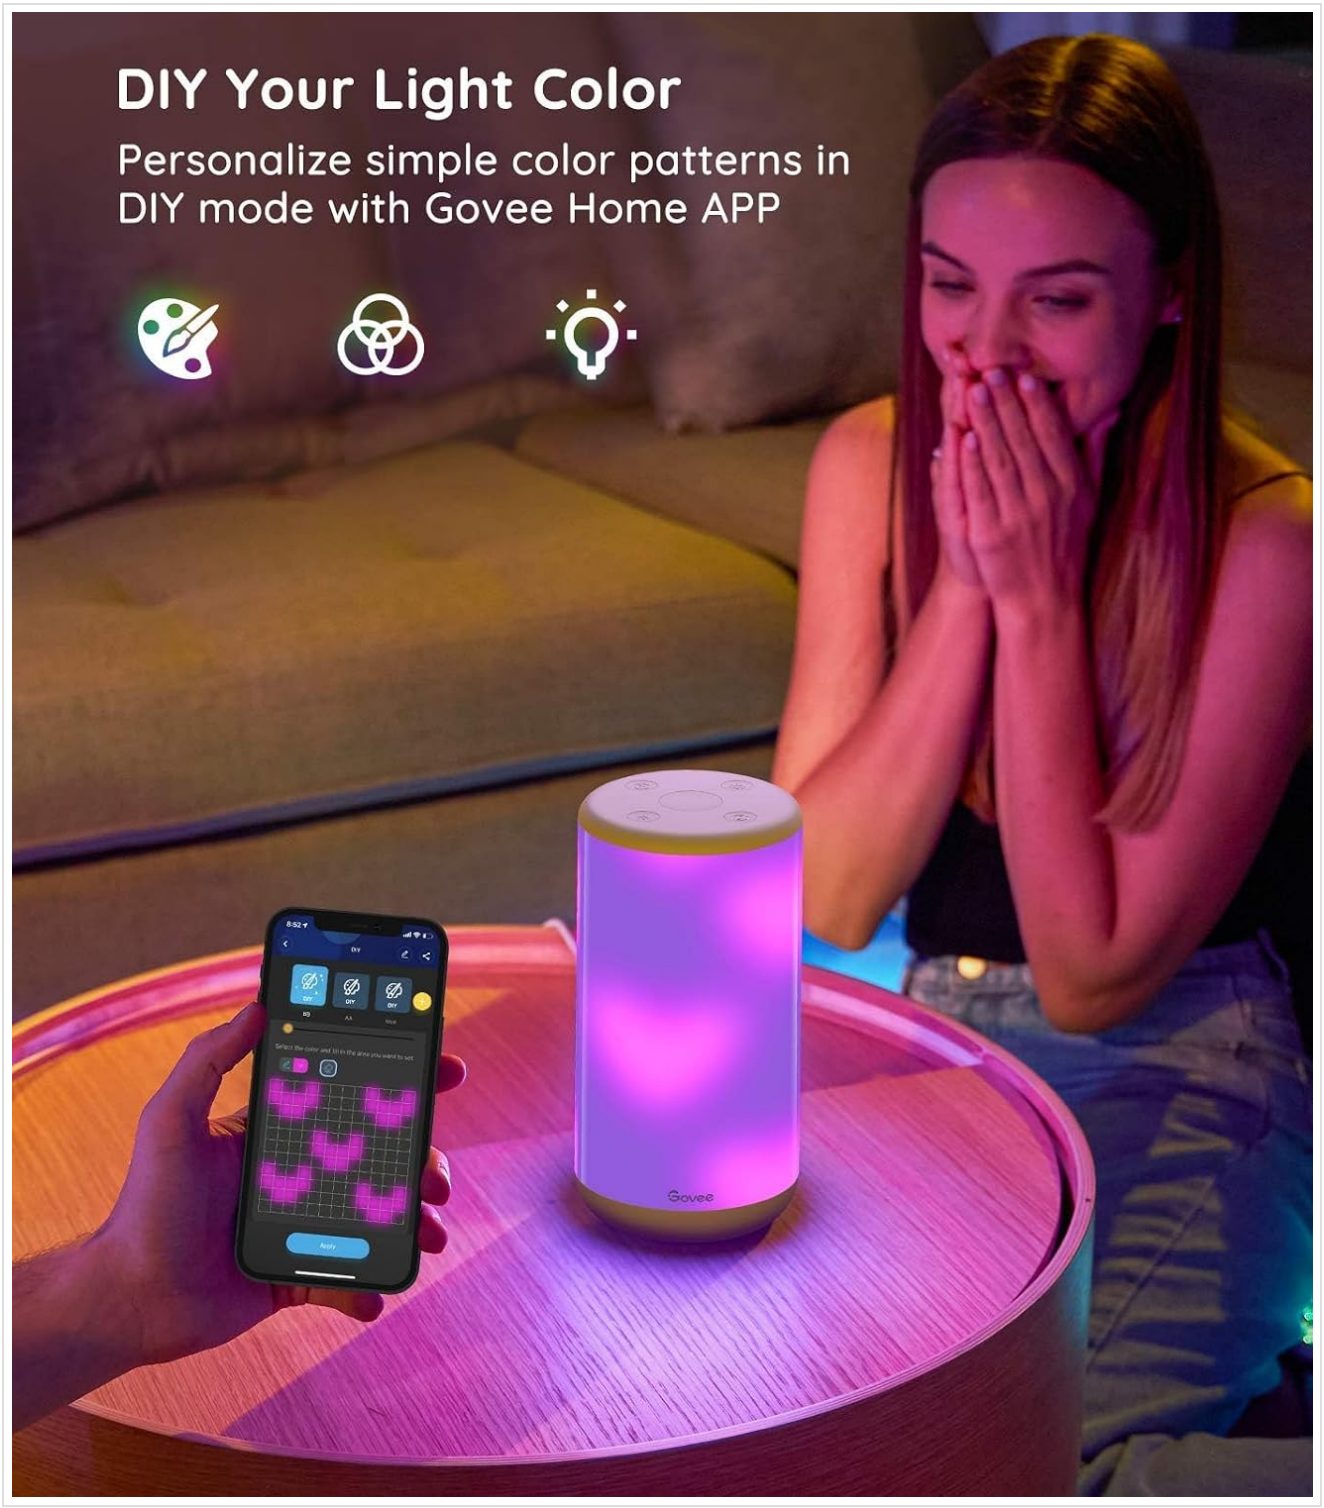

- **Power Button:** Located on the top of the lamp. Press once to turn on/off.
- **Touch Controls:** The top surface may offer touch controls for basic functions like changing colors or brightness. Refer to the Govee Home app for specific touch functionalities.

5.2 Govee Home App Features

The Govee Home app provides comprehensive control over your smart table lamp.

- **DIY Mode:** Create custom lighting effects by drawing color patterns on the app interface. Save and apply your

personalized designs.

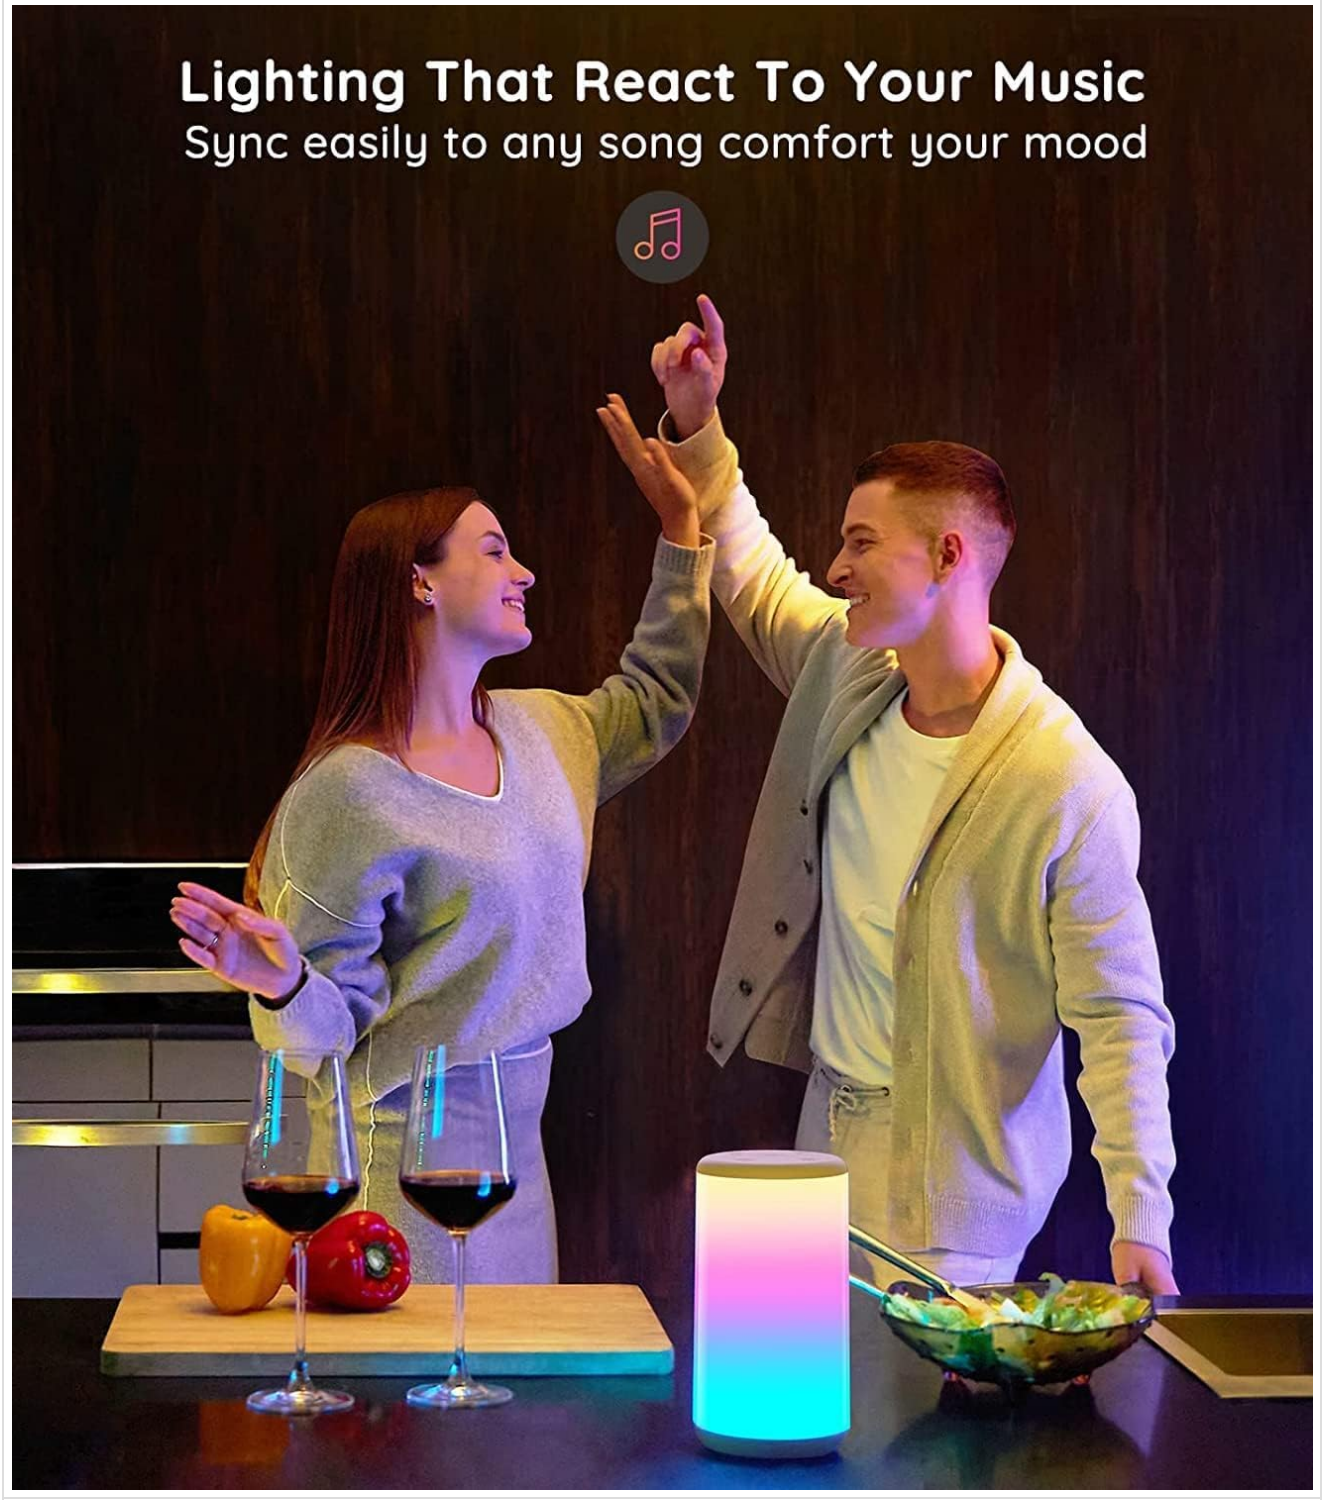

Utilize the DIY mode in the Govee Home app to personalize light patterns.

- **Scene Modes:** Choose from 43 pre-set scene modes designed for various occasions and moods. These scenes are dimmable and can be adjusted to your preference.

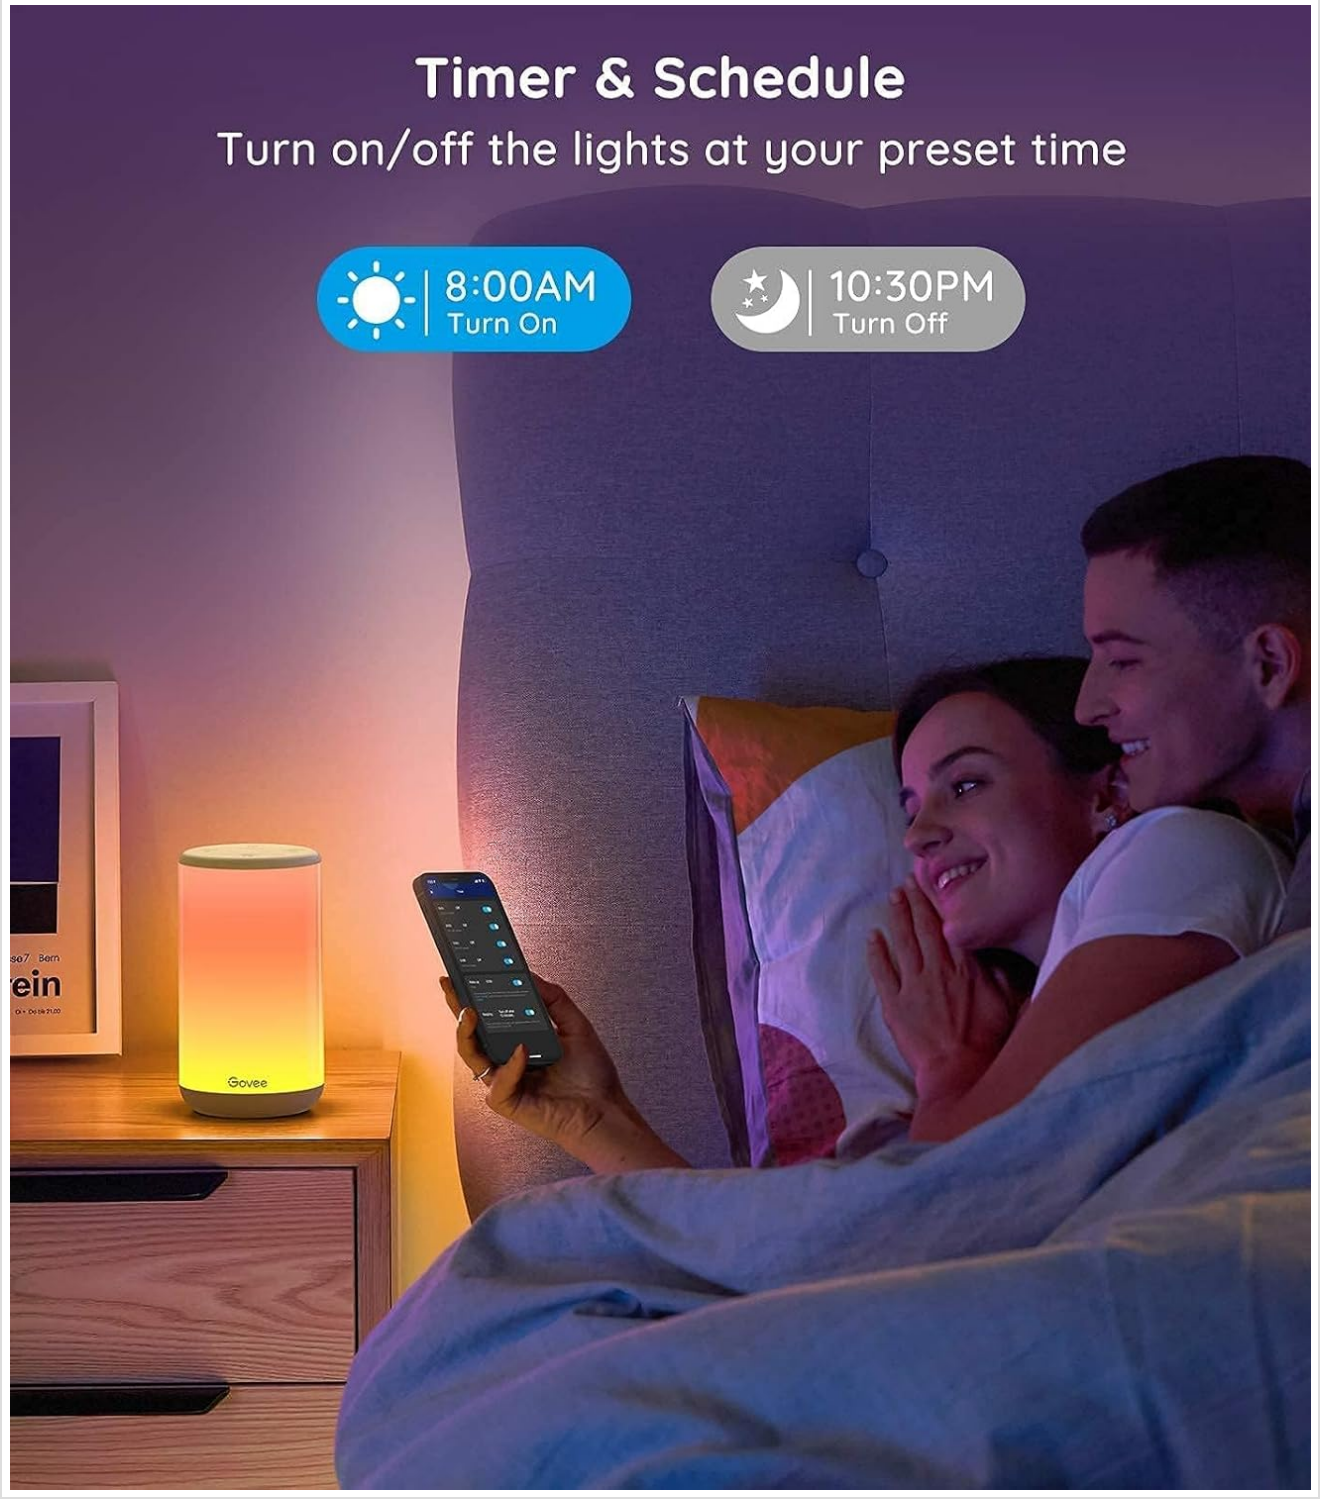

Select from over 40 scene modes to match any ambiance.

- **Music Sync:** The built-in microphone allows the lamp to synchronize its lighting effects with ambient music. Select from 4 music modes to enhance your audio experience.

The lamp's lighting can react to your music for an immersive experience.

- **Scheduling:** Program the lamp to automatically turn on or off and adjust brightness at specific times. This feature can assist with sleep routines or daily schedules.

Set timers and schedules for automated lighting control.

5.3 Voice Control Commands

After integrating with Alexa or Google Assistant, use commands such as:

- "Alexa, turn on [Lamp Name]."
- "Hey Google, set [Lamp Name] to blue."
- "Alexa, dim [Lamp Name] to 50%."
- "Hey Google, change [Lamp Name] to warm white."

6. Maintenance

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry, lint-free cloth to wipe the surface of the

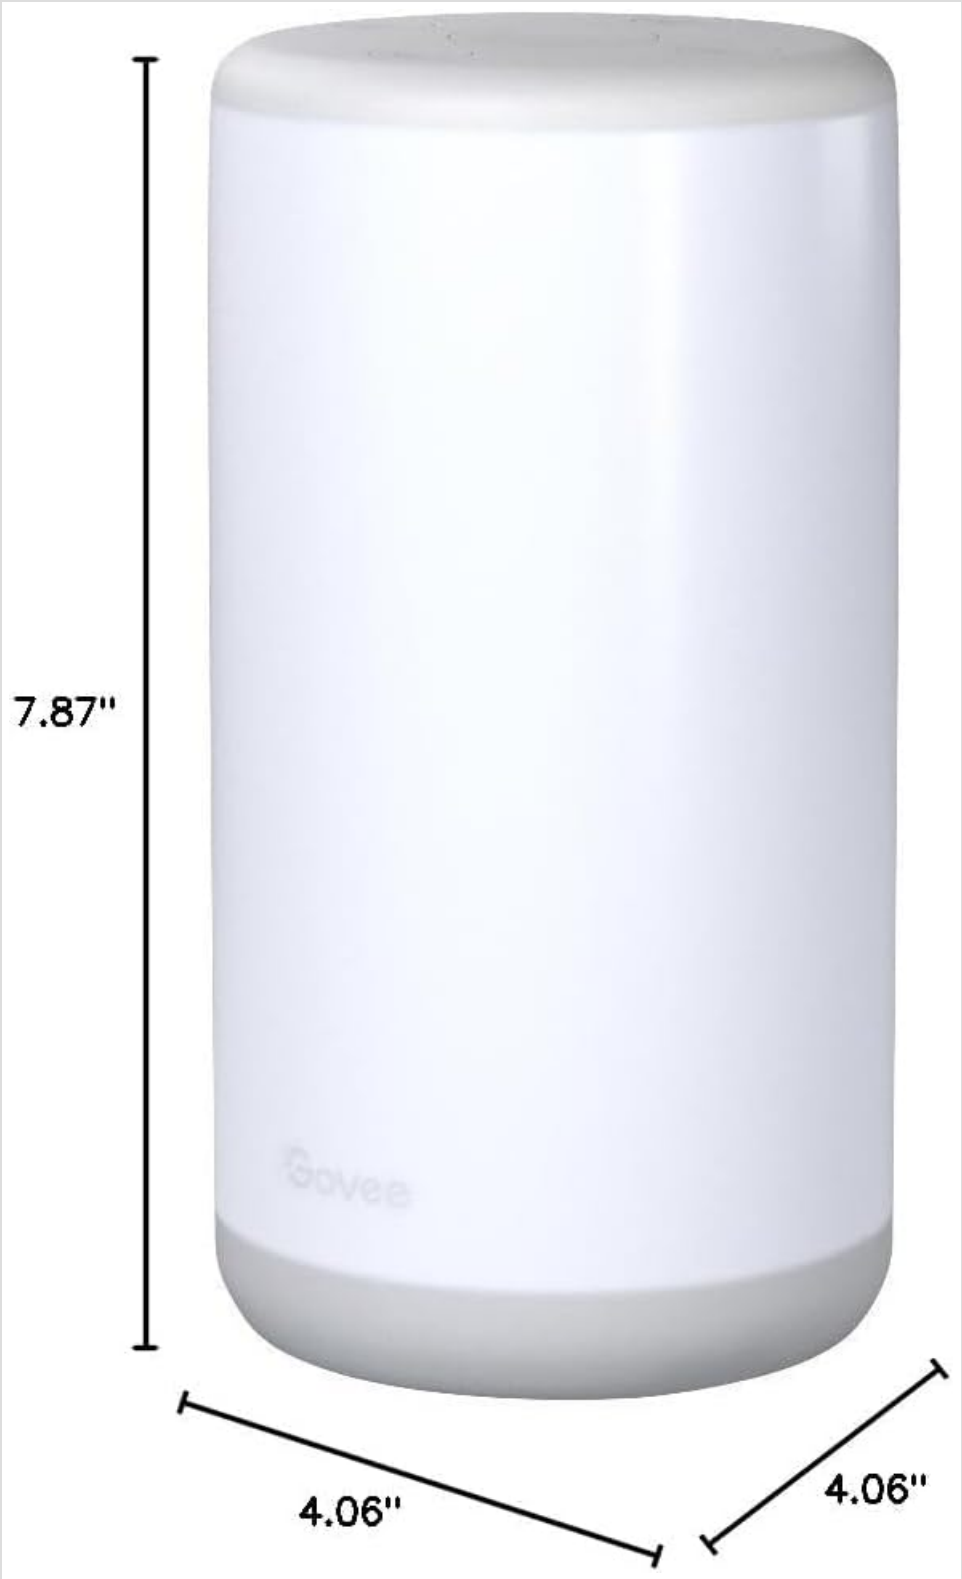

lamp. Avoid using liquid cleaners, aerosols, or abrasive materials.

- **Storage:** If storing the lamp for an extended period, disconnect it from power and store it in a cool, dry place away from direct sunlight.

7. Troubleshooting

- **Lamp does not turn on:** Ensure the power adapter is securely connected to both the lamp and a working power outlet.
- **Cannot connect to Govee Home app:**
  a. Ensure Bluetooth is enabled on your smartphone.
  b. Make sure the lamp is within Bluetooth range (typically 30 feet/10 meters).
  c. Try restarting the Govee Home app and your smartphone.
  d. Unplug the lamp for 10 seconds and plug it back in to reset.
- **Voice control not working:**
  a. Verify that the lamp is successfully linked to your Alexa or Google Assistant account in the Govee Home app.
  b. Ensure your voice assistant device is online and properly configured.
  c. Use the exact device name you assigned in the Govee Home app.
- **Music Sync not responding:** Ensure the lamp's microphone is not obstructed and that music is playing clearly within its detection range. Adjust microphone sensitivity in the Govee Home app if available.
