Logitech G535 Lightspeed Wireless Gaming Headset

Model: 981-000971 | Brand: Logitech G

INTRODUCTION

The Logitech G535 Wireless Gaming Headset is engineered to deliver performance, freedom, and comfort for all your gaming sessions. Featuring advanced low-latency LIGHTSPEED wireless technology, it provides up to 12 meters of reliable wireless freedom and an impressive 33-hour battery life. Equipped with 40 mm drivers, the headset produces crisp, clear, and deep stereo sound, bringing your games to life. Weighing just 236 grams, with an adjustable headband and soft memory foam earpads, it ensures all-day comfort. Convenient on-ear controls allow for quick volume adjustments, and the flip-to-mute microphone ensures crystal-clear communication, certified by Discord for superior audio and voice clarity.

Key Features:

- **LIGHTSPEED Wireless:** Pro-grade wireless technology with up to 33 hours of battery life and 12 meters of range.
- **Lightweight Design:** Weighs only 236 grams for extended comfort.
- **Plug and Play:** Easy USB connection compatible with PC, PlayStation 4, and PlayStation 5.
- **On-Ear Controls:** Convenient volume roller and flip-to-mute microphone.
- **40 mm Drivers:** Delivers crisp, clear, and deep stereo sound.
- **All-Day Comfort:** Soft memory foam ear cups and sports mesh material.
- **Discord Certified:** Guarantees clear communication performance.

WHAT'S IN THE BOX

- Logitech G535 Wireless Gaming Headset
- LIGHTSPEED USB Receiver
- USB-C Charging Cable

SETUP

1. Initial Charge

Before first use, fully charge your G535 headset using the provided USB-C charging cable. Connect the USB-C end to the headset's charging port and the USB-A end to a powered USB port on your computer or a USB wall adapter. A full charge provides up to 33 hours of battery life.

2. Connect to Device

The G535 uses LIGHTSPEED wireless technology for a stable and low-latency connection.

- **For PC:** Insert the LIGHTSPEED USB receiver into an available USB port on your computer. The headset should automatically connect.
- **For PlayStation (PS4/PS5):** Insert the LIGHTSPEED USB receiver into an available USB port on your

PlayStation console. The headset will automatically connect and be ready for use.

FEATURES IN DETAIL

LIGHTSPEED Wireless Technology

Experience gaming with minimal lag thanks to Logitech's exclusive LIGHTSPEED wireless technology. This advanced connectivity ensures a stable and responsive connection, crucial for competitive gaming. Enjoy up to 33

hours of continuous play on a single charge, providing ample time for extended gaming sessions without interruption.

The image shows a Logitech G535 wireless gaming headset. It has a black main body with purple accents on the earcups and headband. The headset is shown from a side profile, highlighting its sleek, modern design. The text "G535" is visible on the side of the earcup, and the Logitech "G" logo is on the front. The background is dark, making the headset stand out.

LIGHTSPEED WIRELESS

The logo consists of a stylized white lightning bolt with three curved lines above it, resembling a signal or speed indicator.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headset. For earcups, gently wipe with a damp cloth and mild soap if necessary, then dry thoroughly. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures. Avoid placing heavy objects on top of the headset.
- **Battery Care:** For optimal battery longevity, avoid fully discharging the headset frequently. Charge it regularly, even if not in constant use.

TROUBLESHOOTING

- **No Sound:**

- Ensure the headset is powered on and fully charged.
- Verify the LIGHTSPEED USB receiver is securely plugged into your device.
- Check the volume roller on the headset and your device's audio settings.
- Confirm the correct audio output device is selected in your system settings (e.g.,
