2. Package Contents

Verify that all components are present before beginning installation:

- 1 x DELIPOP 15W LED Wall Sconce
- Installation hardware (screws, wall anchors)
- Instruction Manual (this document)

3. Specifications

Feature	Specification
Brand	DELIPOP
Model Number	B08KY3GHWJ

Dimensions (L x W x H)	25 x 25 x 11 cm
Weight	1.1 Kilograms
Material	Metal (Sandblasted finish), Acrylic
Power	15 Watts
Voltage	220 Volts
Light Source	Integrated LED
Luminous Flux	1350 Lumens
Color Temperature	3000 Kelvin (Warm White)
Average Lifespan	50,000 hours
Installation Type	Wall Mount
Switch Style	Push Button (external)

Product Features:

- **Durable Construction:** Features a sandblasted metal body for enhanced durability and rust resistance.
- **Efficient Illumination:** Integrated LED lamp beads provide consistent and efficient light output.
- **Optimal Light Transmission:** An acrylic mask ensures strong and even light distribution.
- **Adjustable Design:** The fixture includes a flexible plate allowing for 350-degree rotation to direct light as desired.

4. Installation

Important: Ensure the main power supply is turned off at the circuit breaker before starting any electrical work.

1. **Prepare the Mounting Surface:** Choose a suitable wall location. Mark the drilling points for the mounting bracket.
2. **Install Mounting Bracket:** Drill holes at the marked points and insert wall anchors if necessary. Secure the mounting bracket to the wall using the provided screws.
3. **Electrical Connection:** Connect the household electrical wires to the corresponding wires of the wall sconce. Typically, this involves connecting live to live, neutral to neutral, and ground to ground. Ensure all connections are secure and insulated.
4. **Attach the Fixture:** Carefully align the wall sconce with the mounting bracket and secure it in place using the provided screws or fasteners.
5. **Adjust Light Direction (Optional):** The wall sconce features a flexible plate that allows for 350-degree rotation. Gently rotate the inner circular element to achieve your desired light angle.

5. Operation

Once installed and connected to the main power supply, the DELIPOP 15W LED Wall Sconce is operated via a standard wall-mounted push-button switch (not included). Simply toggle the switch to turn the light on or off.

6. Maintenance

To ensure the longevity and optimal performance of your wall sconce, follow these maintenance guidelines:

- **Cleaning:** Disconnect power before cleaning. Wipe the fixture with a soft, dry cloth. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or acrylic.
- **LEDs:** The LED light source is integrated and not user-replaceable. With an average lifespan of 50,000 hours, regular replacement is not anticipated.
- **Inspection:** Periodically check for any loose connections or damage to the fixture. If any issues are found, consult a qualified electrician.

7. Troubleshooting

If you encounter issues with your DELIPOP 15W LED Wall Sconce, refer to the following common problems and solutions:

- **Light does not turn on:**

- Check if the main power supply is on.
- Verify that the wall switch is in the 'On' position.
- Inspect electrical connections for proper contact (consult a qualified electrician if unsure).

- **Light flickers:**
  - Ensure all electrical connections are secure.
  - Confirm the voltage supply is stable and within the specified range (220 Volts).
- **Reduced light output:**
  - Clean the acrylic mask to remove any dust or debris.

If the problem persists after attempting these solutions, contact customer support.

8. Warranty and Support

For warranty information or technical support, please contact DELIPOP customer service through the retailer where the product was purchased. Please have your model number (B08KY3GHWJ) and purchase date available when contacting support.
Information regarding the availability of spare parts is not provided by the manufacturer.
