## Nespresso BNV520MTB1BUC1

# Nespresso VertuoPlus Coffee and Espresso Machine User Manual

Model: BNV520MTB1BUC1

## Introduction

The Nespresso VertuoPlus Coffee and Espresso Machine by Breville offers a versatile brewing experience, allowing you to enjoy both coffee and espresso at the touch of a button. Its innovative design and features ensure a smooth layer of crema, a hallmark of quality coffee. This machine is designed for convenience and sustainability, utilizing recyclable Nespresso Vertuo Line pods.

## Product Features

- **Single Serve Coffee and Espresso:** Enjoy coffee or espresso with a single touch.
- **Fast Heat-up:** Innovative programs include a 25-second heat-up time.
- **Energy Saving:** Features an automatic shut-off for energy efficiency.
- **Versatile Brewing:** Brews 3 different cup sizes: 5oz and 8oz coffee, and single and double espresso.
- **Large Water Tank:** Equipped with a 37-ounce water tank.
- **Adjustable Drip Tray:** Accommodates various cup sizes.
- **Automatic Capsule Ejection:** Used capsules are automatically ejected into a storage container.
- **Sustainability:** Uses hermetically sealed, fully recyclable aluminum capsules.

# ULTIMATE SIMPLICITY

- One touch brewing system
- Removable water tank
- Automatic capsule ejection and storage

Image: Overhead view highlighting the machine's ultimate simplicity with one-touch brewing, removable water tank, and automatic capsule ejection.

Image: Visual representation of the five different cup sizes the machine can brew: single espresso, double espresso, 5oz coffee, 8oz coffee, and 18oz coffee.

## Setup

1. **Unpacking:** Carefully remove all components from the packaging. Ensure all parts listed in the included components (Capsule Tasting Pack, Instruction Booklet, Nespresso Vertuo Next Matte Black by Breville) are present.
2. **Placement:** Place the machine on a stable, flat surface. Ensure there is adequate space around the machine for ventilation and access to the water tank. The compact design (6"D x 17"W x 13"H) allows for flexible placement.
3. **Water Tank:** Fill the 37-ounce water tank with fresh, potable water. Distilled water is recommended to prevent mineral

buildup, especially in areas with hard water.

4. **Power Connection:** Plug the machine into a grounded electrical outlet (120V).
5. **First Use Rinse:** Before first use, perform a rinse cycle without a capsule to clean the internal system. Refer to the instruction booklet for detailed steps on initiating the rinse cycle.

# SLIM FIT DESIGN

Only 5.5” wide

***LIMITED EDITION COLOR***
***MATTE BLACK***

Image: The Nespresso VertuoPlus machine with its compact dimensions (5.5" wide, 12.4" high, 16.9" deep) highlighted, indicating its slim fit design.

## Operating Instructions

1. **Power On:** Press the button on top of the machine to turn it on. The machine will heat up, indicated by a steady light.
2. **Prepare Cup:** Place your desired coffee or espresso cup on the adjustable drip tray. Adjust the tray height as needed for different cup sizes.
3. **Insert Capsule:** Lift the lever to open the brewing head. Insert a Nespresso Vertuo Line capsule into the capsule holder. Ensure it is correctly seated.
4. **Close and Brew:** Close the brewing head by pushing down the lever until it locks. Press the button to start brewing. The machine will automatically recognize the capsule and brew the appropriate size and style.
5. **Enjoy:** Your coffee or espresso will be ready in moments.
6. **Used Capsule Ejection:** After brewing, lift the lever again to automatically eject the used capsule into the integrated container.

## Maintenance

Regular maintenance ensures the longevity and optimal performance of your Nespresso VertuoPlus machine.

- **Water Tank Cleaning:** Regularly clean the water tank with mild soap and water. Rinse thoroughly.
- **Drip Tray and Used Capsule Container:** Empty and clean the drip tray and used capsule container daily or after every few uses.
- **Exterior Cleaning:** Wipe the exterior of the machine with a damp cloth. Do not use abrasive cleaners.
- **Descaling:** Descale your machine periodically to remove mineral buildup. The frequency depends on water hardness and usage. Use Nespresso descaling solution and follow the instructions in your manual. This is crucial for maintaining coffee quality and machine lifespan.

## Troubleshooting

| Problem | Possible Cause | Solution |
|---|---|---|
| Machine not turning on/no power. | Not plugged in, power outlet issue. | Ensure machine is securely plugged into a working outlet. Check circuit breaker. |
| Coffee not brewing or slow flow. | Low water level, machine needs descaling, capsule not inserted correctly. | Refill water tank. Perform descaling cycle. Ensure capsule is properly seated and lever is locked. |
| Blinking orange light (specific to some models). | Indicates a need for descaling or an internal mechanism issue. | Refer to the instruction booklet for specific blinking light patterns. Often requires descaling or manually releasing a seized part (as noted in customer reviews). If problem persists, contact Nespresso support. |
| Water accumulation in pod bowl. | Normal after brewing, or slight overflow. | Blot out water before inserting a new pod. Ensure drip tray is not full. |

*Note: For detailed troubleshooting steps and specific error codes, always refer to the official Nespresso VertuoPlus instruction booklet.*

## Specifications

**Brand:** Nespresso

**Model Name:** Nespresso Vertuo Next Matte Black by Breville

**Model Number:** BNV520MTB1BUC1

**Color:** Matte Black

**Product Dimensions:** 6"D x 17"W x 13"H
