1. INTRODUCTION

Thank you for choosing the erjigo KZ SA08 True Wireless Bluetooth Earbuds. This manual provides detailed instructions for the proper use, setup, and maintenance of your new earbuds. Please read this manual thoroughly before use to ensure optimal performance and longevity of your device.

Product Features:

- **8BA High-Fidelity Sound:** Features 8 customized balanced armatures for clear and natural audio.
- **Bluetooth 5.0:** Ensures stable connection and high-quality music transmission with AAC coding.
- **Physical Passive Noise Reduction:** Ergonomic design reduces external environmental noise.
- **Low Latency High-Performance Mode:** Reduces audio delay for gaming and video.
- **Smart Touch Controls:** Intuitive touch interface for music, calls, and other functions.
- **Independent Earbud Use:** Both left and right earbuds can be used independently.

2. SETUP

2.1 What's in the Box

- KZ SA08 True Wireless Earbuds (Left and Right)
- Charging Case
- User Manual

2.2 Charging the Earbuds and Case

1. Place the earbuds into the charging case, ensuring they are correctly seated in their respective slots.

2. Connect the charging case to a power source using a compatible USB cable (not included).
3. The indicator lights on the case will show the charging status. Refer to the case's indicators for full charge status.

Note: Fully charge the earbuds and charging case before first use.

2.3 Bluetooth Pairing

1. **Initial Pairing:** Take both earbuds out of the charging case. They will automatically power on and enter pairing mode.
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "KZ SA08" from the list of found devices to connect.
4. Once connected, you will hear an audible confirmation, and the earbuds' indicator lights will change.

Headphone Out Of The Cabin Flash Back Connection

Abandon complicated operations, intelligently
automatically connect back to your mobile phone

Take out the headset, turn it on automatically and complete binaural
pairing. After the first connection, each time you use it, you just need to
remove the headset from the charging compartment, and it will
automatically connect back to the phone.

Image: The KZ SA08 earbuds automatically connecting to a mobile phone after being removed from their charging case, illustrating the flash back connection feature.

Automatic Reconnection: After the first successful pairing, the earbuds will automatically connect to the last paired device when removed from the charging case.

3. OPERATION

3.1 Wearing the Earbuds

The earbuds are designed with an ergonomic ear hook structure for a secure and comfortable fit. Insert the earbud into your ear canal and adjust the ear hook over your ear until it feels stable. Proper fit ensures optimal sound quality and passive noise reduction.

Physical Passive Noise Reduction Technology

Really reduce external environmental noise interference

The outer curve of the cavity designed for the structure of the human body fits closely with the auricle. After being worn correctly, it can effectively reduce the interference of external environmental noise and enjoy music quietly.

3.2 Touch Controls

The KZ SA08 earbuds feature intuitive touch controls on each earbud. The functions are as follows:

Action	Function
Single click touch key	Play/Pause music, Answer/Hang up a call
Double click left/right touch key	Previous/Next song
Long press touch key	Reject call
Long press touch key for 2 seconds	Activate Voice Assistant (Siri, Google Assistant, etc.)
Triple click touch key	Activate High-Performance Mode (for gaming/video)

Music / Call / Game One Touch

Human body induction to prevent
accidental touch and operation

Play/pause
click the touch key

Answer/hang up a call
click the touch key

Previous/Next song
Double-click the left/
right touch key

Reject call
long press touch key

Start Siri
long press the touch key
for 2 seconds

Start high performance mode
click three times touch key

3.3 Independent Earbud Use

Both the left and right earbuds can be used independently. This allows for flexible usage, such as using one earbud for calls while the other charges, or for maintaining awareness of your surroundings.

Both Left And Right Earphones Can Be Used Independently

Free switching between single and double ears

Most true wireless headsets on the market distinguish between the main and sub-headsets, and only support the independent use of the main headset. SA08 is not restricted, and the left and right earphones can be used alone for normal calls.

4. MAINTENANCE

4.1 Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Gently remove any earwax or debris from the ear tips and speaker mesh using a small, soft brush or cotton swab.

4.2 Storage

- When not in use, always store the earbuds in their charging case to protect them and keep them charged.
- Store the device in a cool, dry place, away from extreme temperatures and direct sunlight.

4.3 Battery Care

- To preserve battery life, avoid fully discharging the earbuds and charging case frequently.
- Charge the device regularly, even if not in frequent use.

5. TROUBLESHOOTING

Common Issues and Solutions:

- **Earbuds not pairing or only one earbud working:**
 - Ensure both earbuds are fully charged.
 - Place both earbuds back into the charging case, close the lid for a few seconds, then take them out again to re-initiate pairing.
 - On your device, forget or delete "KZ SA08" from your Bluetooth settings, then attempt to pair again from scratch.
- **Earbuds not charging:**
 - Check that the charging cable is securely connected to both the case and the power source.
 - Ensure the charging contacts on the earbuds and inside the case are clean and free of debris.
 - Try a different charging cable or power adapter.
- **Low volume or poor sound quality:**
 - Adjust the volume on both your connected device and the earbuds.
 - Ensure the earbuds are properly seated in your ears for a good seal.
 - Clean any earwax or debris from the ear tips and speaker mesh.
- **Bluetooth connection unstable:**
 - Ensure your device is within the effective range of the earbuds (typically 10 meters/33 feet) without significant obstacles.
 - Avoid environments with strong Wi-Fi or other wireless interference.
 - Disconnect and reconnect the earbuds from your device.

6. SPECIFICATIONS

Feature	Detail
Brand	erjigo

Feature	Detail
Model	SA08
Bluetooth Version	5.0
