SETUP

- Charging:** Before first use, fully charge the projector using the provided USB cable. Connect the cable to the projector's USB port and a compatible USB power adapter (not included). A full charge takes approximately 2 hours.
- Inserting Projection Film:**
 - Remove the outer dome cover.
 - Remove the inner transparent projection film cylinder.
 - Select your desired projection film and carefully place it inside the projector.
 - Reattach the inner cylinder and then the outer dome cover.
- Night Light Mode:** To use as a simple night light without projection, ensure the outer dome cover is in place and no projection film is inserted.

Step 1: Remove outer dome.

Step 2: Remove inner cylinder.

Step 3: Insert film.

Step 4: Reattach dome.

OPERATION

The projector can be controlled using the buttons on the device or the included remote control.

Device Buttons:

- **Power Button:** Press to turn the projector ON/OFF.
- **Rotation Button:** Activates or deactivates the 360° rotation.
- **Light Mode Button:** Cycles through different light colors and modes.
- **Music Button:** Plays or pauses music.

Remote Control Functions:

The remote control offers comprehensive control over all features:

- **ON/OFF:** Power the device.
- **Brightness Adjustment (W, Y, B buttons):** Adjust the intensity of white, yellow, or blue light.
- **Color Modes (Color buttons):** Select single colors or multi-color combinations.
- **Rotation Control:** Start or stop the projection rotation.
- **Music Selection (1-8 buttons):** Choose from the 8 built-in melodies.

- **Volume Control (+/-):** Adjust music volume.
- **Timer (15/30 min):** Set automatic shut-off after 15 or 30 minutes.

MAINTENANCE

- **Cleaning:** Wipe the projector's exterior with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the projector in a cool, dry place when not in use.

- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge regularly.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Projector does not turn on.	Low battery or not charged.	Connect the projector to a power source using the USB cable and charge it fully.
Remote control is not working.	Battery in remote is dead or remote is too far/not aimed correctly.	Ensure the remote has fresh batteries. Point the remote directly at the projector. Reduce distance to the projector.
Projection is blurry or unclear.	Protective film not removed from projection lens or dirty lens.	Ensure all protective films are removed. Gently clean the projection lens with a soft cloth.
Music volume is too loud/quiet.	Volume setting needs adjustment.	Use the volume +/- buttons on the remote control to adjust the sound level.
Projection is not rotating.	Rotation function is off.	Press the rotation button on the device or remote control to activate rotation.

SPECIFICATIONS

Feature	Detail
