JEKCA ST19ML01

JEKCA Panda 01S Animal Plastic Building Blocks Instruction Manual

Model: ST19ML01

1. INTRODUCTION

This manual provides detailed instructions for assembling your JEKCA Panda 01S Animal Plastic Building Blocks. JEKCA blocks utilize a unique interlocking brick-through system, ensuring a sturdy and durable final sculpture. Please read all instructions carefully before beginning assembly.

Recommended Age: 14 years and up

2. WHAT'S IN THE BOX

Your JEKCA Panda 01S kit includes:

- Over 730 plastic building block parts
- Detailed assembly manual
- Special interlocking screws
- Screwdriver tool

3. ASSEMBLY INSTRUCTIONS

The JEKCA building system uses a unique brick-through interlocking mechanism for enhanced stability. Follow these steps to construct your Panda 01S sculpture.

3.1 Understanding the Interlocking System

Unlike traditional building blocks, JEKCA blocks are secured using small screws that pass through the blocks, creating a robust connection.

Image 3.1: The JEKCA Brick-through Interlocking System. Insert the screw, then turn 90 degrees to lock.

3.2 Step-by-Step Assembly Process

Refer to the included printed manual for specific block placement. The general assembly sequence is as follows:

1. **Connect Blocks:** Place two blocks together as indicated in the manual.
2. **Insert Screws:** Insert the provided screws into the designated holes, passing through both connected blocks.
3. **Lock into Place:** Use the screwdriver to turn each screw 90 degrees. This action expands the screw head inside the block, securely locking the connection.

Image 3.3: Assembly in progress, demonstrating the use of the screwdriver.

3.3 Assembly Tips

- Organize your blocks by color and size before starting.
- Work on a clean, flat surface to prevent losing small parts.
- Follow the manual's sequence precisely to ensure structural integrity.
- Ensure each screw is turned 90 degrees for a secure lock.

3.4 Assembly Overview Video

Watch this video for a general overview of the JEKCA building block system and assembly process:

Video 3.1: JEKCA Building Blocks for Kidults. This video demonstrates the interlocking system and showcases various JEKCA sculptures, including the Panda.

4. OPERATING INSTRUCTIONS

Once assembled, your JEKCA Panda 01S is a static display sculpture. It is designed for display and appreciation, not for active play that might stress the connections.

5. MAINTENANCE

To maintain the appearance of your JEKCA Panda 01S:

- **Cleaning:** Gently wipe with a dry, soft cloth to remove dust. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all parts and screws organized to prevent loss.

6. TROUBLESHOOTING

- **Difficulty Interlocking:** Ensure blocks are aligned correctly before inserting screws. If a screw doesn't turn 90 degrees, check for obstructions or misaligned blocks.
- **Loose Connections:** Verify that all screws are fully turned 90 degrees. If a connection feels loose, gently tighten the corresponding screw.
- **Missing Parts:** Carefully check all packaging. If parts are genuinely missing, contact JEKCA customer support.

7. SPECIFICATIONS

Feature	Detail
Product Model Number	ST19ML01
Product Dimensions (L x W x H)	4.45 x 5.16 x 5.59 inches (approx. 11.3 x 13.1 x 14.2 cm)
Item Weight	1.19 pounds
Number of Pieces	Greater than 730
Recommended Age	14 years and up
Manufacturer	L10 Srl
