Tomtoc FancyCase-B06 iPad Case Plus (11 Inch) Instruction Manual

Model: A06-005D01

INTRODUCTION

The Tomtoc FancyCase-B06 iPad Case Plus is designed to provide protection and organized storage for your 11-inch iPad and its accessories. This case features a durable, water-resistant exterior and multiple compartments for efficient organization of your devices, chargers, cables, and other essentials. It is engineered to protect against drops and impacts, ensuring the safety of your valuable electronics during travel or daily use.

This manual provides detailed instructions for the proper use, maintenance, and care of your Tomtoc FancyCase-B06.

SETUP AND DEVICE PLACEMENT

Follow these steps to properly set up and place your devices and accessories within the case.

- Main Tablet Compartment:** Open the case. Carefully slide your 11-inch iPad Pro, iPad Air, or compatible tablet into the main padded compartment. This compartment is designed to fit devices with or without a Smart Keyboard Folio or similar slim case. The velvet fabric lining helps prevent screen scratches.
- Keyboard Storage:** On one side of the case, a dedicated mesh pocket is available for a third-party keyboard, such as the Logitech K380. Ensure the keyboard is securely placed within this pocket.
- Accessory Organization:** The opposite side features elastic straps and a large mesh bag. Use the elastic straps to secure smaller items like your Apple Pencil, charging adapters, USB cables, and dongles. The large mesh bag can accommodate additional accessories like power banks or larger cables.

Organized Storage Capacity

keep your third-party keyboard and adapter well organized

OPERATING INSTRUCTIONS

The Tomtoc FancyCase-B06 is designed for ease of use and portability.

- **Carrying:** Utilize the comfortable handle for easy carrying. The ergonomic groove design enhances grip and comfort.
- **Transportation:** The slim profile of the case allows it to be easily inserted into a backpack, briefcase, or luggage, making it ideal for travel, commuting, or daily use.
- **Accessing Contents:** The top-quality YKK zipper provides smooth and reliable access to your devices and accessories. Ensure the zipper is fully closed to secure contents and protect against dust and spills.

MAINTENANCE AND CARE

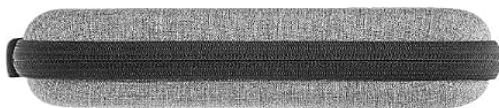

To ensure the longevity and optimal performance of your Tomtoc FancyCase-B06, follow these maintenance guidelines:

- **Cleaning:** For general cleaning, wipe the exterior with a soft, damp cloth. For stubborn stains, a mild soap solution can be used, followed by wiping with a clean, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Spill Resistance:** The case is made from water-resistant fabric. In case of spills, wipe the liquid immediately to prevent absorption. While water-resistant, the case is not fully waterproof; avoid submerging it in water.
- **Zipper Care:** Keep the YKK zipper free from dirt and debris. If the zipper becomes stiff, a small amount of zipper lubricant can be applied.
- **Storage:** When not in use, store the case in a cool, dry place away from direct sunlight and extreme temperatures.

Difference between Standard-, and Plus-version

Standard
version

Bluetooth
keyboard

iPad
Charger

Plus
version

Bluetooth
keyboard

iPad
Charger

TROUBLESHOOTING

If you encounter any issues with your Tomtoc FancyCase-B06, refer to the following common solutions:

- **Device Not Fitting:** Ensure your device is within the specified internal dimensions (10.82" x 7.87"). This case is

designed for 11-inch iPads and similar-sized tablets. If you have a larger device or a very bulky protective case on your tablet, it may not fit.

- **Accessories Not Fitting:** The "Plus" version of this case is specifically designed to accommodate an iPad charger and a third-party keyboard like the Logitech K380. If you have a "Standard" version, these larger accessories may not fit. Refer to the product specifications or packaging to confirm your case version.
- **Zipper Sticking:** Check for any fabric or debris caught in the zipper teeth. Gently remove any obstructions. If the zipper still sticks, apply a small amount of graphite from a pencil or a commercial zipper lubricant to the teeth.
- **Case Deformation:** The EVA hard shell exterior is designed to prevent external deformation and has passed military-standard drop tests. Minor indentations may occur under extreme pressure but should not affect the protective qualities. If significant damage occurs, refer to the warranty section.

Image: The Tomtoc FancyCase-B06 highlighting its military-standard drop test approval (MIL-STD-810H), confirming its robust protection against impacts from up to 4 feet.

Perfect Fit

11-inch iPad Pro (M4) & iPad Air (M2)
10.9-inch iPad Air (5th/4th Generation)
10.9-inch iPad (10th) & 10.2-inch iPad (9th)
with Magic Keyboard or Smart Keyboard Folio
