Vente-unique LAURENT Extensible Dressing Instruction Manual

Model: 03K13986 | Brand: Vente-unique

INTRODUCTION

Thank you for choosing the Vente-unique LAURENT Extensible Dressing. This manual provides essential information for the safe assembly, operation, and maintenance of your new wardrobe. Please read these instructions carefully before beginning assembly and keep them for future reference.

Product Overview

The LAURENT extensible dressing unit is designed for versatile storage, featuring two hanging rails, four shelves, and one drawer. It includes a curtain for covering the hanging section. Its unique extensible design allows you to adjust the width by cutting the hanging rails to fit your space.

SAFETY INFORMATION

Important: Please read and understand all safety warnings before assembly and use.

- Assemble the unit carefully, strictly following the provided instructions.
- Do not exceed the maximum load capacity for shelves and hanging rails to prevent instability or damage.
- Be aware of potential pinch points during assembly, use, and maintenance, especially when adjusting or moving components.
- Ensure the unit is placed on a flat, stable surface. Wall mounting is recommended for added stability.

- Keep small parts and packaging materials away from children to prevent choking hazards.

SETUP AND ASSEMBLY

Assembly is required for this dressing unit. Follow these steps carefully.

Required Tools (Not Included):

- Screwdriver (Phillips head)
- Hammer
- Measuring tape
- Saw (for cutting hanging rails, if adjusting width)

Assembly Steps:

1. **Unpack Components:** Carefully unpack all parts and hardware. Verify all components are present against the parts list (usually found in the separate assembly manual).
2. **Assemble Frame:** Begin by assembling the main frame structure using the provided screws and connectors. Ensure all connections are secure.
3. **Install Shelves:** Attach the four shelves into their designated positions. The unit features a reversible design, allowing flexibility during installation.
4. **Assemble Drawer:** Construct the drawer according to the instructions. Install the drawer into its designated slot within the shelving unit.
5. **Adjust Hanging Rails:** The dressing unit is extensible. To adjust the width from 160 cm down to 110 cm, you will need to cut the hanging rails to the desired length. Measure carefully before cutting.
6. **Attach Hanging Rails:** Securely attach the two hanging rails to the frame.
7. **Install Curtain:** Hang the curtain on the designated rail to cover the hanging section.
8. **Stabilize Unit:** Use the provided ABS anti-noise and anti-scratch glides (chevilles) to stabilize the furniture and protect your floor. Wall mounting is recommended for optimal stability.

OPERATING INSTRUCTIONS

The LAURENT extensible dressing is designed for efficient storage and organization.

Storage Options:

- **Hanging Rails:** Utilize the two hanging rails for clothes that require hanging, such as shirts, dresses, and coats.
- **Shelves:** The four shelves provide ample space for folded garments, accessories, or storage boxes.
- **Drawer:** The integrated drawer is ideal for smaller items, undergarments, or valuables.

Adjusting Width:

The extensible feature allows you to customize the width of the hanging section. If you need to change the width after initial assembly, carefully remove the hanging rails, cut them to the new desired length (between 110 cm and 160 cm), and re-install them securely.

MAINTENANCE

Proper maintenance will ensure the longevity and appearance of your dressing unit.

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the melamine finish.
- **Inspections:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Load Capacity:** Always adhere to the recommended load capacity for shelves and hanging rails to prevent structural damage.
- **Curtain Care:** Follow the care instructions for the curtain material to maintain its appearance.

TROUBLESHOOTING

This section addresses common issues you might encounter.

- **Unit feels unstable:**

- Ensure all screws and fasteners are tightened.
- Verify the unit is on a level surface.
- Confirm wall mounting has been correctly performed if applicable.
- Check that the ABS glides are properly installed.

- **Drawer does not slide smoothly:**

- Check for any obstructions in the drawer runners.
- Ensure the drawer is assembled correctly and aligned with the runners.
- Verify that the unit itself is level and not warped.

- **Hanging rail seems loose:**

- Re-tighten the screws securing the hanging rail brackets.
- Ensure the rail was cut to the correct length and fits snugly.
