

Pure 248482

Pure Elan Connect Portable DAB+ Radio User Manual

Model: 248482

Brand: Pure

1. INTRODUCTION

The Pure Elan Connect is a versatile portable radio offering a wide range of listening options including DAB+, FM, and Internet Radio. It features Bluetooth 5.0 connectivity for streaming audio from external devices, a clear TFT color display, and can be powered by mains or batteries for portability. This manual provides detailed instructions for setting up, operating, and maintaining your Elan Connect radio.

2. SAFETY INFORMATION

- Do not expose the unit to rain or moisture to prevent fire or electric shock.
- Ensure proper ventilation. Do not block ventilation openings.
- Use only power adapters specified by the manufacturer. The unit does not include a power adapter; use a standard USB charger (5V, 0.5A to 2A output).
- Do not attempt to disassemble or modify the unit. Refer all servicing to qualified personnel.
- Keep away from direct sunlight, heat sources, and strong magnetic fields.
- When using batteries, ensure they are inserted with correct polarity. Remove batteries if the unit will not be used for a long period.
- Dispose of batteries responsibly according to local regulations.

3. PACKAGE CONTENTS

Please check that all items are present:

- Pure Elan Connect Radio

- USB Charging Cable (Power adapter not included)
- User Manual (this document)

4. PRODUCT OVERVIEW

Familiarize yourself with the main components of your Pure Elan Connect radio.

Figure 4.1: Front view of the Pure Elan Connect radio in Charcoal Black. It features a speaker grille on the left, a color TFT display on the right, and control buttons and a rotary dial below the display.

Figure 4.2: Rear view of the Pure Elan Connect radio. It shows the extendable telescopic antenna, a battery compartment cover, a 3.5mm headphone jack, and a micro USB power input port.

Figure 4.3: Dimensions of the Pure Elan Connect radio. The radio measures approximately 21.2 cm in length, 8.9 cm in width, and 12 cm in height.

5. SETUP

5.1 Powering On

The Elan Connect can be powered using the supplied USB cable connected to a USB power adapter (not included) or by inserting 4 AA batteries (not included) into the battery compartment on the rear of the unit.

1. **Mains Power:** Connect the micro USB end of the cable to the 'Input 5V 2.0A' port on the back of the radio and the other end to a suitable USB power adapter. Plug the adapter into a wall socket.
2. **Battery Power:** Open the battery compartment cover on the rear. Insert 4 AA batteries, ensuring correct polarity. Close the cover securely.

5.2 Initial Setup Wizard

The first time you power on the radio, it will guide you through an initial setup wizard.

1. **Language Selection:** Use the rotary dial to scroll through the available languages and press the dial to confirm your selection.
2. **Network Setup (for Internet Radio):** The radio will prompt you to connect to a Wi-Fi network.
 - Select 'Scan' to find available networks.
 - Choose your Wi-Fi network from the list.
 - Enter the Wi-Fi password using the rotary dial to navigate characters and press to select.

- Once connected, the radio will confirm the connection.

3. **Time and Date:** The radio can automatically set the time and date via DAB or Internet connection. You can also set it manually.

6. OPERATING INSTRUCTIONS

Your browser does not support the video tag.

Video 6.1: This video demonstrates the physical overview of the Pure Elan Connect radio, including its compact size, the extendable antenna, and the basic interaction with the rotary dial and display for selecting modes and adjusting volume.

6.1 Switching Between Modes

The Elan Connect supports multiple listening modes: Internet Radio, DAB+, FM, and Bluetooth. Press the 'Mode' button (usually labeled with a house icon or 'Menu') to cycle through the available modes or access the main menu to select your desired source.

6.2 Internet Radio

Access thousands of internet radio stations from around the world.

1. Select 'Internet Radio' from the mode menu.
2. You can browse stations by location, genre, or search for specific stations.
3. Use the rotary dial to navigate and select stations.
4. To save a station as a preset, press and hold one of the preset buttons (1, 2, 3+) until the display confirms the save.

6.3 DAB+ Radio

Enjoy high-quality digital radio broadcasts.

1. Extend the telescopic antenna fully for optimal reception.
2. Select 'DAB+' from the mode menu.
3. The radio will automatically scan for available DAB+ stations.
4. Use the rotary dial to browse and select stations.
5. Save stations to presets as described for Internet Radio.

6.4 FM Radio

Tune into traditional FM broadcasts.

1. Extend the telescopic antenna fully.
2. Select 'FM' from the mode menu.
3. Use the rotary dial to manually tune or press the 'Scan' button to auto-scan for stations.
4. Save stations to presets as described previously.

6.5 Bluetooth Connectivity

Stream audio wirelessly from your smartphone, tablet, or other Bluetooth-enabled device.

1. Select 'Bluetooth' from the mode menu. The radio will enter pairing mode and become discoverable.
2. On your external device, enable Bluetooth and search for 'Pure Elan Connect'.
3. Select the radio from the list to pair. Once paired, you can play audio through the radio's speaker.

6.6 Using Presets

The Elan Connect allows you to save up to 20 presets for each source (DAB+, FM, Internet Radio).

- **Saving a Preset:** While listening to a station, press and hold one of the numbered preset buttons (1, 2, or 3+). If you press 3+, the display will show a list of available preset slots (3-20). Use the rotary dial to select a slot and press to confirm.
- **Recalling a Preset:** Briefly press the corresponding numbered preset button (1, 2, or 3+). If you press 3+, use the rotary dial to select the desired preset from the list and press to confirm.

6.7 Display and Volume Control

- **Volume:** Rotate the main dial to adjust the volume level.
- **Display Brightness:** Navigate to 'System Settings' > 'Display' to adjust the brightness level of the TFT color display.

7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the radio's surface. Do not use abrasive cleaners or solvents.
- **Antenna:** Handle the telescopic antenna with care to avoid bending or breaking.
- **Software Updates:** The radio supports over-the-air software updates. Check for updates periodically via 'System Settings' > 'Software Update' to ensure optimal performance and access to new features.

8. TROUBLESHOOTING

Problem	Possible Cause / Solution
No power / Unit does not turn on.	◦ Ensure the USB cable is securely connected to both the radio and a working power adapter/USB port. ◦ If using batteries, check that they are inserted correctly and are not depleted. Replace with fresh batteries if necessary.

Problem	Possible Cause / Solution
No sound.	◦ Check the volume level. ◦ Ensure headphones are not plugged into the 3.5mm jack if you intend to use the speaker. ◦ For radio modes, check signal strength. ◦ For Bluetooth, ensure the device is properly paired and playing audio.
Poor DAB+/FM reception.	◦ Fully extend and adjust the telescopic antenna. ◦ Try repositioning the radio to a location with better signal. ◦ Perform a full scan for stations.
Cannot connect to Wi-Fi / Internet Radio not working.	◦ Ensure your Wi-Fi network is active and within range. ◦ Double-check the Wi-Fi password. ◦ Restart your Wi-Fi router. ◦ Check 'System Settings' > 'Network' to ensure Wi-Fi is enabled and configured correctly.
Bluetooth pairing issues.	◦ Ensure the radio is in Bluetooth mode and discoverable. ◦ Make sure your external device's Bluetooth is enabled and searching. ◦ Move the devices closer to each other. ◦ Try unpairing and re-pairing the devices.

9. SPECIFICATIONS

Pure Elan Connect: The All-In-One Internet Radio
Discover a world of music and radio with the Elan Connect radio. With access to DAB+FM radio, Internet radio stations anywhere around the world and seamless Bluetooth connectivity, Elan Connect provides unparalleled listening choice. The radio comes with a vivid full colour display and a clean button layout, making it quick and easy to navigate. With the option to be powered by a USB cable or batteries (x 3 AA), Elan Connect can be moved to any room and will fit your home with the radio and music you love.

More stations, digital quality
DAB+ digital radio brings you a diverse range of great content in highly-detailed, digital quality sound; much of which is only available on digital radio. Elan Connect automatically finds all available digital stations in your area for an easy listening experience, plus there's FM radio for any station that has not yet gone digital.

World radio
With access to more than 25,000 Internet radio stations from around the world, there will always be something that suits your mood.

Bluetooth connectivity
Simply connect your smartphone, laptop or tablet devices to Elan Connect to use as your personal wireless speaker. Stream your favourite playlists from any app in high-quality digital sound.

PRODUCT DETAILS

Pure Elan Connect: The All-In-One Internet Radio
Discover a world of music and radio with the Elan Connect radio. With access to DAB+/FM radio, Internet radio stations anywhere around the world and seamless Bluetooth connectivity, Elan Connect provides unparalleled listening choice. The radio comes with a vivid full colour display and a sleek touch screen, making it quick and easy to navigate. With the option to be powered by a USB cable or batteries (4 x AA), Elan Connect can be moved to any room and will fit your home with the radio and music you love.

More stations, digital quality
DAB+ digital radio brings you a diverse range of great content in highly detailed, digital quality sound much of which is only available on digital radio. Elan Connect automatically finds all available digital stations in your area for an easy listening experience, plus there's FM radio for any station that has not yet gone digital.

World radio
With access to more than 25,000 Internet radio stations from around the world, there will always be something that suits your mood.

Bluetooth connectivity
Simply connect your smartphone, laptop or tablet devices to Elan Connect to use as your personal wireless speaker. Stream your favourite playlists from any app in high quality digital sound.

Great quality sound
High quality audio comes as standard with Elan Connect. Listen to your favourite stations, podcasts and personal playlists through the 3W speaker, combined with the digital amplifier to ensure crisp and natural audio. Adjustable touch/slide controls enable you to tune the sound to your personal preference, giving you complete control over your listening experience. Save your personal preferences in My EQ or use any of the other available EQ settings.

PRODUKTDETAILS

Pure Elan Connect: Das All-in-One Internetradio

Mit dem Elan-Connect-Radio eine Welt der Musik und der Radios entdecken. Mit Zugang zu DAB+/UKW-Radio, Internet-Radiosendern (Zugang auf der Welt und nativem Bluetooth-Konnektivität), bietet Elan Connect eine unvergleichliche Musikwelt. Das Radio verfügt über ein separates Tastenfeld und eine übersichtliche Tastenanordnung, die eine schnelle und einfache Navigation ermöglicht. Mit der Option, über ein USB-Kabel oder Batterien (z. B. AA) betrieben zu werden, gibt das Elan-Connect jeden beliebigen Raum mit Radio und Lautsprecher aus.

Mehr Sender in digitaler Qualität

Das DAB+ Digitalradio bietet eine vielfältige Auswahl an prägnanten, oft exklusiven Inhalten in hochdetailliertem, digitalem Klang. Das Elan-Connect-Radio automatisch alle verfügbaren Digitalstationen in der Nähe für ein unkompliziertes Hörerlebnis. Außerdem gibt es UKW-Radio für jeden Sender, der noch nicht digital geworden ist.

Radioraum

Mit Zugang zu mehr als 25.000 Internet-Radiosendern aus aller Welt ist immer etwas für den persönlichen Geschmack dabei.

Bluetooth-Konnektivität

Durch Anschließen von Smartphone, Laptop oder Tablet (z. B. an das Elan-Connect-Radio) wird das Radio zum persönlichen, drahtlosen Lautsprecher. Leistungsstärker als je zuvor betriebsbereit Anwendung werden in hochwertigen Digitalformaten geteilt.
