1. SAFETY INFORMATION

Read all instructions before assembly and use. Failure to follow these instructions may result in injury or product damage.

- **Secure the Base:** Always use a weighted base (not included, search XN4150) to prevent the umbrella from tipping over. Ensure the base is adequately filled with sand or water as per its instructions.
- **Wind Conditions:** Close the patio umbrella in case of strong winds, heavy rain, or severe weather conditions to prevent damage to the umbrella and potential hazards.
- **Assembly:** Assembly may require two adults due to the size and weight of components.
- **Clearance:** Ensure adequate clearance around the umbrella when rotating or tilting to avoid obstructions or collisions.
- **Children and Pets:** Keep children and pets away from the umbrella during operation to prevent accidents.
- **Maintenance:** Regularly inspect all bolts and connections to ensure they are tight and secure.

2. SETUP INSTRUCTIONS

Follow these steps to correctly assemble your PURPLE LEAF Cantilever Patio Umbrella.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify all components are present

according to the packing list.

2. **Assemble the Base:** If using a fillable base (not included), assemble it according to its specific instructions and fill it with the recommended material (e.g., sand or water) to ensure stability.
3. **Attach Pole to Base:** Securely attach the main aluminum pole to the assembled weighted base using the provided hardware. Ensure all bolts are tightened.
4. **Mount the Umbrella Canopy:** Carefully lift and slide the umbrella canopy assembly onto the top of the main pole. This step may require two people due to the size and weight.
5. **Remove Packing Material:** Remove any remaining protective packing materials from the umbrella ribs and frame.
6. **Initial Opening:** Slowly open the umbrella using the crank system to ensure smooth operation and proper alignment.

3. OPERATING INSTRUCTIONS

Your PURPLE LEAF Cantilever Patio Umbrella is designed for easy and flexible use.

3.1 Opening and Closing the Umbrella

- **To Open:** Locate the crank handle on the main pole. Rotate the crank clockwise to extend the canopy until it is fully open.
- **To Close:** Rotate the crank handle counter-clockwise to retract the canopy until it is fully closed. Secure the canopy with the attached strap if available.

Ultra-stable Weighted Base Tube

Poured high-density iron, upgrade weight up to **13.22 lbs**

Image: A detailed view of the easy-grip handle and crank mechanism used for opening and closing the umbrella canopy.

3.2 360-Degree Rotation

The umbrella features a 360-degree rotation mechanism for optimal shade positioning.

- **To Rotate:** Locate the foot pedal or rotation handle at the base of the main pole. Depress or unlock the mechanism and gently rotate the umbrella canopy to the desired position. Release the pedal/lock to secure it.

5 Levels Height Adjustment

Adjust to perfect angle as you need

Image: The umbrella demonstrating its 360-degree rotation capability, allowing for flexible shade coverage.

3.3 Height and Angle Adjustment

Adjust the height and angle of the canopy to suit your shading needs.

- **To Adjust Height/Angle:** Use the handle design and crank system on the main pole to select from 5 available height and angle positions. Push the handle to release the lock and adjust the umbrella to your preferred height and tilt. Release the handle to lock it in place.

360° Senior-Friendly 360° ROTATION

3X Easier than foot pedals, perfect for seniors!

Reduced Effort Handle

4. MAINTENANCE

Proper maintenance will extend the life and appearance of your umbrella.

- **Cleaning the Canopy:** Clean the polyester fabric canopy with mild soap and water. Rinse thoroughly and allow to air dry completely before closing or storing. Do not use harsh chemicals or abrasive cleaners.
- **Frame Care:** Wipe the aluminum frame with a damp cloth. For stubborn dirt, use mild soap and water. Ensure the frame is dry to prevent water spots.
- **Lubrication:** Periodically lubricate moving parts of the crank and rotation mechanisms with a silicone-based spray to ensure smooth operation.
- **Storage:** When not in use for extended periods or during off-season, close the umbrella, secure it with the strap, and cover it with a protective cover (not included) to shield it from elements. Store in a dry, sheltered area if possible.
- **Inspection:** Regularly check all nuts, bolts, and connections to ensure they remain tight. Tighten as necessary.

Double the Pole Thickness

4x the bending resistance of 2-inch poles

Wind load capacity doubles

Image: A close-up of the 240 GSM polyester fabric, showing its texture and quality, which is UV resistant and water-repellent.

5. TROUBLESHOOTING

If you encounter any issues with your umbrella, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Umbrella will not open/close smoothly.	Mechanism is dry or obstructed.	Apply silicone lubricant to the crank and sliding parts. Check for any debris or fabric caught in the mechanism.
Umbrella is unstable or tips over.	Base is not adequately weighted or secured.	Ensure the weighted base is fully filled with sand or water. Verify all connections to the base are tight. Close the umbrella in windy conditions.
Canopy fabric appears faded or stained.	Prolonged exposure to sun/elements or dirt accumulation.	Clean the canopy with mild soap and water. While the fabric is UV resistant, prolonged extreme exposure can cause minimal fading over time. Use a protective cover when not in use.
Rotation mechanism is stiff.	Lack of lubrication or debris in the base.	Lubricate the rotation mechanism at the base. Clear any debris from around the base.

6. SPECIFICATIONS

Feature	Detail
Brand	PURPLE LEAF
Model	12 FT Square Single Top Cantilever Umbrella (B08LCZCHSM)
Canopy Size	12' x 12' (Square)
Canopy Material	240/gsm Yarn Dyed Polyester Fabric
Canopy Features	UV Resistant, Water-Repellent, Fadeless
Pole Material	Powder-Coated Aluminum
Pole Diameter	4 inches
Ribs	8 Heavy-Duty Aluminum Ribs
Opening Mechanism	Crank System with Unique Handle Design
