

## YOGASLEEP BND1047

# Yogasleep Travel Mini Portable White Noise Sound Machine Instruction Manual

Model: BND1047

Brand: YOGASLEEP

## 1. INTRODUCTION

---

This manual provides instructions for the safe and effective use of your Yogasleep Travel Mini Portable White Noise Sound Machine. Please read this manual thoroughly before operating the device and retain it for future reference.

### Package Contents:

- Yogasleep Travel Mini Portable White Noise Sound Machine (2 units)
- USB Recharging Cable
- Lanyard

## 2. IMPORTANT SAFETY INFORMATION

---

Please observe the following safety guidelines to prevent damage to the device or injury to users:

- **Continuous Use:** Do not leave this product continuously plugged in for longer than 14 days. Unplug and turn off the device periodically.
- **Children:** This product is not intended as a toy. Children should use this device only under adult supervision.
- **Charging:** For proper use and optimal performance, only use the USB cable included with this unit for recharging.
- **Power Source:** Ensure the power source used for charging is compatible with USB specifications.

## 3. PRODUCT OVERVIEW

---

The Yogasleep Travel Mini is a compact and portable sound machine designed to provide a soothing audio environment. It features multiple sound options, a dimmable night light, and a rechargeable battery for convenience.

## Key Features:

- 6 Soothing Sound Options: White noise, brown noise, Dohm sound, Gentle Surf, Stream, and Thunderstorm.
- Dimmable Amber Night Light: Three brightness settings.
- Portable Design: Small and lightweight (under 5 oz), includes a lanyard for easy carrying.
- USB Rechargeable: Provides up to 8 hours of operation on a single charge.

## 4. SETUP

---

### 4.1 Initial Charging

Before first use, fully charge your Travel Mini sound machine. Connect the provided USB recharging cable to the Micro USB port on the device and to a compatible USB power source (e.g., computer USB port, wall adapter).

# USB-Rechargeable

\*Product must be turned off & unplugged every 14 days to ensure 100% functionality

For proper use, only use the provided USB cable included with this unit.

A full charge provides approximately 8 hours of operation. For optimal battery life, avoid leaving the device continuously plugged in for more than 14 days.

## 4.2 Attaching the Lanyard

The included lanyard can be attached to the designated loop on the device for convenient carrying or hanging. This allows for easy placement in various locations, such as on a stroller or bag.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Power On/Off

To turn the device on, press the power button. To turn it off, press the power button again.

### 5.2 Sound Selection

The Travel Mini offers six soothing sound options. To cycle through these options (white noise, brown noise, Dohm sound, Gentle Surf, Stream, Thunderstorm), press and hold the sound selection button.

## 5.3 Volume Control

Adjust the sound volume using the dedicated volume control buttons. Press '+' to increase volume and '-' to decrease volume.

## 5.4 Night Light Operation

The device includes a dimmable amber night light with three brightness settings. Briefly press the night light button to cycle through the three dimmable options. Amber light is chosen to minimize disruption to natural sleep cycles.

## 6. MAINTENANCE

---

### 6.1 Cleaning

To clean the device, gently wipe the exterior with a soft, dry cloth. Do not use liquid cleaners or abrasive materials, as these may damage the unit.

### 6.2 Storage

When not in use for extended periods, store the Travel Mini in a cool, dry place. Ensure the device is fully charged before storing to maintain battery health.

## 7. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Device does not turn on.	Battery is depleted.	Connect the device to a power source using the provided USB cable and allow it to charge.
No sound output.	Volume is too low or muted.	Increase the volume using the '+' button. Ensure a sound option is selected.
Night light not working.	Night light is off or at lowest setting.	Press the night light button briefly to cycle through brightness settings.
Device not charging.	Faulty USB cable or power source.	Ensure the USB cable is securely connected. Try a different USB power source. Use only the provided USB cable.
