

DuoTen V98

DuoTen V98 Wireless Earbuds Instruction Manual

1. INTRODUCTION

Thank you for choosing the DuoTen V98 Wireless Earbuds. This manual provides essential information for the proper setup, operation, and maintenance of your new earbuds. Please read it thoroughly before use to ensure optimal performance and longevity of the product.

2. PACKAGE CONTENTS

Verify that all items are present in your package:

- DuoTen V98 Wireless Earbuds (Left and Right)
- Charging Case
- Ear Cushions (various sizes)
- USB Charging Cable (not explicitly listed but implied for charging case)
- User Manual

3. KEY FEATURES

- **Hi-Fi Stereo Sound Quality:** Designed to provide an immersive audio experience with clear sound and deep bass.
- **One-Step Pairing & Bluetooth 5.0:** Ensures stable and fast connection with compatible Bluetooth devices.
- **Ergonomic Fit & IPX7 Waterproof:** Secure and lightweight design, resistant to sweat and splashes, suitable for sports.
- **Touch Control & LED Display:** Intuitive touch controls for music and calls, with an LED display on the charging case to show battery levels.
- **Portable Charge Case & Ultra-light Design:** Compact charging case for extended battery life and easy portability; earbuds weigh approximately 4g each.

4. SETUP GUIDE

4.1 Initial Charging

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case. Connect the charging case to a power source using the provided USB cable. The LED display on the charging case will indicate the charging status and battery level.

4.2 Pairing with a Device

The DuoTen V98 earbuds feature one-step pairing for convenience.

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your mobile phone, tablet, or laptop, navigate to the Bluetooth settings.
4. Search for available devices and select "V98" from the list.
5. Once selected, the earbuds will connect automatically. A voice prompt may confirm the connection.

5. OPERATING INSTRUCTIONS

5.1 Wearing the Earbuds

The earbuds are designed for an ergonomic and secure fit. Choose the ear cushions that best fit your ear canal for optimal comfort and sound isolation. Insert the earbuds gently into your ears and rotate slightly until they feel stable.

6. MAINTENANCE

6.1 Waterproofing (IPX7)

The DuoTen V98 earbuds are rated IPX7 waterproof, meaning they can withstand immersion in water up to 1 meter for 30 minutes. This makes them suitable for use during workouts, in light rain, or when exposed to splashes. However, they are not designed for swimming or prolonged submersion. Ensure the earbuds are dry before placing them back in the charging case to prevent damage.

6.2 Cleaning

Regularly clean your earbuds and charging case to maintain hygiene and performance. Use a soft, dry, lint-free cloth to wipe the surfaces. For earwax or debris in the ear tips, gently remove with a small, soft brush or cotton swab. Do not use abrasive materials or harsh chemicals.

7. TROUBLESHOOTING

If you encounter issues with your DuoTen V98 earbuds, refer to the following common solutions:

- **Earbuds not pairing:** Ensure both earbuds are charged. Place them back in the charging case, close the lid, then open it again to re-initiate pairing mode. Delete previous Bluetooth connections on your device and try pairing again.
- **Only one earbud working:** Try resetting the earbuds. Place both earbuds in the charging case, then take them out simultaneously. If the issue persists, try re-pairing them with your device.
- **No sound:** Check the volume level on both your device and the earbuds. Ensure the earbuds are properly connected to your device via Bluetooth.
- **Charging issues:** Verify that the charging cable is securely connected to both the case and the power source. Ensure the charging contacts on the earbuds and inside the case are clean and free of

debris.

- **Poor sound quality:** Ensure the earbuds are properly seated in your ears for a good seal. Try different sized ear cushions. Move closer to your connected device to avoid interference.

8. SPECIFICATIONS

Feature	Detail
Model Number	V98
