## 5. MAINTENANCE AND CARE

---

To ensure the longevity and hygiene of your MINISO We Bare Bears Car Neck Pillow, please follow these care instructions:

- **Hand Wash Only:** Gently hand wash the pillow using mild soap and cold water.
- **Do Not Bleach:** Avoid using bleach or harsh detergents, as these can damage the fabric and color.
- **Air Dry:** After washing, gently squeeze out excess water and allow the pillow to air dry completely in a well-ventilated area, away from direct sunlight or heat.
- **Do Not Iron:** Ironing is not recommended.
- **Spot Clean:** For minor spills or stains, spot clean with a damp cloth and mild detergent.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your neck pillow, consider the following:

- **Pillow not providing adequate support:** Ensure the pillow is correctly positioned to align with the natural curve of your neck. Adjust the height using the elastic strap.
- **Pillow appears slightly compressed:** Due to its polyester filling, the pillow is designed to have good rebound resilience. Gently fluff the pillow to restore its shape. If compression persists, ensure it has not been subjected to prolonged heavy pressure.
- **Strap not holding securely:** Check if the elastic strap is properly wrapped around the headrest or chair back. Ensure it is not twisted or obstructed.
