# SNOW Extra-Strength Teeth Whitening Serum User Manual

Model: 860002485621

## INTRODUCTION

The SNOW Extra-Strength Teeth Whitening Serum is designed to provide professional-level teeth whitening from the comfort of your home. This easy-to-use pen delivers a powerful yet gentle whitening formula to help reduce stains and achieve a brighter smile.

### IMPORTANT SAFETY INFORMATION

- **Patch Test:** Always perform a patch test before full application to check for sensitivity.
- **Discontinue Use:** Discontinue use immediately if sensitivity or irritation occurs.
- **Age Restriction:** Do not use if under 18 years of age.
- **Pregnancy:** Do not use if pregnant.
- **Ingredients:** Contains Hydrogen Peroxide, Carbamide Peroxide Glycerol, Aqua (Deionized Water), Sodium Bicarbonate, Carbomer, Potassium Nitrate, Mentha Piperita (Peppermint Oil).
- **Medical Advice:** Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition. Consult a dental

professional if you have concerns.

## SETUP

Before your first use, prepare the whitening pen as follows:

1. Remove the cap from the whitening pen.
2. Twist the bottom of the pen clockwise several times until a small drop of gel appears on the brush tip. This may require multiple twists during the first use.
3. Ensure the brush tip is adequately saturated with gel for application.

# Dental-Grade, On-The-Go Whitening Power Serum

## OPERATING INSTRUCTIONS

Follow these steps for effective teeth whitening:

1. **Clean Teeth:** Brush your teeth thoroughly before applying the serum.
2. **Dry Teeth:** Gently dry your teeth with a tissue to ensure optimal gel adhesion.
3. **Apply Serum:** Twist the bottom of the pen until a small amount of gel is visible on the brush. Apply a

thin, even layer of the whitening serum directly onto the front surface of each tooth you wish to whiten. Avoid applying to gums or lips.

4. **Allow to Set:** Keep your lips away from your teeth for 10-30 minutes to allow the serum to dry and activate.
5. **Rinse (Optional):** After the recommended time, you may rinse your mouth with water, though rinsing is not strictly necessary.
6. **Frequency:** For best results, use the pen twice a day for 14 days.

## MAINTENANCE

- **Storage:** Store the whitening pen in a cool, dry place away from direct sunlight.
- **Cleaning:** After each use, gently wipe any excess gel from the brush tip with a clean tissue before replacing the cap. Do not rinse the brush tip directly under water.
- **Cap:** Always replace the cap securely after use to prevent the gel from drying out.

## TROUBLESHOOTING

Issue	Possible Cause / Solution
<b>No gel dispensing:</b>	During first use, it may require many twists (up to 20-30) for the gel to reach the brush tip. Continue twisting until gel appears.
<b>Tooth sensitivity:</b>	This product is formulated for sensitive teeth, but individual reactions vary. Discontinue use if sensitivity persists. Ensure gel is not applied to gums.
<b>Not seeing results:</b>	Ensure consistent use (twice daily for 14 days). Apply a thin, even layer to dry teeth. Avoid consuming staining foods/drinks immediately after application. Results may vary based on initial tooth shade and type of stains.
<b>Gel dries too quickly:</b>	Ensure teeth are dry before application. Work quickly to apply the gel to all desired teeth.

For further assistance, please refer to the [SNOW Brand Store](#) or contact customer support.

## SPECIFICATIONS

Feature	Detail
<b>Product Dimensions</b>	1.5 x 0.75 x 5.13 inches
<b>Item Weight</b>	2.15 Ounces
