Spigen Liquid Crystal Glitter (ACS02348)

Spigen Liquid Crystal Glitter Case

INSTRUCTION MANUAL FOR SAMSUNG GALAXY S21 ULTRA 5G

1. Introduction

This manual provides essential information for the proper use and maintenance of your Spigen Liquid Crystal Glitter Case, designed specifically for the Samsung Galaxy S21 Ultra 5G. Please read these instructions carefully to ensure optimal protection and longevity for your device and case.

What's in the Box

- 1 x Spigen Liquid Crystal Glitter Case

Compatibility

This case is exclusively designed for the **Samsung Galaxy S21 Ultra 5G (6.8 inches)**. It is not compatible with the Samsung Galaxy S21+ (6.7 inches) or the Samsung Galaxy S21 (6.2 inches).

Compatibility.

Please check the model.

Image: Compatibility chart for Spigen Liquid Crystal Glitter case. The image clearly indicates that the case is compatible only with the 6.8-inch Samsung Galaxy S21 Ultra 5G, and explicitly states non-compatibility with the 6.7-inch Galaxy S21+ and the 6.2-inch Galaxy S21.

2. Setup and Installation

The Spigen Liquid Crystal Glitter Case is made from flexible Thermoplastic Polyurethane (TPU), allowing for easy installation and removal.

1. **Prepare your device:** Ensure your Samsung Galaxy S21 Ultra 5G is clean and free of dust or debris.
2. **Install the case:** Gently align your phone with the case, starting with one corner. Press the phone firmly into the case, ensuring all edges and corners are securely seated. The flexible material will conform to your device.
3. **Verify fit:** Check that all buttons, ports, and camera cutouts align perfectly with your phone.

3. Operating and Features

Your Spigen Liquid Crystal Glitter Case offers several features designed to protect and enhance your Samsung Galaxy S21 Ultra 5G experience.

Air Cushion Protection

The case incorporates Spigen's Air Cushion Technology in its corners. This design absorbs impact from drops and bumps, providing enhanced protection for your device.

Perfect Fit and Access

The case is engineered for an exact fit with minimum bulk, ensuring all connections and buttons are easy to reach and use without obstruction.

Raised Bezels for Screen and Camera Protection

Raised bezels around the screen and camera module provide additional protection against common surface scratches when the phone is placed face down or on its back.

Sleek and slim modern design.

Raised bezels protect
screen and **cameras** from
common surface scratches.

Wireless Charging Compatibility

The slim design of the case ensures full compatibility with wireless charging and PowerShare features, allowing you to charge your device without removing the case.

Glitter Embellishment

The clear flexible TPU material is infused with a subtle glitter embellishment, adding a unique aesthetic while allowing the original design of your phone to show through.

4. Maintenance

To keep your Spigen Liquid Crystal Glitter Case in optimal condition, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth with mild soap and water to clean the case. Avoid harsh chemicals or abrasive materials, as these can damage the TPU material or the glitter finish.
- **Drying:** Allow the case to air dry completely before re-installing it on your phone.
- **Avoid prolonged exposure to direct sunlight:** While the case is designed for durability, prolonged exposure to direct sunlight or extreme temperatures can potentially affect the material over time.

5. Troubleshooting

If you encounter any issues with your Spigen Liquid Crystal Glitter Case, consider the following:

- **Case appears yellowish:** Over time, clear TPU cases may exhibit a slight yellowing due to UV exposure and natural material degradation. This is a common characteristic of TPU and does not affect

the protective qualities of the case.

- **Difficulty installing/removing:** Ensure you are applying gentle, even pressure. The flexible TPU is designed to stretch slightly for installation. If it feels too tight, double-check that you have the correct model case for your phone.
- **Loose fit:** If the case feels loose, verify that it is indeed the correct model for your Samsung Galaxy S21 Ultra 5G. A loose fit can compromise protection.

6. Specifications

Feature	Detail
Brand	Spigen
Model Name	Liquid Crystal Glitter
Model Number	ACS02348
Compatible Phone Models	Samsung Galaxy S21 Ultra 5G
Material	Thermoplastic Polyurethane (TPU)
