JOYMOR BPCT1LG

JOYMOR Baby Bedside Bassinet and Playpen

Model: BPCT1LG

1. PRODUCT OVERVIEW

The JOYMOR Baby Bedside Bassinet and Playpen is a versatile 3-in-1 solution designed to adapt to your child's growth from newborn to toddler. It functions as a bedside bassinet, a standalone crib, and a spacious playpen. Constructed with high-quality, non-toxic materials, it prioritizes safety and comfort for your child.

2. SETUP AND ASSEMBLY

Follow these steps to correctly assemble your JOYMOR Baby Bedside Bassinet and Playpen. Ensure all parts are present and undamaged before beginning assembly.

2.1 Initial Unpacking and Frame Setup

1. **Remove the Mattress:** Unfasten the straps securing the mattress around the folded bassinet. Remove the mattress and set it aside.
2. **Half-Open Status:** Stand the folded bassinet upright. Gently pull the short sides of the bassinet outwards to achieve a half-open status.
3. **Install Side Bars:** Lift the short side bars upwards with both hands until they lock into place. Repeat this process for the long side bars. Ensure all four side bars are securely locked.
4. **Secure the Base:** Press down firmly on the middle part of the bassinet's base until it is completely flat and stable.

Video 2.1: Official assembly instructions demonstrating how to unfold the bassinet, lock the side rails, and secure the

base. This video provides a visual guide for the initial setup steps.

2.2 Installing the Bassinet Layer and Support Bars

5. **Install the Center Layer:** Locate the zipper for the center layer. Zip it up completely around the perimeter to create the elevated bassinet sleeping area.
6. **Insert Support Bars:** Assemble the provided support bars by connecting the segments. Insert these assembled bars into the designated sleeves beneath the center layer to provide additional stability for the bassinet.
7. **Place the Mattress:** Lay the mattress flat onto the installed center layer. Ensure it fits snugly within the bassinet.

Image 2.3: Detail of the reinforced base support, showing the two cross bars that create seven support feet for enhanced stability and safety.

2.3 Attaching Accessories

- **Toy Bar:** Attach the toy bar with hanging toys to the designated slots on the bassinet frame. Ensure it is securely fastened.
- **Organizer:** If included, slide the plastic hooks of the organizer into the openings on the top left and right sides of the bassinet frame until they are fully engaged.

3. OPERATING MODES

The JOYMOR Bassinet and Playpen offers three distinct modes to accommodate your child's needs.

3.1 Bedside Bassinet Mode

This mode allows the bassinet to be placed directly next to your bed, providing easy access to your baby

during the night. The adjustable sidebar can be lowered to align with your mattress height.

- **Adjusting the Side:** To lower the side, locate the release mechanism on the side rail and follow the instructions to safely lower it. Ensure it is securely attached to your bed using the provided straps to prevent gaps.
- **Interactive Features:** The bassinet includes a music box and rotating toys to soothe your child.

Image 3.1: The bassinet in bedside mode, demonstrating how the lowered side allows a parent to comfortably interact with their baby from the adjacent bed.

3.2 Standalone Bassinet/Crib Mode

For daytime naps or when not co-sleeping, the bassinet can be used as a standalone crib. Ensure the adjustable side is raised and securely locked in place.

BASSINET CRIB MODE

Perfect for your baby nap time in the living room

3.3 Playpen Mode

As your child grows and becomes more active, the bassinet can be converted into a playpen by removing the elevated center layer and placing the mattress at the bottom of the frame. A zippered entrance allows older children to crawl in and out independently.

 Never leave your child unattended, always keep an eye on your child.

4. PORTABILITY AND STORAGE

The bassinet features a compact folding design and wheels for easy mobility and storage.

- **Easy Folding:** The push-button design allows for quick and compact folding, making it ideal for travel or storage.
- **Wheels with Brakes:** Two wheels with locking mechanisms provide convenient transit between rooms and ensure stability when stationary.

5. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and hygiene of your bassinet.

- **Cleaning:** The Oxford cloth material can be easily cleaned with a damp cloth.
- **Washable Sheet:** The mattress sheet is removable and washable for convenient cleaning.
- **Product Care Instructions:** Hand Wash Only.

6. TROUBLESHOOTING

If you encounter issues with the side rails not locking, follow these steps:

- **Side Rail Refusal to Lock:** If a long or short side rail does not lock, pull the red rope located in the center of the bassinet upwards to ensure the frame is fully upright. Then, attempt to lock the side rail again. This action helps to properly align the frame for secure locking.
