

Sofucor 5247BKDCHTM

Sofucor 52-Inch Low Profile Ceiling Fan User Manual

Model: 5247BKDCHTM

PRODUCT OVERVIEW

The Sofucor 52-inch Low Profile Ceiling Fan with Lights and Remote Control is designed to provide optimal airflow and lighting for various indoor and outdoor spaces. Featuring three modern wood blades and a noiseless DC motor, it offers quiet operation and energy efficiency. The integrated LED lights are dimmable and offer multiple color temperature options to suit your preference.

This manual provides detailed instructions for the setup, operation, and maintenance of your Sofucor ceiling fan.

SETUP AND INSTALLATION

Proper installation is crucial for the safe and efficient operation of your ceiling fan. Please follow these steps carefully.

Unboxing and Component Check

Carefully unbox your ceiling fan and verify all components are present according to the packing list. The package includes the DC Motor, LED and Lampshade, and 3 Fan Blades, along with a user manual and remote.

Video 1: Official Sofucor Wood Ceiling Fan Installation Instructions. This video demonstrates the complete installation process, from

mounting the bracket to attaching the blades and light kit.

Installation is straightforward and typically takes about 30 minutes. Ensure power is turned off at the circuit breaker before beginning any electrical work.

Figure 3: A person installing the fan, highlighting the ease of setup with proper guidance.

The fan includes three downrods (5", 10", 24") to accommodate various ceiling heights and can be installed on ceilings with a maximum slope of 15 degrees.

Dimension

Room Size
12ft*12ft to 18ft*18ft

OPERATING INSTRUCTIONS

Your Sofucor ceiling fan is operated using the included multi-functional remote control.

Remote Control Functions

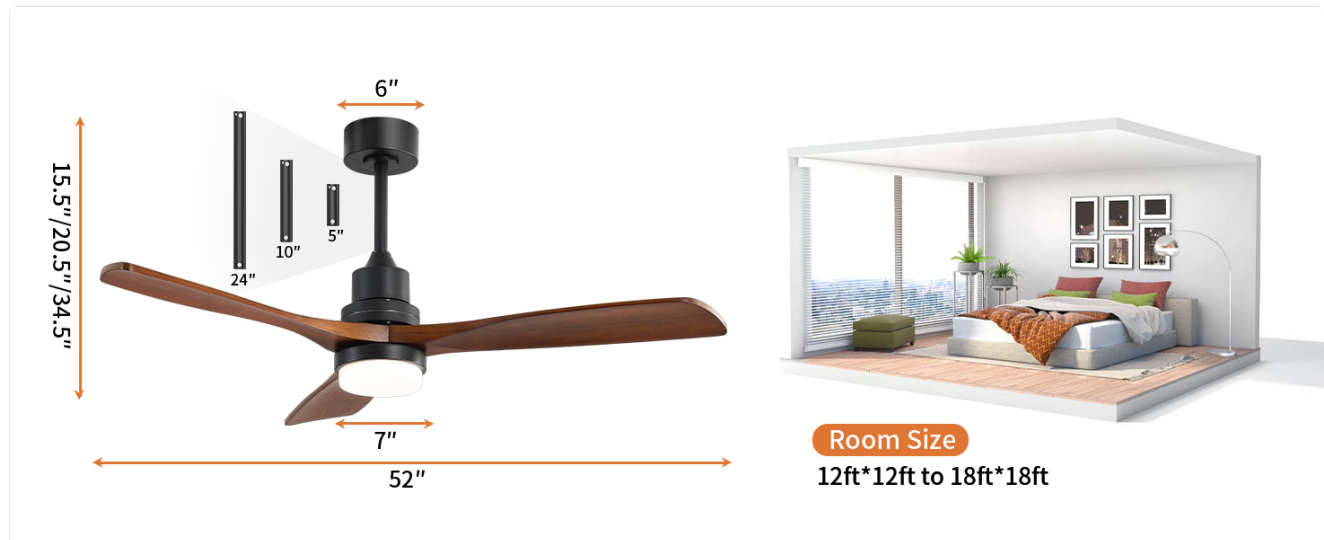

Figure 5: Layout of the remote control with labeled buttons for various functions.

- **Power On/Off:** Use the power button to turn the fan and light on or off.
- **Fan Speed:** Select from 6 adjustable speeds (low/medium/high) for optimal comfort.
- **Light Control:**
 - Adjust light color temperature: Choose between 3000K (warm yellow), 4500K (bright daylight), and 6000K (cool white).
 - Dimmable: Adjust brightness from 0% to 100%.
- **Timer Settings:** Set the fan to turn off automatically after 1, 4, or 8 hours.
- **Reverse Airflow Function:** Switch between summer mode (downward airflow for cooling) and winter mode (upward airflow for air circulation and energy saving).
- **Natural Wind Mode:** Activates a fluctuating fan speed to simulate natural breeze.

Reversible Ceiling Fan

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your Sofucor ceiling fan.

- **Cleaning:** Dust the fan blades and motor housing regularly with a soft, damp cloth. Avoid using harsh

chemicals or abrasive cleaners.

- **Blade Inspection:** Periodically check that all blade screws are tight. Loose screws can cause wobbling and noise.
- **Light Kit:** The fan features a replaceable LED light kit, ensuring long-term usability without worrying about frequent replacements.

TROUBLESHOOTING

If you encounter any issues with your Sofucor ceiling fan, refer to the common problems and solutions below.

Problem	Possible Cause	Solution
Fan does not operate	No power, loose wiring, remote control issue.	Check circuit breaker. Ensure all wire connections are secure. Verify remote control batteries and pairing.
Fan wobbles or makes noise	Loose blade screws, unbalanced blades, improper mounting.	Tighten all blade screws. Check for bent blades. Ensure mounting bracket is securely installed.
Light does not work	Loose light kit connection, faulty LED.	Check connections to the LED light kit. If LED is faulty, contact support for a replacement.

If issues persist, please contact Sofucor customer support for assistance.

SPECIFICATIONS

- **Brand:** Sofucor
- **Model Name:** Sofucor ceiling fan (5247BKDCHTM)
- **Color:** black+walnut+with light

- **Product Dimensions:** 52"D x 52"W x 12"H
- **Item Weight:** 14.92 pounds
- **Power Source:** Corded Electric
- **Voltage:** 120 Volts
- **Wattage:** 35 watts
- **Noise Level:** 30 dB
- **Number of Blades:** 3
- **Blade Material:** light-weight solid wood
- **Light Type:** LED (3000K, 4500K, 6000K, Dimmable)
- **Control Method:** Remote (6 speeds, timer, reverse airflow)
- **Air Flow Capacity:** 5800 CFM
- **Indoor/Outdoor Usage:** Outdoor, Indoor (Not exposed to direct rain)
- **Energy Efficiency:** Typically 75% more energy-efficient than AC fans.
