MCombo Manual Swivel Glider Rocker Recliner Chair with Massage and Heat

Model: 8031

INTRODUCTION

Thank you for choosing the MCombo Manual Swivel Glider Rocker Recliner Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new recliner. Designed for comfort and versatility, this chair features a swivel rocking base, recline function, full-body vibration massage, lumbar heating, dual USB ports, and convenient storage pockets. Please read this manual thoroughly before use and retain it for future reference.

SAFETY INFORMATION

- **Maximum Weight Capacity:** This recliner is designed to support a maximum weight of 320 lbs (145 kg). Do not exceed this limit to prevent damage or injury.
- **User Height:** Recommended user height is 5'1" to 5'9". Ensure proper fit for safe and comfortable operation.
- **Assembly:** Exercise caution during assembly, especially when handling heavy components. It is recommended to have two adults for assembly.
- **Children and Pets:** Keep children and pets away from the recliner's moving parts, especially during operation, to prevent entrapment or injury.
- **Power Cord:** Ensure the power cord for massage and heat functions is not pinched or damaged. Do not operate the chair with a damaged cord.

- **Stability:** Always ensure the chair is on a flat, stable surface. Do not stand on the chair or use it as a step stool.
- **Reclining:** Before reclining, ensure there are no obstructions behind or around the chair.
- **Electrical Safety:** Do not expose electrical components to water or excessive moisture. Unplug the chair before cleaning or if it will be unused for an extended period.

PACKAGE CONTENTS

Please check the package contents carefully to ensure all parts are present and undamaged. If any parts are missing or damaged, contact customer support immediately.

- Recliner Backrest
- Recliner Seat Base (with armrests, cup holders, USB ports, and pockets)
- Power Adapter for Massage and Heat
- Remote Control for Massage and Heat
- Instruction Manual (this document)

ASSEMBLY INSTRUCTIONS

Assembly of this recliner is designed to be straightforward and requires no additional tools. An adult can typically complete the assembly in approximately 30 minutes.

1. **Unpack Components:** Carefully remove all components from the packaging. Place them on a soft, clean surface to prevent scratching.
2. **Attach Backrest:** Align the metal grooves on the backrest with the corresponding brackets on the seat base. Slide the backrest down firmly until it clicks securely into place. Ensure both sides are fully engaged.
3. **Connect Wires:** Locate the electrical wires extending from the backrest and the seat base. Connect these wires, ensuring they are securely fastened. These connections power the massage and heat functions.
4. **Connect Power Adapter:** Plug the power adapter into the designated port on the chair, usually located near the back or side. Then, plug the adapter into a standard electrical outlet.
5. **Final Check:** Gently push and pull on the backrest to confirm it is securely attached. Test all functions (recline, swivel, massage, heat) before regular use.

OPERATING INSTRUCTIONS

Recline Function

The recliner features a manual recline mechanism. To recline:

- **Raise Footrest:** Pull the handle located on the side of the chair. This will raise the footrest.
- **Recline Backrest:** Once the footrest is up, exert gentle pressure onto the backrest to recline it to your desired angle, up to 140 degrees.
- **Return to Upright:** To return to the upright position, lean forward and push the footrest down with your legs until it locks into place. The chair will automatically return to its original position when you stand up.

Pull the handle to raise the footrest separately.

Exert some pressure onto the back to recline back.

Swivel and Gliding Motion

The chair is equipped with a swivel rocking base, allowing for versatile movement:

- **360-Degree Swivel:** The chair can rotate a full 360 degrees on its base. Simply push off the floor with your feet to turn in any direction.
- **Gliding Motion:** The chair also offers a smooth gliding motion, allowing you to rock gently back and forth.

Swivel Movement

Massage and Heat Functions

The recliner features 8 vibrating points and 1 lumbar heating point, controlled by the included remote.

- **Vibration Massage:** Use the remote control to select different massage modes and intensity levels. The 8 points are distributed across the back, lumbar, thighs, and calves.
- **Lumbar Heating:** Activate the lumbar heating function via the remote control for soothing warmth in the lower back area.
- **Timer:** The remote control may include a timer function to set the duration of the massage and heat.

8 Vibration Points

USB Ports and Cup Holders

- **Dual USB Ports:** Two USB ports are integrated into the side of the chair, allowing you to conveniently charge your electronic devices while relaxing.
- **Cup Holders:** The chair includes two cup holders (8cm diameter, 9cm depth) on the armrests, suitable for most standard cups and beverages.
- **Storage Pockets:** Two side pockets and two front pockets provide convenient storage for remote controls, magazines, or other small items.

Expect More. Get More.

- 2 Cup Holders
- 2 USB Charge Ports
- 2 Side & Front Pockets

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your recliner.

- **Cleaning Faux Leather:** The high-quality faux leather upholstery is easy to maintain. Wipe gently once a week with a microfiber cloth dampened with a solution of water mixed with a small amount of mild dish soap. Avoid harsh chemicals or abrasive cleaners.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not rub.

- **Dusting:** Regularly dust the chair with a soft, dry cloth.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the faux leather to fade or crack. Position the chair away from direct sunlight.
- **Moving the Chair:** When moving the chair, lift it rather than dragging it to prevent damage to the base or floor.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Chair does not recline or footrest does not raise.	Recline handle not fully pulled; mechanism obstructed.	Ensure the handle is pulled completely. Check for any objects blocking the reclining mechanism.

Problem	Possible Cause	Solution
Massage or heat functions are not working.	Power adapter unplugged; loose wire connection; remote control battery low (if applicable).	Verify the power adapter is securely plugged into the chair and a working outlet. Check all wire connections. Replace remote control batteries if necessary.
Chair makes creaking noises when rocking or swiveling.	Friction in the base mechanism; loose bolts.	Apply a silicone-based lubricant to the moving parts of the swivel/rocker mechanism. Check and tighten any visible bolts on the base.
USB ports are not charging devices.	Chair not powered on; device cable faulty; device requires more power than supplied.	Ensure the chair's power adapter is plugged in. Try a different USB cable or device. Note that USB ports are for charging small devices and may not support high-power devices.
