## Setup

1. **Turning On/Off:** Press the side button once to turn the stylus on. The LED indicator will light up. Press and hold the side button for a few seconds to turn it off.
2. **Initial Charging:** For first-time use, it is recommended to fully charge the stylus. Connect the provided USB-C to USB-A charging cable to the stylus's charging port and plug the USB-A end into a compatible power adapter or

computer. The LED indicator will show charging status.

3. **Pairing (Optional for Advanced Features):** For basic writing and drawing, no Bluetooth pairing is required. For advanced features such as single-click to return to background, double-click for screenshot, triple-click to take a photo, and real-time battery level display, you must pair the stylus via Bluetooth. Ensure any previously connected Apple Pencils are disconnected from your iPad's Bluetooth settings before pairing the Uogic Stylus Pen.

## Operating Instructions

---

- **Writing and Drawing:** Simply touch the stylus tip to your iPad screen to begin writing or drawing. The palm rejection technology allows you to rest your hand on the screen comfortably.
- **Tilt Function:** The stylus supports tilt sensitivity. Angle the stylus to achieve different line thicknesses and shading effects, similar to a traditional pencil.
- **Advanced Bluetooth Functions:** Once paired via Bluetooth, utilize the following shortcuts:
  - **Single-click:** Return to the background.
  - **Double-click:** Take a screenshot.
  - **Triple-click:** Take a photo.
  - **Battery Level:** Check the real-time battery level on your iPad.

## Compatibility

---

The Uogic Stylus Pen is compatible with a wide range of iPad models (2018-2024 or later versions). Please verify your iPad model before use:

## Charging and Battery Life

---

- **Charging Time:** Approximately 1 hour for a full charge.
- **Continuous Use:** Up to 10 hours of continuous use on a full charge.
- **Battery Type:** The stylus uses a Lithium Polymer battery.
- **Auto-Off Feature:** The stylus may automatically turn off after a period of inactivity to conserve battery life. Simply press the side button to turn it back on.

## Maintenance

---

- **Tip Replacement:** The stylus uses durable POM material tips. If the tip wears down or becomes damaged, it can be unscrewed and replaced with a new one.
- **Cleaning:** Use a soft, dry cloth to clean the stylus body. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the stylus in a safe place, ideally magnetically attached to your iPad, to prevent loss or damage.

## Troubleshooting

---

- **Stylus not working:** Ensure the stylus is turned on. If you have previously used an Apple Pencil, make sure it is disconnected from your iPad's Bluetooth settings.
- **Charging issues:** Verify that the charging cable is securely connected to both the stylus and a working power source. Use the provided USB-C cable.
- **Accidental On/Off:** The power button is located on the side of the stylus. Be mindful of its placement to avoid accidentally turning the stylus on or off during use or when attaching it magnetically.
