JEKCA ST19ML51

JEKCA Lemur 01S Building Blocks Instruction Manual

Model: ST19ML51

INTRODUCTION

Welcome to the JEKCA Lemur 01S building block set. This manual provides detailed instructions for assembling your model, along with important safety information and product specifications. Please read through this guide carefully before beginning assembly.

SAFETY INFORMATION

Warning: Small parts are included. This product is recommended for individuals aged 14 years and above. Keep out of reach of young children to prevent choking hazards.

PACKAGE CONTENTS

Verify that all the following components are present in your package:

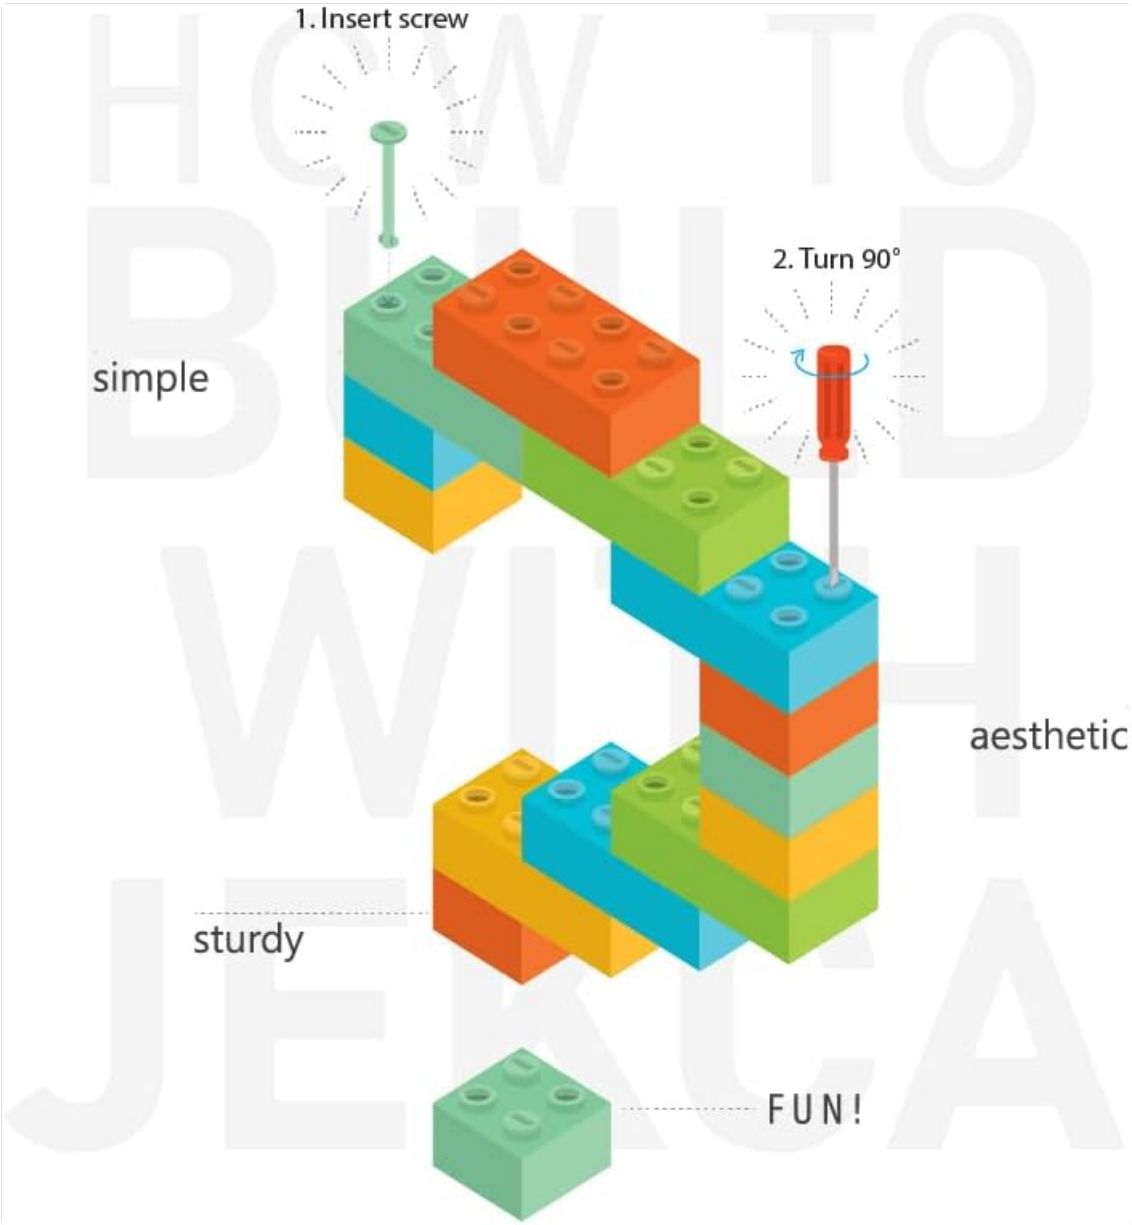

- Instruction Manual
- Bricks (various shapes and colors)
- Pins
- Pin Driver
- Quick Guide

ASSEMBLY INSTRUCTIONS

Follow these steps to construct your JEKCA Lemur 01S model. Refer to the detailed building manual included in your package for specific, step-by-step diagrams and brick placement.

The JEKCA Interlocking Brick-through System

The JEKCA system utilizes a unique interlocking mechanism that ensures a sturdy and stable construction. Unlike traditional building blocks, JEKCA blocks are secured with pins.

This diagram shows the three steps for connecting JEKCA blocks: 1. Insert the screw into the block. 2. Turn the screw 90 degrees to secure the connection. This method ensures a strong and stable model.

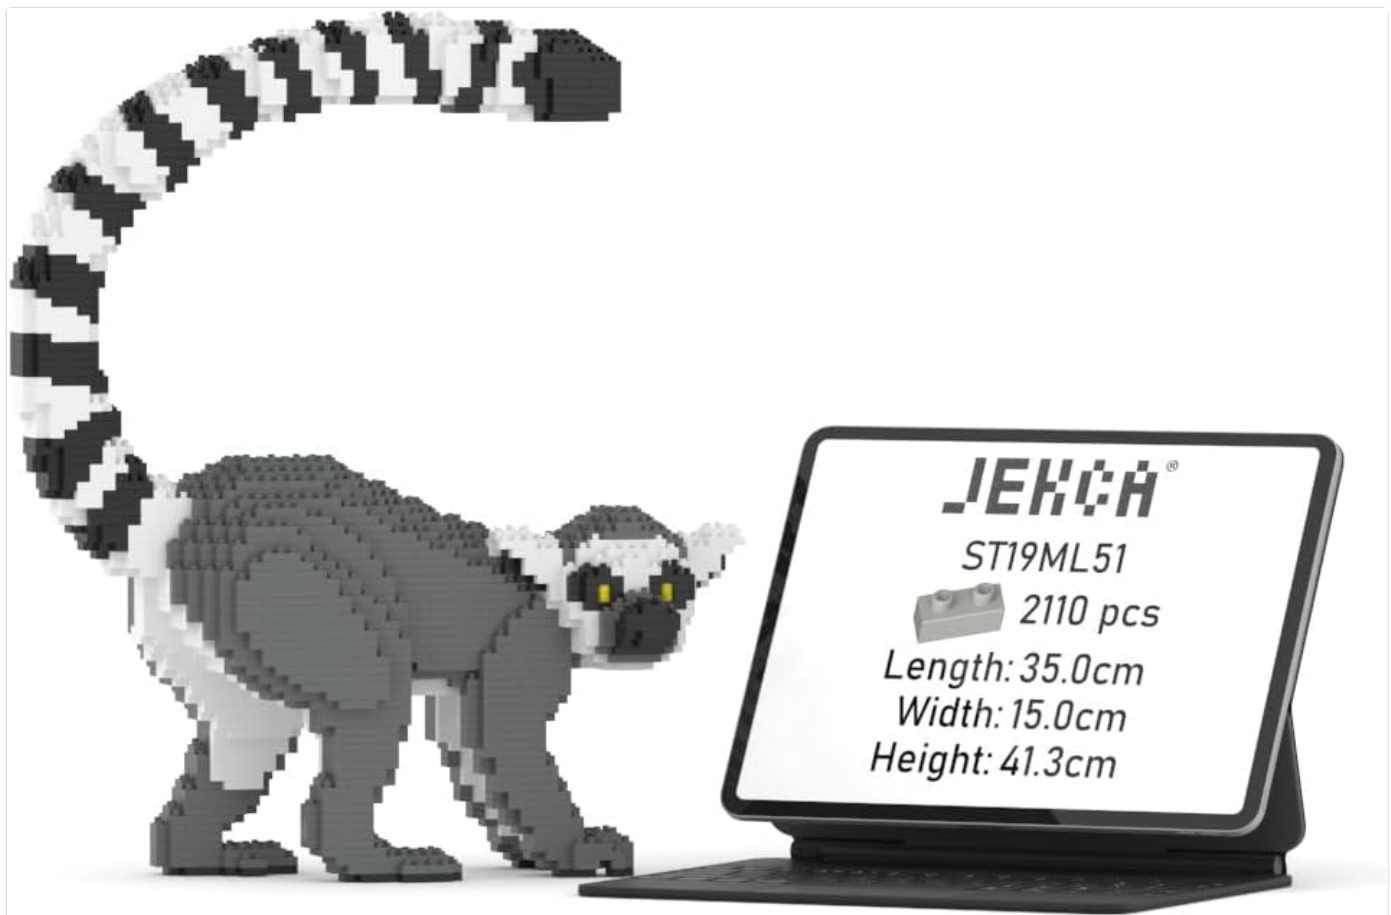

A visual guide demonstrating the interlocking process: Step 1 shows two blocks aligning, Step 2 shows pins being inserted, and Step 3 shows the pins being turned 90 degrees with a driver for a secure fit.

Carefully follow the numbered steps in your included building manual. Each step will guide you on which bricks to use and how to connect them using the pins and pin driver.

This image displays the completed JEKCA Lemur 01S model, showcasing its detailed construction and distinctive striped tail.

1:1 scale alongside a 13-inch iPad Pro

The assembled Lemur 01S model is shown alongside a tablet indicating its specifications: Model ST19ML51, 2110+ pieces, Length 35.0cm, Width 15.0cm, Height 41.3cm.

USAGE AND DISPLAY

Once assembled, your JEKCA Lemur 01S model is designed for static display. Its sturdy construction, achieved through the interlocking system, ensures it will not easily break apart, making it a durable decorative piece.

MAINTENANCE

To ensure the longevity and appearance of your JEKCA model, follow these simple maintenance guidelines:

- **Cleaning:** Gently wipe the model with a dry, soft cloth to remove dust. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the plastic.
- **Storage:** Keep the model away from direct sunlight and extreme temperatures to prevent material degradation or discoloration.
- **Handling:** While sturdy, avoid dropping the model or subjecting it to strong impacts to prevent parts from detaching.

TROUBLESHOOTING

Missing Pieces

If you discover any missing pieces during assembly, please contact JEKCA customer support. Provide your model number (ST19ML51) and a detailed description of the missing parts for assistance.

Difficulty Connecting Blocks

Ensure that the pins are fully inserted into the designated holes and then turned 90 degrees using the provided pin driver. Apply gentle, even pressure. If a connection feels too tight, double-check the orientation of the blocks and pins according to the instruction manual.
