Divoom Ditoo-Pro

Divoom Ditoo Pro Bluetooth Speaker User Manual

Model: Ditoo-Pro

Introduction

Thank you for purchasing the Divoom Ditoo Pro Bluetooth Speaker. This device combines a powerful 15W speaker with a customizable pixel art display, RGB mechanical keyboard, and various smart functions. This manual will guide you through the setup, operation, and maintenance of your Ditoo Pro speaker to ensure optimal performance and enjoyment.

Package Contents

Before you begin, please ensure all items are present in your package:

- Divoom Ditoo Pro Speaker
- USB Type-C Charging Cable
- User Manual (this document)

- Gift Bag (may vary by package)

Setup

1. Powering On/Off

- To power on, press and hold the power button (usually located on the side or back) until the display lights up.
- To power off, press and hold the power button again until the display turns off.

2. Bluetooth Pairing

1. Ensure the Ditoo Pro is powered on.
2. On your mobile device, enable Bluetooth and search for available devices.
3. Select "Ditoo Pro" from the list to pair. A confirmation sound will indicate successful pairing.

3. App Installation

For full functionality and customization, download the official Divoom app:

- Scan the QR code provided in the quick start guide or visit the official Divoom app download page: Divoom App Download
- Install the app on your smartphone or tablet.
- Open the app and follow the on-screen instructions to connect to your Ditoo Pro.

4. PC USB Connection

Connect the Ditoo Pro to your PC using the provided USB Type-C cable for audio playback. The device will be recognized as an audio output device.

5. TF Card Usage

Insert a TF (microSD) card loaded with MP3 audio files into the designated slot for direct music playback without a connected device.

Operating Instructions

1. Basic Controls

The Ditoo Pro features a joystick and mechanical keys for intuitive control:

- **Joystick:** Navigate menus, adjust volume (up/down), change tracks (left/right), and confirm selections (press).
- **Mechanical Keys:** Specific keys are assigned to functions like mode switching, play/pause, and other shortcuts. Refer to the on-screen prompts or app for detailed key assignments.

2. Pixel Art Display Functions

The Ditoo Pro's pixel art display is highly customizable via the Divoom app:

- **Create & Share:** Design your own pixel art, animations, and text messages. Share them with the Divoom community.
- **Browse Gallery:** Access a vast library of user-created pixel art and animations.
- **Visualizer:** Display dynamic pixel art visualizers that react to your music.

3. Sound Features

Experience rich audio with the Ditoo Pro's 15W speaker and enhanced bass:

- **15W Output:** Delivers powerful and clear sound.
- **Enhanced Bass:** Features a 58mm driver for deep, resonant bass.
- **DSP Control:** Digital Signal Processing ensures balanced audio across all frequencies.

4. Smart Functions

The Ditoo Pro offers several utility functions:

- **Clock & Alarm:** Set alarms and display time on the pixel screen.
- **White Noise:** Access various white noise soundscapes for relaxation or focus.

- **Mini-Games:** Enjoy built-in pixel games directly on the device.

Maintenance

1. Charging

The Ditoo Pro is equipped with a 5000mAh battery, providing up to 8 hours of playback (up to 12 hours in some conditions). Use the provided USB Type-C cable to charge the device. You can use the speaker while it is charging.

Image: An illustration showing the internal battery and USB-C charging port of the Divoom Ditoo Pro.

2. Cleaning

Wipe the device with a soft, dry cloth. Do not use harsh chemicals or abrasive materials. Avoid exposing the device to water as it is not waterproof.

3. General Care

Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures. Avoid dropping the device or subjecting it to strong impacts.

Troubleshooting

- **No Power:** Ensure the device is fully charged. Connect it to a power source using the USB-C cable.
- **Bluetooth Connectivity Issues:**
  - Make sure Bluetooth is enabled on your device and the Ditoo Pro is in pairing mode.
  - Move your device closer to the speaker (within 10 meters).
  - Forget the device in your phone's Bluetooth settings and try pairing again.
- **Coil Whine During Charging:** Some users have reported a coil whine sound when the pixel art display is active during charging. To mitigate this, you can turn off the display while charging if you are only using the audio functions.
- **App Usability:** If you experience difficulties with the Divoom app, ensure it is updated to the latest version. For persistent issues, contact customer support via the app.
- **Poor Sound Quality:**
  - Check the audio source quality.
  - Adjust the equalizer settings in the Divoom app.
  - Ensure the speaker is placed on a stable surface.
