MageGee TS92

MageGee TS92 Wireless 60% Gaming Keyboard User Manual

Model: TS92

1. INTRODUCTION

Thank you for choosing the MageGee TS92 Wireless 60% Gaming Keyboard. This compact, rechargeable keyboard offers a stable 2.4G wireless connection, vibrant RGB backlighting, and a durable, water-resistant design. This manual provides detailed instructions for setup, operation, and maintenance to ensure optimal performance.

2. PACKAGE CONTENTS

- MageGee TS92 Wireless 60% Gaming Keyboard
- USB Nano Receiver (stored in the keyboard's bottom compartment)
- Detachable USB Type-C Charging Cable
- User Manual (this document)

3. SETUP

3.1 Initial Charging

Before first use, fully charge the keyboard using the provided USB Type-C cable. Connect the Type-C end to the keyboard's charging port and the USB-A end to a power source (e.g., computer USB port, USB wall adapter). The charging indicator will show the charging status.

3.2 Wireless Connection

1. Locate the USB Nano Receiver in the compartment on the bottom of the keyboard.
2. Plug the USB Nano Receiver into an available USB port on your computer or laptop.
3. Turn on the keyboard using the power switch located on the bottom of the keyboard.
4. The keyboard should automatically connect to your device. No additional software or drivers are required.

4.4 Compatibility

The MageGee TS92 keyboard is compatible with a wide range of operating systems, including:

- Windows (Win2000, Win XP, Win ME, Vista, Win 7, Win 8, Win 10)
- Mac OS
- Linux
- Other devices with USB ports

5. MAINTENANCE

5.1 Water Resistance

The keyboard is designed to be water-resistant, protecting against damage from spilled drinks or coffee. However, it is important to note:

- **DO NOT** soak the keyboard in water.
- **DO NOT** rinse it under tap water.

- In case of spills, gently wipe the keyboard dry with a soft cloth.

5.2 Cleaning

To clean the keyboard, use a soft, slightly damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the surface or keycaps.

6. TROUBLESHOOTING

- **Keyboard not responding:**

- Ensure the keyboard is powered on.
- Check if the USB Nano Receiver is securely plugged into a working USB port on your device.
- Verify the keyboard battery is charged. Connect the Type-C cable to charge if needed.
- Try plugging the USB Nano Receiver into a different USB port.
- Restart your computer.

- **RGB lights not working or stuck:**

- Press **FN + I** to ensure the backlight is turned on.
- Press **FN + K** to cycle through different lighting modes.
- Press **FN + L** to adjust brightness.
- Ensure the keyboard battery is sufficiently charged.

- **Intermittent connection:**

- Ensure the keyboard is within the 10-meter operating range of the USB receiver.
- Avoid placing the keyboard near strong electromagnetic interference sources.
- Ensure the keyboard is fully charged.
