Nicewell MQD-C018

Nicewell Food Scale Instruction Manual

Model: MQD-C018

Product Overview

The Nicewell Digital Food Scale (Model MQD-C018) is a versatile kitchen tool designed for precise measurement of ingredients. Featuring a sleek stainless steel and tempered glass surface, it offers accurate readings for cooking, baking, and portion control.

Key Features

- **Precise Weight:** Four high-precision load sensors provide quick and accurate readings in 0.1oz or 1g increments. Measures from 0.1oz to 22 lbs (3g to 10kg).
- **Multi-function Large Scale:** 9"x6.3" platform with a large LCD display for easy readout in g, kg, lb: oz, fl.oz, and ml.
- **Practical Design:** Tempered glass surface for durability and easy cleaning, with an anti-fingerprint stainless steel top. Includes a hook for convenient storage.
- **Easy Tare/Zero Out:** Convenient tare button allows subtracting the weight of containers for accurate ingredient measurements.

Setup

1. Battery Installation

The Nicewell Food Scale requires 2 AAA batteries (included).

1. Locate the battery compartment on the underside of the scale.
2. Open the battery compartment cover.
3. Insert 2 AAA batteries, ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

Image: Underside of the scale showing the battery compartment.

2. Placement

Place the scale on a flat, stable surface to ensure accurate readings. Avoid placing it on uneven surfaces or near strong electromagnetic fields.

Operating Instructions

1. Power On/Off

Press the "ON/OFF" button to turn the scale on. The display will show "0.00" when ready. Press and hold the "ON/OFF" button to turn the scale off.

Image: The scale's display showing "0.00" after powering on.

2. Unit Conversion

Press the "UNIT" button to cycle through different measurement units: grams (g), kilograms (kg), pounds and ounces (lb:oz), fluid ounces (fl.oz), and milliliters (ml).

Image: Visual representation of unit conversion options on the scale.

3. Tare Function

The tare function allows you to subtract the weight of a container or previously added ingredients to get an accurate measurement of new items.

1. Place an empty container on the scale. The display will show its weight.
2. Press the "TARE" button. The display will reset to "0.00".
3. Add your ingredients to the container. The display will show only the weight of the added ingredients.

4. You can repeat the tare process multiple times for adding different ingredients to the same container.

Maintenance

Cleaning

The stainless steel and tempered glass surface of the Nicewell Food Scale makes it easy to clean.

- Wipe the scale surface with a soft, damp cloth.
- For stubborn stains, use a mild detergent and then wipe clean with a damp cloth.
- Avoid abrasive cleaners or scouring pads, as these can scratch the surface.
- Do not immerse the scale in water.

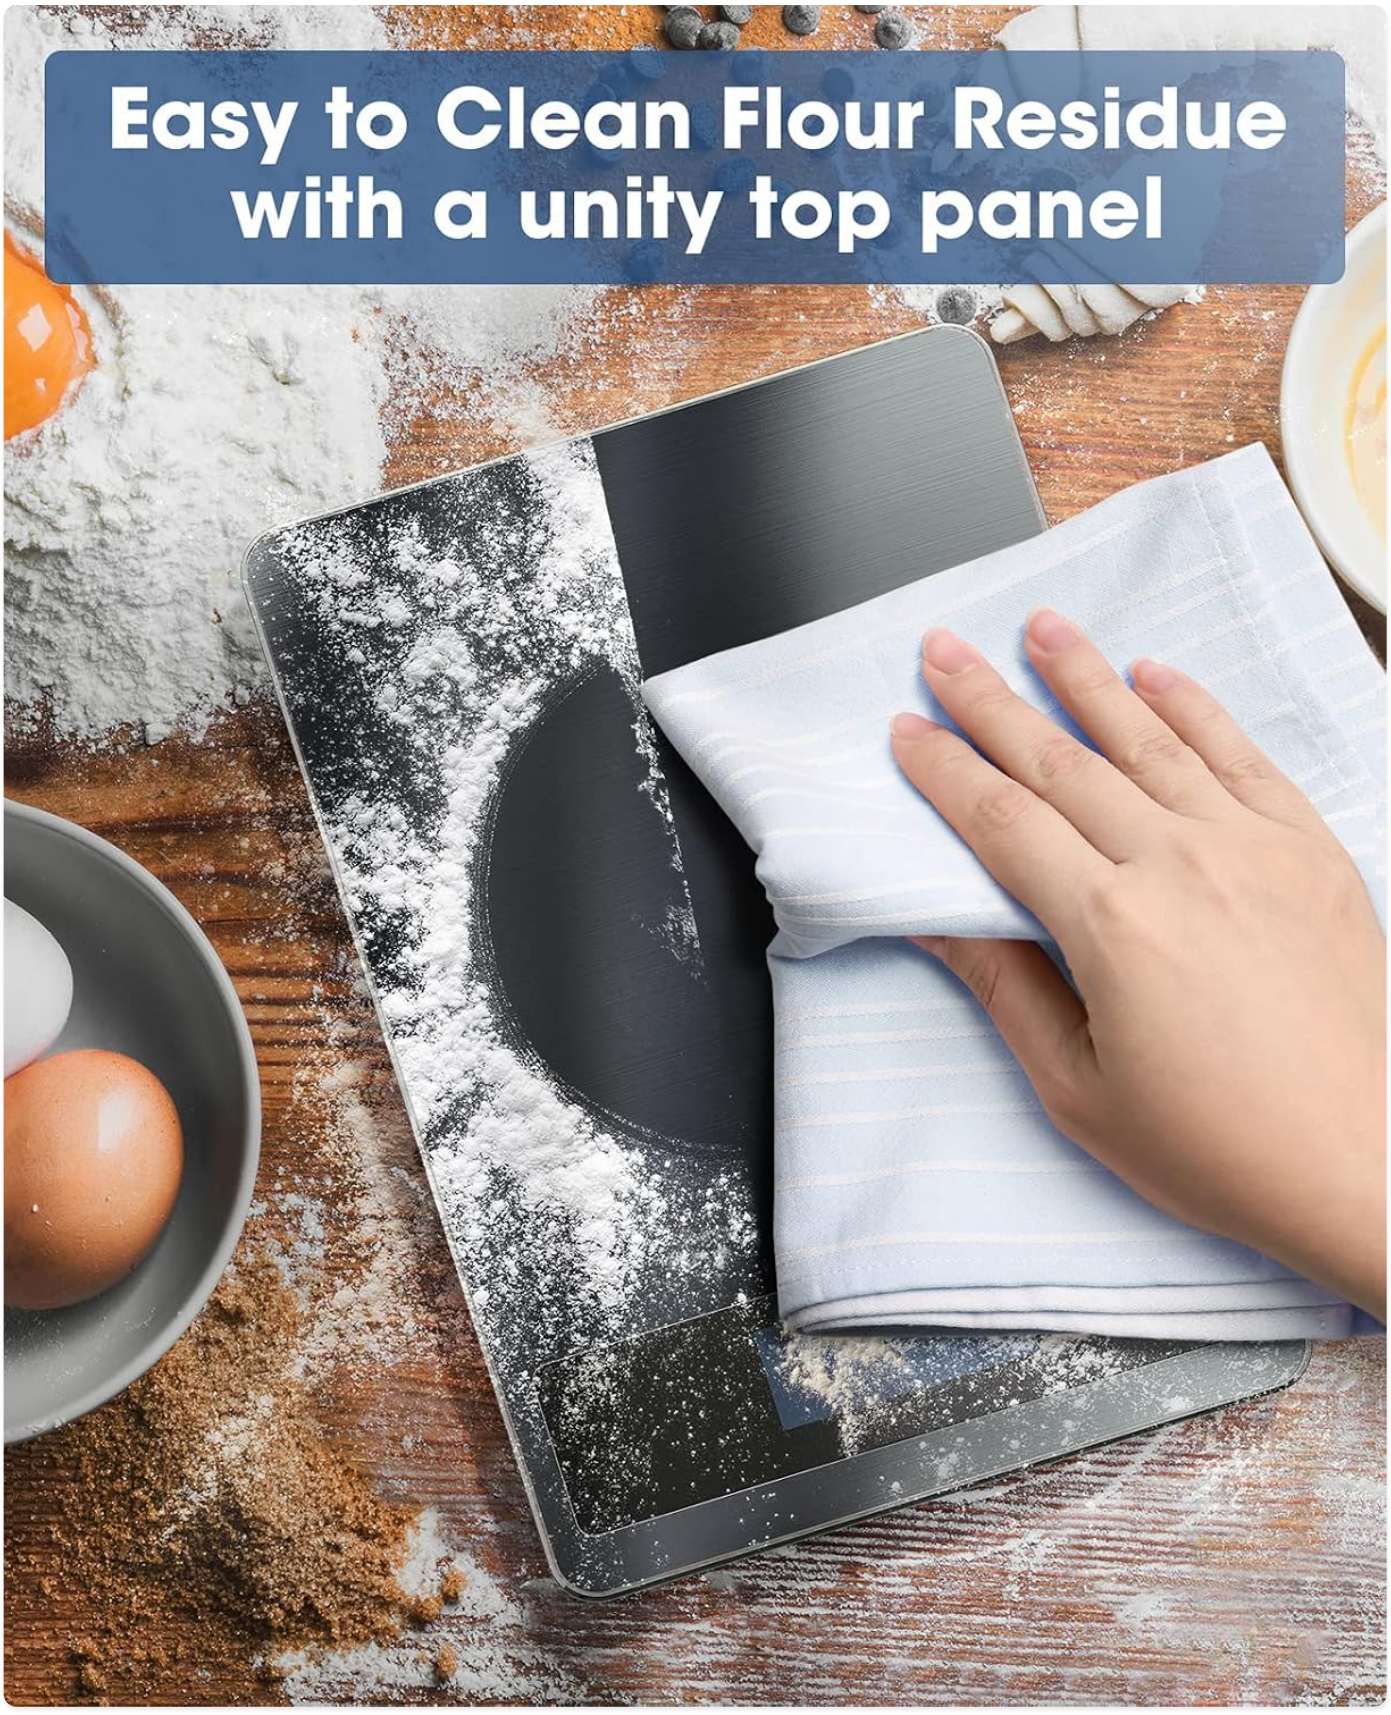

Image: A hand wiping down the sleek surface of the Nicewell Food Scale.

Troubleshooting

- **"Lo" displayed:** Indicates low battery. Replace the 2 AAA batteries.
- **"O-Ld" displayed:** Indicates overload. Remove items from the scale immediately to prevent damage. The maximum capacity is 22 lbs (10 kg).
- **Inaccurate readings:** Ensure the scale is on a flat, stable surface. Avoid placing it near electronic devices that may cause interference. Recalibrate by turning off and on, then tare.
