BINIZE Android Double Din 10.1 Inch Touch Screen Car Radio Instruction Manual

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your BINIZE Android Double Din 10.1 Inch Touch Screen Car Radio. This multimedia player is designed to enhance your driving experience with advanced features including Android OS, Wireless CarPlay, Android Auto, GPS Navigation, Bluetooth, FM radio, Dual USB, and Mirror Link capabilities. Please read this manual thoroughly before using the product to ensure proper function and safety.

2. WHAT'S IN THE Box

Your BINIZE car stereo package includes the following components:

- 10.1 Inch Android Double Din Car Stereo Unit
- Power Cable
- RCA Input/Output Cables
- 3 USB Cables
- Camera Input Cable
- GPS Antenna
- Instruction Manual
- Fixed Brackets for Installation
- Backup Camera (if included in your specific package)

ACCESSORIES & DIMENSIONS

Image Description: A detailed view of all components included with the BINIZE 10.1-inch car stereo. This includes the main head unit, power cables, RCA input/output cables, multiple USB cables, a camera input cable, a GPS antenna, the instruction manual, fixed mounting brackets, and a backup camera.

3. SETUP & INSTALLATION

3.1 Wiring Connections

Proper wiring is crucial for the functionality of your car stereo. Refer to the wiring diagram below and the provided cables for correct connections. If you are unsure about any connections, it is recommended to seek professional assistance.

Image Description: A comprehensive wiring diagram illustrating the various connections for the BINIZE car stereo. It details the power cord, audio and video cables, USB ports, GPS device, and connections for the rear camera, external microphone, and steering wheel controls. Important notes regarding 5G mobile phone hotspot connection and seeking expert help for installation are also included.

Watch the following video for a visual guide on connecting the wires:

Video Description: This video demonstrates the step-by-step process of connecting the various wires to the BINIZE Android 10 car stereo, including power, audio, video, and peripheral connections.

3.2 Mounting the Unit

Use the provided fixed brackets to securely mount the car stereo into your vehicle's double din slot. Ensure all connections are firm before securing the unit in place.

4. OPERATING INSTRUCTIONS

Your BINIZE car stereo features an intuitive Android interface. Here are some key functionalities:

4.1 Wireless CarPlay & Android Auto

Connect your smartphone via Bluetooth or USB cable to access navigation, phone contacts, notifications, music, and more directly on the car stereo's display. This allows you to stay focused on the road while utilizing your phone's features.

Image Description: The BINIZE car stereo displaying both Wireless CarPlay and Android Auto interfaces. Two smartphones are shown alongside, illustrating the seamless connection and mirroring of phone functionalities onto the larger car display. See how to use Wireless CarPlay and Android Auto:

Video Description: This video demonstrates the functionality of the BINIZE 10-inch double din car stereo with Apple CarPlay and Android Auto, showcasing its user interface and responsiveness.

4.2 GPS Navigation & Wi-Fi Receiver

The unit supports GPS navigation, allowing you to download and use online maps. With Wi-Fi or hotspot connected, you can also download offline maps for areas without internet access. The Android OS allows for downloading and installing thousands of applications.

Support Massive APP

Image Description: The BINIZE car stereo screen displaying various popular applications such as YouTube and Netflix, highlighting its capability to support a wide range of Android apps.

4.3 Rear View Camera Input

Connect a rear view camera (not included) to the dedicated input for enhanced safety when reversing. The system automatically displays the camera feed when the vehicle is in reverse gear.

BACK UP CAMERA INPUT

Image Description: The BINIZE car stereo screen displaying the view from a backup camera, complete with dynamic parking guidelines. An inset image shows the physical backup camera unit.

4.4 Audio Output & Equalizer Settings

The unit provides 4x45W audio output and RCA video output. Utilize the equalizer settings to customize various sound effects and music styles to your preference.

VARIOUS UI INTERFACES

Image Description: A collage of different user interface (UI) screens available on the BINIZE car stereo, showcasing various themes, equalizer settings, and system information displays.

4.5 Boot Logo Customization

You can customize the boot logo of your car stereo. Refer to the following video for instructions:

Your browser does not support the video tag.

Video Description: This video provides a quick guide on how to change or set the boot logo on your BINIZE car stereo, allowing for personalization.

5. MAINTENANCE

To ensure the longevity and optimal performance of your BINIZE car stereo, follow these maintenance guidelines:

- Regularly clean the touchscreen with a soft, lint-free cloth. Avoid abrasive cleaners.
- Keep the unit free from dust and debris.
- Ensure proper ventilation around the unit to prevent overheating.
- Avoid exposing the unit to extreme temperatures or direct sunlight for extended periods.

6. TROUBLESHOOTING

If you encounter any issues with your BINIZE car stereo, please refer to the following general troubleshooting tips:

- **No Power:** Check all power connections and ensure the vehicle's ignition is on. Verify the fuse is intact.
- **No Sound:** Check speaker connections and volume settings. Ensure the correct audio source is selected.
- **Bluetooth Connection Issues:** Ensure Bluetooth is enabled on both the stereo and your device. Try unpairing and re-pairing the devices.
- **CarPlay/Android Auto Not Connecting:** Verify your phone's settings for CarPlay/Android Auto. Try using a different USB cable.
- **Touchscreen Unresponsive:** Perform a soft reset if available. Ensure the screen is clean and free from obstructions.

For more complex issues or persistent problems, please contact BINIZE customer service via Amazon email for assistance.
