Sonew Hair Removal Tool Instruction Manual

Model: Sonew4hu8biway2

1. Introduction

The Sonew Hair Removal Tool is designed to gently remove unwanted hair and exfoliate the skin on various body parts, including legs, forearms, face, and upper lip. This set provides a convenient and effective solution for achieving smooth skin.

2. Product Components

Your Sonew Hair Removal Tool set includes the following items:

- 1 x Small Backing Pad
- 1 x Large Backing Pad
- 5 x Small Abrasive Papers
- 5 x Large Abrasive Papers

Video: Demonstrates the components included in the Smooth Away Exfoliation Kit and how to prepare them for use.

3. Safety Information

For external use only.
Always perform a patch test on a small area of skin before full application to ensure no adverse reactions occur. Discontinue use if irritation or discomfort is experienced.

4. Setup

Before first use, ensure all components are clean. To prepare the tool for use:

1. Select the appropriate size of abrasive paper (small for smaller areas like face/upper lip, large for legs/arms).
2. Peel off the backing from the abrasive paper to expose the adhesive side.
3. Carefully align and attach the abrasive paper to the corresponding backing pad (small paper to small pad, large paper to large pad). Ensure it is securely adhered.

5. Operating Instructions

Follow these steps for effective hair removal and exfoliation:

1. Cleanse the skin area where you intend to remove hair. Ensure the skin is dry.
2. Gently rub the tool on the unwanted hair area using small, circular motions. Do not apply excessive pressure.
3. Continue rubbing in circular motions until hair is removed and skin feels smooth.
4. After use, rinse the treated area with water and pat dry.

6. Maintenance

To ensure the longevity and effectiveness of your Sonew Hair Removal Tool:

- After each use, remove the abrasive paper from the backing pad.
- Rinse the backing pads with water and mild soap, then allow them to air dry completely.
- Store the pads and unused abrasive papers in a clean, dry place.
- Replace the abrasive paper when it becomes worn, less effective, or loses its adhesive quality.

7. Troubleshooting

- **Abrasive paper not sticking:** Ensure the backing pad is clean and dry before applying new abrasive paper. Press firmly to secure. If the paper still does not adhere, it may be defective and should be replaced.
- **Skin irritation or redness:** This tool works by gentle exfoliation. If you experience excessive redness, burning, or rash, stop use immediately. Ensure you are not applying too much pressure and that your skin is adequately moisturized before and after use. Avoid using on broken or sensitive skin.
- **Hair not removing effectively:** Ensure the abrasive paper is new and properly attached. Make sure the skin is clean and dry. Use consistent, small circular motions without excessive pressure.

8. Specifications

Feature	Detail
Brand	Sonew
Model Number	Sonew4hu8biway2
Item Form	Physical
Recommended Uses	Body (Legs, Forearms, Face, Upper Lip)
Material Feature	High quality material
Skin Type	All
