

## LG GTF916PZPYD

# LG GTF916PZPYD Refrigerator with Freezer User Manual

Model: **GTF916PZPYD** | Brand: **LG**

## 1. INTRODUCTION

---

This manual provides essential information for the safe and efficient use of your LG GTF916PZPYD Refrigerator with Freezer. Please read all instructions carefully before installation and operation. Keep this manual for future reference.

## 2. SAFETY INFORMATION

---

Always follow basic safety precautions to reduce the risk of fire, electric shock, or injury when using your appliance.

- Ensure the appliance is properly grounded.
- Do not use electrical appliances inside the food storage compartments unless they are of the type recommended by the manufacturer.
- Keep ventilation openings clear of obstruction.
- Do not damage the refrigerant circuit.
- Unplug the appliance before cleaning or performing maintenance.
- Do not store explosive substances such as aerosol cans with a flammable propellant in this appliance.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

## 3. SETUP

---

### **3.1 Unpacking**

Remove all packaging materials, including tape and protective films. Inspect the refrigerator for any damage during transit. Keep packaging materials away from children.

### **3.2 Placement**

Choose a location with sufficient space for the doors to open fully. Ensure adequate ventilation around the appliance. Maintain a minimum distance of 5 cm (2 inches) from walls and other appliances. Place the refrigerator on a firm, level floor. Use the adjustable feet to level the appliance if necessary.

### **3.3 Electrical Connection**

Connect the power cord to a dedicated 220 Volt, 50 Hz grounded electrical outlet. Do not use extension cords or multiple outlet adapters. Allow the refrigerator to stand upright for at least 2-3 hours before plugging it in to allow the refrigerant to settle.

### **3.4 Initial Cleaning**

Before first use, clean the interior and exterior of the refrigerator with a soft cloth and a mild detergent solution. Rinse thoroughly and dry. Do not use abrasive cleaners or solvents.

### **3.5 Initial Operation**

After plugging in, the refrigerator will begin to cool. Allow it to operate for several hours (at least 4-6 hours) before storing food to ensure it reaches the optimal temperature.

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Temperature Control

The LG GTF916PZPYD features an automatic temperature control system. While specific adjustable temperature control is not listed, the appliance maintains optimal cooling for both the refrigerator and freezer compartments. Avoid frequently opening the doors to maintain stable internal temperatures.

### 4.2 Food Storage

- **Refrigerator Compartment:** Ideal for fresh foods, dairy products, fruits, and vegetables. Use the glass shelves for organized storage.
- **Freezer Compartment:** Suitable for long-term storage of frozen foods. Ensure food is properly sealed to prevent freezer burn.

### 4.3 Door Features

The appliance is equipped with two doors, one for the refrigerator and one for the top-mounted freezer. Ensure doors are closed completely after each use to maintain energy efficiency and proper cooling.

## 5. MAINTENANCE

---

### 5.1 Cleaning the Interior

Clean the interior regularly to prevent odors and maintain hygiene. Unplug the refrigerator before cleaning. Remove all food items and shelves. Wash with a mild detergent and warm water. Rinse and dry thoroughly. Do not use abrasive pads or harsh chemicals.

### 5.2 Cleaning the Exterior

Wipe the exterior surfaces with a soft, damp cloth. For stainless steel finishes, use a specialized stainless steel cleaner. Clean door gaskets regularly to ensure a tight seal.

### 5.3 Condenser Coil Cleaning

For optimal performance and energy efficiency, it is recommended to clean the condenser coils at least once a year. Unplug the appliance. Carefully remove the lower rear cover. Use a vacuum cleaner with a brush attachment to gently remove dust and debris from the condenser coils. Reattach the cover securely.

### 5.4 Defrosting

This refrigerator model features a No Frost system, which automatically prevents ice buildup in both the refrigerator and freezer compartments. Manual defrosting is generally not required.

## 6. TROUBLESHOOTING

---

Before contacting service, review the following common issues and solutions:

Problem	Possible Cause	Solution
Refrigerator not cooling	Power cord unplugged; thermostat set too warm; door left open; poor ventilation.	Check power connection; ensure proper temperature setting; close door fully; ensure adequate space around appliance.
Unusual noises	Appliance not level; items vibrating inside; normal compressor operation.	Adjust leveling feet; rearrange items; some operational sounds are normal.
Water on floor	Drain hose blocked; door not sealing properly.	Clear drain hose; check and clean door gaskets.
Light not working	Light bulb faulty; power issue.	Replace bulb (if user-replaceable); check power supply.

## 7. SPECIFICATIONS

---

Feature	Specification
Brand	LG
Model Number	GTF916PZPYD
Capacity	592 Liters
Configuration	Freezer top
Installation Type	Freestanding
Number of Doors	2
Voltage	220 Volts
Shelf Type	Glass
Cooling Method	Compressor
Adjustable Temperature Control	No
Item Weight	88 Kilograms
Annual Energy Consumption	330 Kilowatt Hours

## 8. WARRANTY AND SUPPORT

Your LG GTF916PZPYD Refrigerator with Freezer is covered by a manufacturer's warranty. Please refer to the warranty card included with your purchase for specific terms and conditions. For technical assistance, service requests, or to inquire about warranty details, please contact LG Customer Support.

You can find contact information for LG Customer Support on the official LG website or through the documentation provided with your appliance.
