Beyution BE-RSB-11

Beyution RSB-11 Replacement Remote Control User Manual

For Klipsch Reference Sound Bar

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Beyution RSB-11 replacement infrared remote control. This remote is designed to be compatible with Klipsch Reference Sound Bar models, specifically the RSB-11. Please read this manual carefully to ensure proper use and to maximize the performance of your remote control.

PRODUCT OVERVIEW

The Beyution RSB-11 is a dedicated replacement infrared remote control for the Klipsch Reference Sound Bar. It offers direct functionality without the need for programming, provided new batteries are installed correctly. Its ergonomic design ensures comfortable handling and easy access to all essential functions of your sound bar.

SETUP: BATTERY INSTALLATION

To begin using your remote control, you must first install the batteries. The remote requires two (2) AAA batteries (not included).

1. Locate the battery compartment on the back of the remote control.
2. Slide the battery compartment cover downwards and remove it.
3. Insert two new AAA alkaline batteries, ensuring the positive (+) and negative (-) terminals align with the markings inside the compartment. **Important:** Always use new alkaline batteries. Rechargeable batteries may not provide sufficient power for optimal operation.
4. Replace the battery compartment cover by sliding it back into place until it clicks securely.

OPERATING INSTRUCTIONS

Once batteries are installed, the remote control is ready for use. Point the remote directly at your Klipsch Reference Sound Bar and press the desired function button.

Button Functions:

- **Power ()**: Turns the sound bar on or off.
- **LED**: Controls the LED indicator on the sound bar.
- **Analog / Digital / TV / HDMI 1 / HDMI 2 / HDMI 3** Selects the audio input source for the sound bar.
- **Playback Controls (/ /)** Rewind, Play/Pause, and Fast Forward functions for compatible media.
- **Volume Up (+) / Down (-)**: Adjusts the main volume level of the sound bar.
- **SUB Up (+) / Down (-)**: Adjusts the subwoofer volume level.
- **Mute ()**: Mutes or unmutes the sound.
- **DIALOG**: Enhances dialogue clarity.
- **((SUR))**: Activates or deactivates surround sound mode.
- **NIGHT**: Engages night mode for reduced dynamic range.

MAINTENANCE

Proper maintenance ensures the longevity and reliable operation of your remote control.

- **Cleaning**: Wipe the remote control with a soft, dry cloth. Do not use liquid cleaners, sprays, or abrasive materials, as these can damage the remote's surface or internal components.
- **Battery Replacement**: Replace batteries when the remote's response becomes sluggish or stops working. Always replace both batteries at the same time with new alkaline batteries. Remove batteries if the remote will not be used for an extended period to prevent leakage.
- **Storage**: Store the remote in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

If you experience issues with your remote control, please refer to the following common solutions:

Problem	Solution
---------	----------

Problem	Solution
Remote is not working or responding.	◦ Ensure you are using new alkaline AAA batteries. Rechargeable batteries may not provide sufficient power. ◦ Check that the batteries are inserted with the correct polarity (+/-). ◦ Ensure there are no obstructions between the remote control and the sound bar's infrared receiver. ◦ Point the remote directly at the sound bar. ◦ Try replacing the batteries with a fresh set of new alkaline batteries.
Some buttons do not function.	◦ Verify that the remote is compatible with your specific Klipsch Reference Sound Bar model (RSB-11). ◦ Ensure the sound bar is powered on and in the correct input mode. ◦ Clean the remote's surface and buttons to ensure no debris is interfering with button presses.
Remote works intermittently.	◦ This often indicates low battery power. Replace batteries with new alkaline ones. ◦ Check for strong light sources (e.g., direct sunlight, fluorescent lights) that might interfere with the infrared signal.

If the issue persists after trying these steps, please contact customer support for further assistance.

SPECIFICATIONS

Feature	Detail
Model Number	BE-RSB-11
Product Dimensions	5 x 2 x 0.6 inches
Item Weight	1.76 ounces
Batteries Required	2 AAA batteries
Connectivity Technology	Infrared
