## Juskys 28481

# Juskys Marli Children's House Bed 80x160 cm Instruction Manual

Model: 28481 | Brand: Juskys

## PRODUCT OVERVIEW

The Juskys Marli Children's House Bed is designed for children aged 3 to 10 years, providing a safe and comfortable sleeping environment. This bed features a solid pine wood frame, a slatted base, and integrated fall protection. Its unique house design allows for personalization, making it a versatile addition to any child's room.

- **Age Range:** Suitable for children from 3 to 10 years old.
- **Sleeping Surface:** 80x160 cm, designed for a healthy sleeping posture.
- **Safety Features:** Equipped with a 3-sided protection grid and edge protection to prevent falls.
- **Construction:** Stable and durable solid pine wood frame with a slatted base, supporting up to 120 kg.
- **Design:** Scandinavian house design with a roof, offering creative customization options.
- **Dimensions:** Overall dimensions of 87 x 166 x 143 cm (Width x Length x Height).

## SETUP INSTRUCTIONS

Assembly of the Juskys Marli Children's House Bed is designed to be straightforward. All necessary components and tools are included in the package. Please follow these steps carefully to ensure proper and safe assembly.

1. **Unpack Components:** Carefully unpack all parts and verify against the included parts list. Ensure all pieces are present and undamaged. Each component is individually numbered, and screws are separately packaged for ease of identification.
2. **Prepare Workspace:** Choose a clean, flat, and spacious area for assembly.
3. **Assemble Bed Frame:** Begin by assembling the main bed frame according to the detailed diagrams in the provided manual. Ensure all connections are secure.
4. **Install Slatted Base:** Place the slatted base onto the designated supports within the bed frame. Ensure it is evenly distributed and securely fitted.
5. **Attach Fall Protection:** Install the 3-sided fall protection grid and edge protection elements. The safety barrier can be positioned on either the right or left side.
6. **Construct Roof Structure:** Assemble the roof components and attach them to the main bed frame.
7. **Final Check:** After assembly, thoroughly check all screws and connections to ensure they are tightened and secure.

Confirm the bed is stable and does not wobble.

## USAGE GUIDELINES

The Juskys Marli Children's House Bed is designed for safe and comfortable use by children.

- **Mattress Compatibility:** Use a mattress compatible with the 80 x 160 cm dimensions. The mattress is not included with the bed.
- **Weight Capacity:** The bed is designed to support a maximum weight of 120 kg. Do not exceed this limit.
- **Safety Barriers:** The integrated safety barriers provide fall protection. Ensure they are always properly installed and secured when the bed is in use by a child.
- **Climbing:** The design allows for easy entry and exit from one side, while the other sides offer protection.
- **Customization:** The house bed design can be personalized with decorations such as canopies, LED fairy lights, or curtains to create a unique space for your child.

## MAINTENANCE

To ensure the longevity and safety of your Juskys Marli Children's House Bed, regular maintenance is recommended.

- **Cleaning:** Wipe the wooden surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Inspecting Connections:** Periodically check all screws, bolts, and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Wood Care:** The bed is made of solid wood. Protect it from extreme temperature changes and direct sunlight to prevent warping or cracking.
- **Slatted Base:** Ensure the slatted base remains intact and free from damage. Replace any broken slats immediately.

## TROUBLESHOOTING

If you encounter any issues with your Juskys Marli Children's House Bed, refer to the following common solutions.

Problem	Possible Cause	Solution
Bed feels unstable or wobbly.	Loose screws or improper assembly.	Check all connections and tighten any loose screws. Refer to the assembly instructions to ensure all parts are correctly fitted.
Squeaking noises.	Loose connections or friction between wood parts.	Tighten all screws. If squeaking persists, apply a small amount of furniture wax or silicone spray to friction points.
Damage to wooden parts.	Impact during use or assembly.	For minor scratches, use a wood repair kit. For significant damage affecting structural integrity, contact customer support for replacement parts.

## SPECIFICATIONS

---

**Brand:** Juskys

## SAFETY WARNINGS

Please observe the following safety warnings to prevent accidents and ensure safe use of the bed:

- **Assembly:** During assembly, ensure correct installation according to the instructions to prevent instability or tipping.
- **Weight Limit:** Do not exceed the maximum load capacity of 120 kg.
- **Sharp Edges/Pinch Points:** Handle sharp edges and potential pinch points with caution during assembly and use.
- **Regular Checks:** Regularly inspect the bed for any loose parts, damage, or wear that could compromise safety.
- **Supervision:** Always supervise young children, especially when they are playing in or around the bed.
- **Modifications:** Do not modify the bed structure or use non-original parts, as this may compromise its safety and stability.
