1. PRODUCT OVERVIEW

The Polibi Twin Size Wooden Platform Bed (Model WF196520AAK) is designed for comfort and durability. Featuring a paneled headboard and footboard, this bed frame integrates seamlessly with various home decor styles. Constructed from high-quality MDF and pine wood, it includes strong wooden slats and additional support legs to accommodate memory foam, latex, or spring mattresses without the need for a box spring. The design also offers 9.2 inches of under-bed clearance, providing convenient storage space.

Figure 1.1: Fully assembled Polibi Twin Size Wooden Platform Bed in white.

2. SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Keep all hardware and small parts out of reach of children.
- Assemble the bed on a soft, clean surface (e.g., carpet) to prevent scratching.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as needed.
- Do not exceed the maximum weight capacity of 400 lbs.
- Avoid standing or jumping on the bed frame.
- Use only the recommended mattress thickness of 8-10 inches.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components and hardware are present. If any parts are missing or

damaged, contact customer support immediately.

Components:

- Headboard (1)
- Footboard (1)
- Side Rails (2)
- Wooden Slats (10)
- Center Support Legs (3)

Hardware:

- Bolts, Screws, Washers (various sizes)
- Hex Key / Allen Wrench (1)

4. ASSEMBLY INSTRUCTIONS

Estimated Assembly Time: 30-60 minutes. Two people are recommended for easier assembly.

Step 1: Attach Side Rails to Headboard and Footboard

Align the side rails with the pre-drilled holes on the headboard and footboard. Secure them using the provided bolts and washers. Ensure the slat support ledges on the side rails face inward.

Figure 4.1: Detail of side rail attachment to the headboard/footboard posts.

Step 2: Install Center Support Legs

Attach the three center support legs to the designated crossbeams or slats. These legs provide additional stability and weight distribution for the mattress.

Figure 4.2: Example of a bed leg securely attached to the frame.

Step 3: Place Wooden Slats

Distribute the 10 wooden slats evenly across the side rail support ledges. Secure each slat to the side rails using the provided screws. This step is crucial for mattress support and bed stability.

Figure 4.3: Wooden slats properly installed across the bed frame.

Figure 4.4: Detail of the slat support system ensuring mattress stability.

Step 4: Final Tightening

Once all components are assembled, go back and carefully tighten all bolts and screws using the hex key. Do not overtighten, but ensure all connections are firm and secure.

5. USAGE AND OPERATING GUIDELINES

Mattress Placement

Place your twin-size mattress directly onto the wooden slats. A box spring is not required for this platform bed. Ensure the mattress is centered and fits within the frame dimensions.

Under-Bed Storage

The bed offers approximately 9.2 inches of clearance from the slats to the floor, providing space for storage bins or other items. Utilize this area to keep your room organized and clutter-free.

6. MAINTENANCE

- **Cleaning:** Wipe the wooden surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware Check:** Periodically (every 3-6 months) inspect all bolts and screws. Re-tighten any loose hardware

to maintain the bed's stability and prevent squeaking.

- **Avoid Moisture:** Keep the bed away from excessive moisture or direct sunlight to prevent warping or fading of the wood.

7. TROUBLESHOOTING

Squeaking Noises:

- **Solution:** Check all bolts and screws and tighten them securely. Loose connections are a common cause of squeaking.
- **Solution:** Ensure slats are properly seated and secured. If a slat is rubbing against the frame, a thin piece of felt or fabric can be placed between them.

Bed Feels Unstable:

- **Solution:** Verify that all support legs are firmly on the floor and not damaged.
- **Solution:** Re-check all assembly steps to ensure no parts were missed or incorrectly installed.

8. PRODUCT SPECIFICATIONS

Model Number	WF196520AAK
Size	Twin
Product Dimensions (L x W x H)	76"L x 41.9"W x 36"H
Color	White
Material	MDF, Pine Wood
Weight Capacity	400 lbs
Item Weight	46 pounds
Recommended Mattress Thickness	8-10 inches
Assembly Required	Yes
UPC	195358109939

SIZE:INCH
