## Diecast Masters 71071

# Diecast Masters 71071 Peterbilt 579 UltraLoft Day Cab with Chromed Refer Instruction Manual

Model: 71071 | Brand: Diecast Masters

## INTRODUCTION

This manual provides essential information for the proper handling, display, and care of your Diecast Masters 1:50 scale Peterbilt 579 UltraLoft Day Cab SBFA with 53' Chromed Refer diecast model. This highly detailed replica is part of the Transport Series, designed for collectors aged 14 years and older.

## SAFETY INFORMATION

This product is a scale model intended for display and collection, not a toy. It contains small parts that may pose a choking hazard. Keep out of reach of children under 14 years of age. Handle with care to avoid damage to the model or injury from sharp edges.

## PACKAGE CONTENTS

Your Diecast Masters model package should contain the following:

- One (1) 1:50 scale Peterbilt 579 UltraLoft Day Cab SBFA truck model
- One (1) 1:50 scale 53' Chromed Refer trailer model
- Protective packaging (cardboard box with full-color outer sleeve)

Inspect all components upon receipt. If any parts are missing or damaged, contact customer support.

## SETUP AND DISPLAY

Carefully remove the model from its packaging. The model is designed for display on a flat, stable surface. Ensure the display area is free from direct sunlight, excessive heat, and humidity to preserve the model's finish and integrity.

The truck cab and trailer are typically connected for display. If separated for packaging, gently align the trailer's kingpin with the fifth wheel on the truck's chassis and carefully lower the trailer until it locks into place. Avoid forcing components.

## OPERATING (HANDLING AND DISPLAY)

This diecast model is primarily for static display. When handling, always grasp the main body of the truck and trailer. Avoid holding by delicate parts such as mirrors, antennas, or landing gear, as these can be fragile.

- **Movement:** While the wheels are functional, the model is not designed for extensive play. Roll gently on smooth surfaces if repositioning.
- **Articulation:** The truck and trailer are designed to articulate at the fifth wheel connection, allowing for realistic posing.

## MAINTENANCE AND CARE

---

To maintain the appearance and longevity of your diecast model, follow these care instructions:

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the model. For stubborn dirt, a slightly damp cloth with plain water can be used, followed immediately by a dry cloth. Avoid abrasive cleaners, solvents, or harsh chemicals, as these can damage the paint and finish.
- **Storage:** If storing the model, return it to its original packaging or a protective display case to prevent dust accumulation and accidental damage.
- **Environment:** Keep the model away from extreme temperatures, high humidity, and direct sunlight, which can cause fading or material degradation over time.

## TROUBLESHOOTING

---

Most issues with a static diecast model are related to handling or environmental factors.

Issue	Possible Cause	Solution
Dust accumulation	Exposure to open air	Gently wipe with a soft, dry cloth. Consider a display case.
Fading paint/decals	Prolonged exposure to direct sunlight	Relocate the model to an area away from direct sunlight.
Loose or detached small parts	Rough handling or manufacturing defect	For minor parts, a small amount of model-safe adhesive may be used. For significant defects, contact customer support.
