

## N-Gear DB 420

# N-GEAR Drum Block 420 Bluetooth Speaker User Manual

Model: DB 420

## INTRODUCTION

The N-GEAR Drum Block 420 is a versatile and portable Bluetooth speaker designed for various entertainment purposes. It combines a powerful 50-watt audio output with integrated drum pads, a karaoke function including a microphone, and a power bank feature. This manual provides essential information for setting up, operating, and maintaining your Drum Block 420 speaker.

**Figure 1:** N-GEAR Drum Block 420 Bluetooth Speaker. The speaker is black with a blue illuminated speaker cone. Included drumsticks and a wired microphone are shown alongside the unit.

## PRODUCT FEATURES

---

- **50 Watts Output:** Delivers powerful audio for various settings.
- **Integrated DrumBox:** Features 5 drum pads and 3 cymbal pads on the top panel, transforming the speaker into a musical instrument. Drumsticks are included.
- **Karaoke Function:** Includes a wired microphone for singing along or making announcements.
- **Bluetooth Connectivity:** Wirelessly stream audio from compatible devices.
- **Aux-In Connection:** Allows for wired audio input from external sources.
- **Portable Power:** Operates on AC power or built-in battery with up to 6 hours of autonomy.
- **Illuminated Speaker:** Features a blue retro-illuminated speaker for visual effect.
- **Power Bank Function:** Provides an option to charge other devices.

## PACKAGE CONTENTS

---

Ensure all items are present in the package:

- N-GEAR Drum Block 420 Speaker Unit
- Wired Microphone
- Drumsticks (pair)
- Power Cable
- User Manual (this document)

## SETUP

---

### 1. Charging the Speaker

Before first use, fully charge the speaker's internal Lithium-ion battery.

1. Connect the provided power cable to the speaker's power input port.
2. Plug the other end of the power cable into a standard electrical outlet.
3. The charging indicator light will illuminate. Allow several hours for a full charge.
4. Once fully charged, the speaker provides up to 6 hours of playback time.

### 2. Connecting the Microphone

To use the karaoke function or for announcements:

- Locate the microphone input jack on the speaker.
- Insert the plug of the wired microphone firmly into the microphone input jack.
- Adjust the microphone volume using the dedicated control knob on the speaker.

### 3. Powering On/Off

- To power on, press and hold the Power button until the display or indicator lights activate.
- To power off, press and hold the Power button again until the unit shuts down.

## OPERATING INSTRUCTIONS

---

## 1. Bluetooth Connection

Connect your smartphone, tablet, or other Bluetooth-enabled device to the speaker.

1. Ensure the speaker is powered on and in Bluetooth mode (indicated by a specific light or display icon).
2. On your device, enable Bluetooth and search for available devices.
3. Select "N-GEAR Drum Block 420" from the list of found devices.
4. Once paired, the speaker will confirm the connection, and you can begin streaming audio.

## 2. Aux-In Connection

For devices without Bluetooth or for a wired connection:

- Connect one end of a 3.5mm audio cable (not included) to the Aux-In port on the speaker.
- Connect the other end of the cable to the headphone jack or audio output of your external device.
- Switch the speaker to Aux-In mode (if applicable).
- Adjust the volume on both the speaker and your connected device.

## 3. DrumBox Function

The top panel of the speaker features integrated drum pads.

- Use the included drumsticks to play the 5 drum pads and 3 cymbal pads.
- Experiment with different pads to produce various drum sounds.
- The drum sounds will be played through the speaker's main output.

## 4. Karaoke Function

With the microphone connected, you can sing along to music or use it for public speaking.

- Ensure the microphone is securely plugged into the microphone input.
- Adjust the microphone volume using the dedicated knob.
- Play music via Bluetooth or Aux-In, and your voice from the microphone will be mixed with the audio.

## 5. Power Bank Function

The speaker can be used to charge other USB-powered devices.

- Locate the USB output port on the speaker.
- Connect your device's USB charging cable to this port.
- The speaker will begin charging your device. Note that using this function will reduce the speaker's battery life.

## 6. Light Effects

The speaker features a blue retro-illuminated speaker cone.

- The illumination typically activates automatically when the speaker is powered on.
- Refer to the control panel for any dedicated light effect buttons or modes, if available.

## MAINTENANCE

### 1. Cleaning

- Ensure the speaker is powered off and unplugged before cleaning.
- Use a soft, dry cloth to wipe the exterior surfaces.
- Do not use abrasive cleaners, waxes, or solvents.
- Avoid getting moisture into any openings. The product is listed as waterproof, but direct water exposure to ports should be avoided.

## 2. Storage

- Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- If storing for an extended period, charge the battery periodically to maintain its health.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Battery is depleted; Power cable not connected.	Charge the speaker fully; Ensure power cable is securely connected to both speaker and outlet.
No sound from speaker	Volume too low; Incorrect input mode; Device not connected properly.	Increase speaker and device volume; Select correct input mode (Bluetooth/Aux-In); Reconnect device.
Bluetooth not pairing	Speaker not in pairing mode; Device Bluetooth off; Too far from speaker.	Ensure speaker is in Bluetooth pairing mode; Turn on device Bluetooth; Move device closer to speaker (within 10 meters).
Microphone not working	Microphone not plugged in; Microphone volume too low.	Ensure microphone is securely plugged into its input; Increase microphone volume knob.

## SPECIFICATIONS
