ZAGG Pro Stylus Instruction Manual

Model: 109906908

Introduction

Welcome to the ZAGG Pro Stylus user manual. This guide provides comprehensive instructions for setting up, operating, maintaining, and troubleshooting your new stylus. The ZAGG Pro Stylus is designed to enhance your digital experience on compatible iPad devices, offering precision and versatility for various tasks.

What's in the Box:

- Pro Stylus
- Quick Start Guide

Product Overview

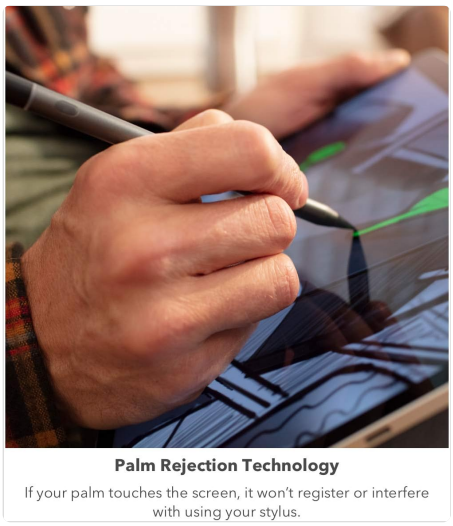

The ZAGG Pro Stylus is a versatile tool featuring dual tips and advanced functionalities to optimize your workflow.

The ZAGG Pro Stylus, presented in its sleek gray finish.

Dual-Tip Design: Features an active tip for precise writing and drawing, and a capacitive back-end tip for effortless navigation and scrolling.

Palm Rejection Technology: Allows you to rest your palm comfortably on the screen without interfering with your stylus input.

App Compatibility: Works seamlessly with all applications that support the Apple Pencil.

Attaches Magnetically

The Pro Stylus attaches magnetically to the iPad Pro 11 & iPad Pro 12.9.

Magnetic Attachment: Securely attaches to the side of compatible iPad Pro 11 and iPad Pro 12.9 models for convenient storage.

Long-lasting Battery

The Pro Stylus lasts up to eight hours. Use the Type-C charging cord to recharge in just one hour and 25 minutes.

USB-C Charging: Fast charging via USB Type-C port, providing long-lasting battery life.

LED Power Indicator

Holding the Power button for 2 seconds will activate the LED Power Indicator that displays current battery life.

LED Power Indicator: Displays current battery life, ensuring you know when to recharge.

An official overview video demonstrating the features and benefits of the ZAGG Pro Stylus.

Setup

Initial Charging

Before first use, fully charge your ZAGG Pro Stylus. Connect the included USB Type-C charging cable to the stylus and a compatible power source. The LED indicator will show charging status and battery life. A full charge takes approximately 1.5 hours and provides up to 8 hours of continuous use.

Pairing with Your iPad

The ZAGG Pro Stylus features instant Bluetooth pairing. Simply bring the stylus close to your compatible iPad (2018 models and newer), and it will automatically pair. No complex Bluetooth settings are required.

Magnetic Attachment

For convenient storage and to keep your stylus handy, the ZAGG Pro Stylus can magnetically attach to the edge of iPad Pro 11 and iPad Pro 12.9 models.

Operating Instructions

Using the Dual Tips

- **Active Tip:** Use the fine active tip for precise tasks such as writing, drawing, sketching, and marking documents. This tip offers high accuracy and smooth lines.
- **Capacitive Back-End Tip:** The broader, capacitive tip is ideal for general navigation, scrolling through web pages, and interacting with apps without needing to switch modes.

Palm Rejection

The integrated palm rejection technology allows you to rest your hand naturally on the iPad screen while using the stylus, preventing unintended marks or inputs from your palm.

Tilt Recognition

The stylus supports tilt recognition, enabling you to vary the width of your strokes by tilting the stylus, similar to using a traditional pencil. This feature is particularly useful for artistic applications and shading.

LED Indicator

The LED indicator on the stylus provides visual feedback on its power status. A green light indicates sufficient charge, while a red light indicates low battery. Refer to the quick start guide for specific LED patterns and their meanings.

Maintenance

Cleaning Your Stylus

To maintain optimal performance, regularly clean your ZAGG Pro Stylus. Use a soft, lint-free cloth to wipe down the body of the stylus. For the tips, gently wipe them to remove any dust or debris. Avoid using harsh chemicals or abrasive materials.

Tip Replacement

The active tip of your ZAGG Pro Stylus is designed for durability, but may wear down over time with extensive use. A

spare tip is included in the box. To replace the tip, gently unscrew the old tip and screw on the new one until secure. Ensure the stylus is powered off before replacing the tip.

Troubleshooting

Stylus Not Responding or Turning On

- **Check Battery:** Ensure the stylus is sufficiently charged. Connect it to the USB-C charger and observe the LED indicator.
- **Restart Stylus:** Press and hold the power button for a few seconds to turn it off, then press again to turn it back on.
- **Restart iPad:** Sometimes, restarting your iPad can resolve connectivity issues.
- **Re-pair:** If the stylus is not connecting, try unpairing it from your iPad's Bluetooth settings (if listed) and then bring it close to the iPad again for automatic re-pairing.

Inaccurate or Skipping Strokes

- **Clean Screen and Tip:** Ensure both your iPad screen and the stylus tip are clean and free of smudges or debris.
- **Check Tip Condition:** Inspect the active tip for any signs of wear or damage. Replace the tip if it appears worn.
- **App Compatibility:** Verify that the application you are using fully supports stylus input and Apple Pencil features.

Palm Rejection Not Working

- **App Settings:** Some drawing or note-taking apps have their own palm rejection settings. Check the app's preferences to ensure it's enabled.
- **iPad Compatibility:** Ensure your iPad model is compatible with the palm rejection feature of the ZAGG Pro Stylus.

Specifications

Brand	ZAGG
