Lamicall LN09

Lamicall Adjustable Laptop Stand

Model: LN09

INTRODUCTION

Thank you for choosing the Lamicall Adjustable Laptop Stand. This portable aluminum stand is designed to elevate your laptop to an ergonomic viewing height, reducing neck, shoulder, and spinal pain. Its foldable design makes it ideal for use at home, in the office, or while traveling. This manual provides essential information for setting up, operating, and maintaining your laptop stand.

PRODUCT FEATURES

- **Wide Compatibility:** Compatible with all laptops from 10" up to 17.3", including popular models like MacBook, Surface Laptop, Dell XPS, HP, ASUS, Acer, and Chromebook.
- **Adjustable & Portable Design:** Easily adjust height and angle. Folds flat for convenient storage and portability in a laptop bag.
- **Upgrade Large Base:** Constructed from high-quality aluminum alloy with a larger, heavier base for enhanced stability, preventing shaking, sliding, or falling.
- **Ergonomic Design:** Elevates the laptop screen to eye level to promote better posture and alleviate discomfort in the neck, shoulders, and spine.
- **Heat Dissipation:** Multiple ventilation holes provide improved airflow to cool your laptop and prevent overheating. Anti-skid silicone pads and smooth edges protect your device from scratches and ensure stability.

SETUP INSTRUCTIONS

The Lamicall Adjustable Laptop Stand comes pre-assembled and requires no tools for setup. Follow these steps to prepare your stand for use:

1. **Unfold the Stand:** Gently pull the top and bottom platforms apart. The two hinged arms will extend.
2. **Adjust Height and Angle:** Position the arms to achieve your desired height and viewing angle. The hinges are designed to be stiff to ensure stability once set.
3. **Place Your Laptop:** Carefully place your laptop onto the top platform, ensuring it rests securely against the anti-skid silicone pads and the front stoppers.

Lamicall

Less is More

- Focusing on the relations with more and more smart devices, Lamicall is always trying to redefine it by developing various types of stands.
- For different devices and different scene. Less change in habits, more convenience for daily use.

OPERATING INSTRUCTIONS

Once set up, the Lamicall Adjustable Laptop Stand provides a stable and ergonomic platform for your device. Consider the following for optimal use:

- **Ergonomic Positioning:** Adjust the stand so that the top of your laptop screen is at or slightly below eye level. This helps maintain a neutral neck posture.
- **External Peripherals:** For extended typing sessions, consider using an external keyboard and mouse. This allows you to keep your wrists in a neutral position while your screen is elevated.
- **Heat Management:** The stand's open design and ventilation holes facilitate natural airflow, preventing your laptop from overheating during prolonged use.

MAINTENANCE

To ensure the longevity and optimal performance of your Lamicall Adjustable Laptop Stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the stand regularly with a soft, damp cloth to remove dust and smudges. Avoid abrasive cleaners or solvents that could damage the aluminum finish or silicone pads.
- **Inspection:** Periodically check the hinges and joints for any signs of wear or looseness. The stand is designed for durability, but regular inspection helps identify potential issues early.
- **Storage:** When not in use or for travel, fold the stand flat to protect its components and save space.

TROUBLESHOOTING

If you encounter any issues with your Lamicall Adjustable Laptop Stand, refer to the following common solutions:

- **Stand is too stiff to adjust:** The hinges are intentionally designed to be firm to provide stability. Apply steady, even pressure when adjusting. Over time, they may loosen slightly with use.
- **Laptop feels unstable:** Ensure your laptop is centered on the platform and resting fully against the front stoppers and silicone pads. Verify that the stand is placed on a flat, stable surface.
- **Scratches on laptop/desk:** Confirm that all silicone pads are intact and properly positioned on the stand. These pads are designed to prevent scratches.

SPECIFICATIONS

Brand	Lamicall
Model Number	LN09
Material	Aluminum Alloy
Color	Silver
Item Weight	2.11 ounces
Product Dimensions (LxWxH)	12 x 10 x 2 inches
Compatible Devices	Laptops 10"-17.3" (e.g., MacBook Air/Pro, Surface Pro, Dell XPS, HP, ASUS, Acer, Chromebook)

SAFETY INFORMATION

- Do not overload the stand beyond its intended weight capacity.
- Ensure the stand is placed on a stable, flat surface to prevent tipping.
- Keep fingers clear of hinges during adjustment to avoid pinching.
- Do not attempt to modify or disassemble the stand, as this may compromise its stability and void any potential warranty.
